Many of you know that the SATELLITES conference that Dr. Kevin P. Czajkowski (Dr.C) holds each year will be on Tuesday, May 7 from 4-8 pm at Penta Career Center. If you have a poster you would like to present, please let Dr.C know the title. Also, if you are not presenting, please consider being a judge for the 4-12 grade projects. This year there will be presentations from Kent State and the University of Akron. We will have gift cards of $100 - 1st, $50 - 2nd and $25 - 3rd this year.

Please join us at the
2013 SATELLITES Conference at Penta Career Center in Perrysburg, OH May 7, 2013 4-8 pm.

SATELLITES Conference Registration
The SATELLITES Conference will be held at Penta Career Center in Perrysburg, OH once again this year. It will be Tuesday, May 7, 2013 from 4 pm to 8 pm. Pizza and pop and water will be provided for dinner.

Area students will be participating in the OhioView SATELLITES Geospatial Technology Conference on May 7 from 4:00 p.m. to 8:00 p.m. at Penta, 9301 Buck Road in Perrysburg. Students from K-12 schools and universities will present projects that were developed using their own inquiry-based research using geospatial technologies. Student projects will be evaluated for scientific quality and awards will be presented to the highest scoring teams in elementary, middle and high school and university.

For more information, go to http://satellitesk12.org and look under CONFERENCE INFO heading to get more information.

Please register your students for the conference by: Friday April 26, 2013. For each team that you bring I need to know the following:

1. Title of their poster.
2. Names of all students on that poster
3. Grade of the students on that poster
4. Signed Photo Release Forms

Send this information to kczajko@utnet.utoledo.edu

Students will be broken into grade levels: elementary, middle, high school and college for the judging. We encourage all students to present their posters at the conference.

Virtual Conference
For those schools that are not able to travel to Perrysburg for the face-to-face conference, they can enter the SATELLITES Virtual Conference. Students can make a video of their poster and then post it via the internet on http://TeacherTube.com. The video will have to be in an electronic form. It can be a power point presentation with voice annotation or it can be made with a digital camera. Instructions for how to upload videos can be found on the http://satellitesk12.org website. The deadline to post videos to the virtual conference is May 18, 2013.

Please register your students for the virtual conference by: Friday April 26, 2013. For each team that you bring I need to know the following:

1. Title of their poster
2. Names of all students on that poster
3. Grade of the students on that poster
