“Education is not a product: mark, diploma, job, money in that order; it is a process, a never-ending one” – Bel Kaufman

“You are fully aware that what works for you won’t work for everyone. But that awareness won’t keep you from sharing your opinions and stories just in case someone else can benefit from what you’ve already figured out.” – Mathis Holiday

“Discussion is an exchange of knowledge; an argument an exchange of ignorance.” – Robert Quillen

“Rules are not necessarily sacred, principles are.” – President Franklin D. Roosevelt

Instructor: Dr. M. F. Tiamiyu
Email: mojisola.tiamiyu@utoledo.edu
Office Hours: MW, 10:00 AM - 12:00 PM and by appt.
Office Location: UH 1063
Office Phone: 419-530-2853
Term: Fall 2016 (August 22, 2016 – December 16, 2016)

Class Location: HSHS 1500
Class Day/Time: Mondays and Wednesdays/12:30-1:45 PM
Course Website: https://blackboard.utoledo.edu
Personal Website: http://homepages.utoledo.edu/mtiamiy/
Credit Hours: 3

COURSE/CATALOG DESCRIPTION
Emphasizes research and theory from conception through old age, and integrates important developmental issues within a lifespan approach.

COURSE OVERVIEW
In this broad-based and fast-paced Web-assisted course, we take a life-span approach to human developmental patterns and processes from conception to death, across cultures and development. In particular, we will discuss the basic physical, cognitive, and social processes at work during each age period (e.g., infancy, childhood, adolescence, and adulthood); external influences affecting these processes; and the relationships among the various threads of development in each age period. This course will provide opportunities for you to draw on your own experiences as you weigh research and ideas we come across. This course should also help you to relate knowledge about how humans develop not only to careers in psychology, but also to many others such as teaching, nursing, medicine, social work, education, law enforcement, and parenthood.

Related TAGs: Psychology (OSS 048)

STUDENT LEARNING OUTCOMES (SLO)
Upon completion of this course, the student will be able to:
1. Assess the biological, cognitive, cultural, environmental and social factors that influence development throughout the lifespan.
2. Evaluate current and past research in the study of the lifespan guided by theories within developmental psychology.
3. Apply developmental psychology principles to daily life throughout the lifespan.
4. Detect myths and misconceptions regarding human development throughout the lifespan.
5. Describe methodological approaches used to study development.
6. Assess and critically analyze theories, research methodology and findings (outcomes), and applications developed by developmental psychologists and made available through diverse media (e.g., textbooks, newspapers, professional and lay periodicals, and the Internet).

7. Seize opportunities to engage in clear thinking and clear writing without the use of electronic devices.

8. Demonstrate ability to engage in class discussions and efficiently complete exams/other assignments.

MY TEACHING PHILOSOPHY

I am committed to facilitating students' understanding of the lived experiences of various groups in western and non-western societies from multiple perspectives. Thus, in sharing my understanding of the lived experiences of these groups with my students, the issue of diversity (as defined in its broadest sense), is always emphasized. I began teaching in a Nigerian university over 30 years ago (this is the beginning of my 20th year at UT), and having pursued my undergraduate studies in Nigeria and my graduate studies in Canada, I have firsthand experience of the challenges we all face because of our multiple roles in society. Juggling academic schedules, work and family commitments build character and resilience. I expect students to take responsibility for their learning by reading the required textbook, engaging in outside the classroom reading related to the course, completing and submitting assignments by the due date and time, and always attending class, ready to participate in discussions and activities. These are indications of a positive attitude, which is a key ingredient to realizing our goals in this course. The classroom experience should be interactive and cooperative in nature. It should also be an “AHA!” experience (i.e., insightful). I am also committed to creating a positive learning environment where learning is not a “spectator” sport. In class, students are encouraged to talk about what they are learning, write about it, relate it to past experiences, and apply it to their daily lives and to real life problems / issues. In summary, my teaching philosophy guides my expectations of students.

P.S. You can also read my “Professor Intro.” on our Bb course Web site

Electronics, etc.: Please, as a matter of courtesy turn off anything that may “beep” and put your cell phone on vibrate during class. Laptops, iPods, headphones and other such gadgets are NOT allowed in class, unless I have received necessary academic accommodation documentation from the UT Students Disability Services Office, but feel free to leave the classroom to use your cell phone. Students should also minimize noisy distractions with backpacks, books, popping chewing gum, tapping of pencil, chatting with friends, or packing up while I am still speaking and other disruptive behaviors during class. Furthermore, no reading of newspapers and other non-course related materials once class begins. Finally, please no sleeping, canoodling and other public display of affection in class. Thank you.

TEACHING STRATEGIES

This course is designed to stimulate student learning through several types of learning experiences.

Readings: Readings will be organized according to the course calendar provided towards the end of this syllabus, and any necessary changes will be announced ahead of time. Each student is responsible for completing the assigned reading preferably prior to coming to the classroom, but definitely in preparation for exams.

PowerPoint Slides: PowerPoint slide presentations, as a mode of teaching, will be used to highlight and/or amplify information relevant to the topics to be covered in the course. The notes on the PowerPoint slides are primarily based on the required textbook.

Discussion facilitation: Facilitation of class discussion, as a mode of teaching and learning, will be used to highlight and/or amplify information relevant to the topics to be covered in the course. I will guide in-depth class discussion around the day’s topics as organized according to the course schedule provided towards the end of this syllabus. The class discussion will focus on some important topics for the day; we CANNOT address ALL the important topics because of time limitation. We would have spirited class discussions if students have read the assigned chapters in our textbook before coming to class. I will also make available on our Blackboard course Web site Food For Thought (FFT) / Class Discussion Guide sheets that will consist of questions/issues to consider as you read the assigned chapters and prepare for our class discussions and/or quizzes.

Video Clips: Video clips will be used to highlight and/or amplify topics discussed in class when appropriate.

PREREQUISITES AND COREQUISITES

Completion of Introduction to Psychology.
REQUIRED TEXT
Acquire only **ONE** of the following:
2. Loose-leaf (likely to be a much less expensive format to the above): ISBN: 9780133773644

TECHNOLOGY REQUIREMENTS

Technical Skills
In order to succeed in this course, it will be important for students to possess basic computing skills involving document creation, editing, manipulation, and communication, as well as using a learning management system.

Browser Check Page
Students need to have access to a properly functioning computer throughout the semester. The Browser Check Page will enable you to perform a systems check on your browser, and to ensure that your browser settings are compatible with Blackboard, the course management system that hosts this course:
http://www.utoledo.edu/utlv/Bb9BrowserCheck/innovation/blackboard/browsercheck.html

Software
Student computers need to have recent software and the necessary tools to be kept free of viruses and spyware. The computer needs to run the following software, available in the Online Learning Download Center at http://www.utoledo.edu/dl/main/downloads.html:

- Word Processing Software (e.g., Microsoft Word)
- Adobe Acrobat Reader
- Internet Browser (e.g., Firefox, Chrome, IE, Safari)

Internet Service
High-speed Internet access is recommended in downloading information and completing online quizzes/exams.

Use of Public Computers
If using a public library or other public access computer, please check to ensure that you will have access for the length of time required to complete tasks and quizzes/exams. A list and schedule for on-campus computer labs is available at http://www.utoledo.edu/it/CS/Lab_hours.html.

UT Virtual Labs
Traditionally, on-campus labs have offered students the use of computer hardware and software they might not otherwise have access to. With UT’s Virtual Lab, students can now access virtual machines loaded with all of the software they need to be successful using nothing more than a broadband Internet connection and a web browser. The virtual lab is open 24/7 and 365 days a year at http://www.utoledo.edu/it/VLab/Index.html.

UNIVERSITY POLICIES

Policy Statement on Non-Discrimination on the basis of Disability (ADA)
The University is an equal opportunity educational institution. Please read The University’s Policy Statement on Nondiscrimination on the Basis of Disability Americans with Disability Act Compliance.

Academic Accommodations
The University of Toledo is committed to providing equal access to education for all students. If you have a documented disability or you believe you have a disability and would like information regarding academic accommodations/adjustments in this course please contact the Student Disability Services Office.

Title IX
Title IX makes it clear that violence and harassment based on sex and gender are Civil Rights offenses subject to the same kinds of accountability and the same kinds of support applied to offenses against other protected categories such as race,
national origin, etc. If you or someone you know has been harassed or assaulted, you can find the appropriate resources here.

Complaints can be reported online:
UT’s Title IX coordinator: https://www.utoledo.edu/offices/oid/title-ix/index.html

ACADEMIC POLICIES
As a student in my course and enrolled at The University of Toledo you should be familiar with the policies that govern the institution’s academic processes, for example, Academic Dishonesty, Enrollment Status, and Grades and Grading. Please read Undergraduate Academic Policies.

Academic dishonesty will not be tolerated. Please read The University’s Policy Statement on Academic Dishonesty available at http://www.utoledo.edu/dl/students/dishonesty.html. For additional academic policies, please read the Course Expectations section below.

Students are expected to attend every class meeting of courses in which they are registered. Please read the Missed Class Policy.

COURSE EXPECTATIONS
Syllabus Quiz: Students will be taking a short online quiz via the Exam Room on our Blackboard course Web site, during the first week of the semester, to assess their understanding of the syllabus content. The link to the quiz will be available at the beginning of the first week of classes (i.e., 2:00 PM on Monday, 8/22/16). Students will not be able to see their quiz scores until after the quiz due date (i.e., 11:59 PM on Sunday, 8/28/16) when all students must have completed this assignment. I will make an announcement informing students as to when their quiz scores and the most appropriate responses to the quiz items are available on our Blackboard course Web site (My Grades).

In-class Activities: Students will be engaging in in-class activities (IAs), most of which will be legibly hand-written assignments that will be individually submitted during class or before leaving the classroom for grading (DO NOT submit assignments on behalf of another student). In order not to lose points: A) Include at the TOP RIGHT corner of each day’s submission your LAST then first name (e.g., Smith, Jennifer); B) Have a creative and related subheading for each activity (e.g., issue / question) in the order they are assigned; C) Write with a pencil or black / blue ink pen ONLY; D) Underline and/or number your responses to issues / questions as appropriate; and E) After EACH activity (e.g., issue / question) has been completed, and before we move on to the next topic, PLACE your answer sheet under your seat. Always bring at least two 8” x 11” white sheets of ruled / un-ruled paper with smooth edges to class (I recycle submitted sheets of paper at the end of the semester). Students should get back to our Teaching Assistant (TA) as quickly as possible if they have any questions about their IA scores, that is, before the scores for the following IA submissions are posted. For example, when you receive an announcement that IA10 scores have been posted, please check your score as soon as possible on Bb (My Grades) and contact our TA, if need be. After IA11 scores have been posted, students cannot inquire about IA10 scores. So, the earlier you make your inquiries about an IA score the better.

Making Up In-Class Activities
This is a Web-assisted course (NOT a fully DL / Web-based course) hence participation in in-class activities is a major requirement (about 35% of your final grade). If your work / another schedule will NOT permit you to attend classes regularly, please consider taking this course at a more convenient time – missing classes will adversely affect your final grade. Once in a while, however, students have good reasons for missing class. Making up a day’s in-class activities will be allowed, maximum three (3) times during the semester, for legitimate health or personal reasons (with acceptable excuse documentation). Students who fall into either of these two categories should email me as soon as possible. In addition, to obtain a make-up assignment, students will need to email me a scanned copy of documentation (as a Microsoft Word / JPEG / PDF attachment) that covers the day they miss class up to the day before they contact me. (Students will lose 4 points for each day that their excuse documentation does not cover.) I will contact the student as to whether documentation is acceptable and send the make-up assignment (e.g., ask you to respond in written form to some course-related questions). To earn any of the allotted points, an assignment must also be completed and emailed back to me as an attachment (Microsoft Word document ONLY) within 24 hours that it is assigned.

P.S.: With no acceptable excuse documentation received by me, students will not earn any of the allotted points for the missed day or in-class activities. If submitting a doctor’s note, please REMOVE the health condition(s) stated therein.
P.P.S.: Joining the class after the term has officially started is not an acceptable excuse to make up missed in-class activities.
P.P.P.S. Students CANNOT make up missed in-class Extra Credit Opportunities /Activities.

Web-delivered/Online Quizzes/Exams:
In addition to the Syllabus Quiz, students will be taking eight online Quizzes/Exams via the Exam Room on our Blackboard course web site (see course schedule for chapters and topics to be covered in each quiz). The link to the 8 quizzes will be available at least 48 hours before its due time. For all quizzes, you will have just ONE attempt at ONE sitting. Each quiz must be individually completed (not started) by the due date (see course schedule for each quiz availability and due time – the due date and time are also listed with the exam). Please plan to complete a quiz ONLY when you think you are ready to take it, BUT before the due date. The latter is important so that if you have technical issues that must be resolved by our Learning Ventures staff, these can be addressed and you can complete the quiz by the due time. You will see your test score after ALL students have completed the exam hence all students must complete an exam in a timely fashion. I will make an announcement informing students as to when each of the 8 quiz scores are available on our Blackboard course Web site (My Grades). Thereafter, no student will be permitted to complete the exam.

To ensure a smooth test-taking experience, it is recommended that you use Firefox 3.5 or higher when taking exams, to clear your cache and browsing history prior to beginning the quiz, and to review the following Learning Ventures test taking tips via this link:
http://wordpress.utoledo.edu/learningventures/2014/01/27/blackboard-test-taking-tips-updated-232012/

If a student has ANY technological issue, please contact the UT Online Help Desk.

Also, note that the Blackboard servers are unavailable from 4:00 to 4:30 A.M. daily for maintenance operations. Please make sure to plan your Blackboard activities accordingly.

Taking a Quiz/Exam after the Due Date/Time
Occasionally students become ill during the period an exam has been made available on Blackboard. Taking an exam after the due time will be allowed for legitimate health or personal reasons (with acceptable excuse documentation). Students who fall into either of these two categories should email me in a timely manner. In addition, for my records and to be fair to all other students, students will need to email me a scanned copy of their excuse documentation (as a Microsoft Word / PDF / JPEG attachment) that covers at least 48 hours before the exam due date up to the day before they actually complete the exam on Blackboard. With no acceptable excuse documentation (e.g., doctor’s note, obituary announcement of death in the family) received by me, students will lose 4 points for each day that they do not complete an exam by the due time.
P.S. If submitting a doctor’s note, please MASK / REMOVE the health condition(s) stated therein.

Extra Credit Opportunities: Students may earn extra credit points during the semester (e.g., by completing surveys). I will let you know if such opportunities arise.

GRADING
Students who do not attend class or stop attending at some point throughout the semester will be given a final grade of “F” which will impact your overall grade point average. To formally withdraw from this or any other course you need to contact the Registrar’s Office.

The final course grade will be based on the following point values (monitor your scores regularly via BB – My Grades):

<table>
<thead>
<tr>
<th>ASSIGNMENTS/ASSESSMENTS</th>
<th>TOTAL POINTS</th>
<th>% OF FINAL GRADE</th>
<th>SLO ALIGNMENT</th>
</tr>
</thead>
<tbody>
<tr>
<td>Complete &amp; upload your Student-Intro form as an Microsoft Word attachment via the Student-Intro link/area on our Blackboard course Web site; information is for me ONLY, as the course professor/instructor (earn full points first week of the semester; no points thereafter). This course requirement must be met by all students, and 2 points are deducted for not meeting this requirement by the end of the second week of the semester.</td>
<td>5</td>
<td>1%</td>
<td>SLO 7, 8</td>
</tr>
<tr>
<td>Syllabus Quiz: 10 multiple-choice / true or false questions/statements drawn from our syllabus (20 minutes); (earn full points first week of the</td>
<td>5</td>
<td>1%</td>
<td>SLO 7, 8</td>
</tr>
</tbody>
</table>
Once to one or two classmates in order to be always up to date regarding course materials, class discussions, in-class announcements, etc. I do not give a class lecture more than once (i.e., in the classroom) and no makeup of quiz.

This course requirement must be met by all students, and 2 points are deducted for not meeting this requirement by the end of the second week of the semester.

<table>
<thead>
<tr>
<th>Activity/Exam</th>
<th>Points</th>
<th>Percentage</th>
<th>SLO</th>
</tr>
</thead>
<tbody>

<tr>
<td>Quiz 4: 20 multiple-choice questions/statements drawn from our textbook (40 minutes). This course requirement must be met by all students.</td>
<td>40</td>
<td>&gt;7%</td>
<td>SLO 1, 2, 5-8</td>
</tr>
<tr>
<td>Quiz 5: 20 multiple-choice questions/statements drawn from our textbook (40 minutes). This course requirement must be met by all students.</td>
<td>40</td>
<td>&gt;7%</td>
<td>SLO 1, 2, 5-8</td>
</tr>
<tr>
<td>Quiz 6: 20 multiple-choice questions/statements drawn from our textbook (40 minutes). This course requirement must be met by all students.</td>
<td>40</td>
<td>&gt;7%</td>
<td>SLO 1, 2, 5-8</td>
</tr>
<tr>
<td>Quiz 7: 20 multiple-choice questions/statements drawn from our textbook (40 minutes). This course requirement must be met by all students.</td>
<td>40</td>
<td>&gt;7%</td>
<td>SLO 1, 2, 5-8</td>
</tr>
<tr>
<td>Quiz 8: 30 multiple-choice questions/statements drawn from our textbook (60 minutes). This course requirement must be met by all students.</td>
<td>60</td>
<td>11%</td>
<td>SLO 1, 2, 5-8</td>
</tr>
<tr>
<td><strong>Total</strong></td>
<td><strong>550</strong></td>
<td><strong>100%</strong></td>
<td><strong>All SOL</strong></td>
</tr>
</tbody>
</table>

P.S.: There is no cumulative final exam; however, ALL of the above course requirements should be met, otherwise a student could earn an F as a final grade.

P.P.S.: Joining the class after the term has officially started and some course requirements have been met is not an acceptable excuse for making up missed course assignments/requirements.

Final Grades: The grading system below will serve as a guide, and it lists category floors (grade, percentage points, and actual points). **Note that final grades are determined by actual points (NOT percentage points) earned, and there will be no rounding off of points:**

<table>
<thead>
<tr>
<th>Grade</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A 95% = 522</td>
<td>A- 90% = 495</td>
</tr>
<tr>
<td>B+ 85% = 467</td>
<td>B 80% = 440</td>
</tr>
<tr>
<td>C+ 70% = 385</td>
<td>C 65% = 357</td>
</tr>
<tr>
<td>D+ 55% = 302</td>
<td>D 50% = 275</td>
</tr>
<tr>
<td>F 0% = 0</td>
<td></td>
</tr>
</tbody>
</table>

I reserve the right to discretionary grade adjustments.

Midterm Grades:

Official mid-term grades will be computed, posted on our Blackboard course Web site (My Grades) and submitted to the Registrar’s office. During the semester, to compute grades so far, students should look up their Final Points/Scores on our Blackboard course Web site (My Grades), divide this by the total points earned in the course so far, and multiply by 100. Compare the obtained percentage points to the grading system above to determine the corresponding letter grade.

Final Grades:

Official final grades will be posted on our Blackboard course Web site (My Grades) before 5 PM on Thursday (December 8). During the semester, it is the responsibility of students to make sure that scores for all their completed assignments are up-to-date on our Bb course Web site (My Grades); do not wait until towards the end of the semester, or after final scores / grades have been made available on My Grades.

Important Study Hints for the Course:

1. MAKE A FRIEND OR TWO: Have contact information of one or two RELIABLE classmates in order to be always up-to-date regarding course materials, class discussions, in-class announcements, etc. **I do not give a class lecture more than once (i.e., in the classroom) NOR do I share my discussion facilitation PowerPoint slides / notes.**
2. NOTE-TAKING: During class, jot down information from our class discussions that you consider relevant or helpful (I will NOT wait for students to copy my PowerPoint discussion facilitation slides / notes word-for-word since you would have read or will be reading our textbook). Do NOT use your in-class activity (IA) sheets for jotting down notes in class. After class or as soon as possible, review your class notes along with the relevant chapter readings and the FFT / Class Discussion Guide sheet, and link information to previously read chapter readings / learned material.

3. PRACTICE / REVIEW QUESTIONS: Before each quiz/exam, complete the Chapter Test towards the end of the relevant chapters of our textbook. Answers to all Chapter Test questions can be found towards the back of the textbook.

COMMUNICATION GUIDELINES
Email:
Students are expected to check our Blackboard Course Website frequently for important course information. When I post course news / announcements on Blackboard, students will also receive these via their UT email account OR might be prompted to log in to our Blackboard course Web site, so also check your UT email account frequently. This class is being taught for you, so if you are having trouble understanding any aspect of it, please email me via my UT email account (mojisola.tiamiyu@utoledo.edu). I am here to help YOU SUCCEED, and will do my best to respond to you within 24 to 48 hours. Please, if emailing me about ANY course-related matter, always include “PSY 2510: [INSERT SUBJECT MATTER HERE]” in the subject line as I would not want your email to get lost among the hundreds I receive via my UT email account. Finally, when you send a request to me (or any other person), to provide you with information / clarification or do you a favor, when I (or the person) do (does) so, take the time to send an acknowledgement / thank you. This way the person knows you received it and you will be exercising professional courtesy.

FLEXIBILITY CLAUSE: The aforementioned requirements, assignments, policies, evaluation procedures, etc. are subject to change. Students’ experiences and needs, as well as emerging knowledge, will be considered in modifying this course syllabus.

STUDENT SUPPORT SERVICES
Technical Support
If you encounter technical difficulties with Blackboard, please contact the UT Online Help Desk at (419) 530-8835 or utdl@utoledo.edu. The Help Desk offers extended hours in the evenings and on weekends to assist students with technical problems. When calling after hours, leave a detailed message, including your Rocket Number and phone number, and an Online Learning staff member will respond on the next business day. The UT Online Help Desk / Learning Ventures website is available at: http://www.utoledo.edu/dl/helpdesk/index.html
Technical questions related to on-campus Internet access, virtual labs, hardware, software, personal website hosting, and UTAD account management can be directed to UT’s IT Help Desk / Learning Ventures at (419) 530-2400. The IT Help Desk website is available at http://www.utoledo.edu/it/CS/HelpDesk.html.

Learner Support
The University of Toledo offers a wide range of academic and student support services that can help you succeed:

eTutoring Services
The Ohio eTutoring Collaborative, in partnership with The University of Toledo, now provides online tutoring support for all UT students. eTutoring Services are offered in a wide array of subjects, including Writing, Math, Calculus, Statistics, Accounting, Biology, Chemistry, and Anatomy and Physiology. Learn more at: https://www.etutoring.org/login.cfm?institutionid=232&returnPage

eLibrary Services Portal
The eLibrary is a customized gateway to UT Libraries for online students. It was designed to help you locate the best online library resources without leaving Blackboard. Learn more at: http://www.utoledo.edu/dl/students/elibrary.html

Counseling Center
The Counseling Center is the university’s primary facility for personal counseling, psychotherapy, and psychological outreach and consultation services. The Counseling Center staff provide counseling (individual and group), mental health and wellness programming, and crisis intervention services to help students cope with the demands of college and to facilitate the development of life adjustment strategies. Learn more at: http://www.utoledo.edu/studentaffairs/counseling/
Success Coach
As of fall 2013, all new students were assigned a Success Coach to help students navigate their college experience by serving as a single point of contact. Your Success Coach can help you build and develop skills, refer you to support services, and aid in your overall success at The University so be sure to stay connected to him/her throughout your academic journey! If you need assistance connecting with your Success Coach send an email to successcoach@utoledo.edu.

## COURSE SCHEDULE

### Fall Semester 2016

(Subject to modification)

<table>
<thead>
<tr>
<th>WEEK</th>
<th>DATES</th>
<th>TOPIC AND ASSESSMENT MEASURE</th>
</tr>
</thead>
</table>
| 1    | Mon., August 22, 2016 | First Day of the Course:  
-- Review Blackboard course Web site  
-- Carefully read and understand our Syllabus  
-- Fully complete Student-Intro Form [e.g., name, telephone number, career goals, and include passport size (or any other appropriate) digital photo of yourself], if available] – **upload saved completed form via our Blackboard course Web site (Student-Intro Link, toward the left side of site).**  
-- **Syllabus Quiz:** Will be available for completion via our Blackboard course Web site (Exam Room Link, toward the left side of site) as from 2:00 pm today (08/22/16). |
| 1    | Wed., August 24, 2016 | Chapter 1: Basic Concepts and Methods  
-- In-class Activities (IA1)  
**P.S.** Chapter 2: Theories of Development is not discussed in class nor tested, because the theories considered therein are touched upon in later chapters of the textbook. Students who however wish to obtain in-depth background information about theories of development may read this chapter at their earliest convenience.  
******************************************************************************  
**Student-Intro Form:** Due before 11:59 PM (08/28/16) to earn full points; no points thereafter; **2 points are also deducted for not meeting this course requirement by the end of the second week of the semester (11:59 PM, 9/5/16).**  
**Syllabus Quiz:** Due before 11:59 PM (08/28/16) to earn full points; no points thereafter; **2 points are also deducted for not meeting this course requirement by the end of the second week of the semester (11:59 PM, 9/5/16).** |
| 2    | Mon., August 29, 2016 | Chapter 3: Prenatal Development and Birth  
-- In-class Activities (IA2) |
| 2    | 5:00 PM Mon., August 29, 2016 | Quiz 1 (Chapters 1 & 3) Available on course Web site (Exam Room) |
| 2    | Wed., August 31, 2016 | NO CLASS; Quiz 1 (Chapters 1 & 3) Due on course Web site (Exam Room) by 11:59 PM |
| 3    | Mon., Sept. 5, 2016 | Labor Day Holiday (NO CLASS) … :-( |
-- In-class Activities (IA3) |
| 4    | Mon., Sept. 12, 2016 | Chapter 6: Social and Personality Development in Infancy  
-- In-class Activities (IA4) |
-- In-class Activities (IA5) |

</tbody>
</table>

P.S. *All course requirements must be completed before 5 PM on Thursday (December 8). Please note that I will be sending students’ final grades to the Registrar’s office by 5 PM on Thursday, December 8 (i.e., end of the workday). This is because I’d like to make sure that grades have rolled over by Friday as I will be traveling out of the country over the weekend, and will not have access to the Internet.*

WELCOME! I look forward to engaging with you throughout this semester! :-)
