Course Description:

The purpose of this course is to participate in implementing an academic mentoring and tutoring program for students at St. Pius X School in Toledo, Ohio. This will involve you working with one of the Department of Psychology’s community partners (i.e. the elementary school). You will be working with children that need academic mentoring and tutoring in the areas of Language Arts, including vocabulary, grammar, reading and writing, Math, Physical Education, Music, other subjects of interest, and the after-school program. As this is a service-learning course, you will be engaged in a process of experiential education. Service learning is a model for educational volunteers and some of its educational values include facilitating moral development, expanding students’ cultural awareness, providing a testing ground for classroom instruction, and contributing to career planning.

Student learning objectives are: 1) to gain program implementation skills, which are specific to the academic mentoring and tutoring of the target population; 2) to acquire knowledge of theories and empirical studies about youth mentoring and tutoring; and 3) to learn how to engage in university-

community collaboration. Your service objectives are: to provide tutoring in Reading, Writing, Math, etc., and to provide academic mentoring and tutoring. Your service-learning objective is to work with Dr. Tiamiyu and our community partner (St. Pius X School) to learn how to implement a successful academic mentoring and tutoring program for children in an elementary school.

You will receive individual and group supervision from the teacher(s) of the students you will be mentoring and tutoring at St. Pius X School [i.e., your teacher-partner(s)]. You will submit a mentoring-related special project (see additional information in the Special Project section below). Through these experiences, you will continue to build on your knowledge of youth mentoring and tutoring, your academic mentoring and tutoring skills, and experience of participating in university-community collaboration. Furthermore, you will complete the following forms: a student bio-form [information provided therein (e.g., your career goals) may help me to better meet your academic needs]; mentors' expectations and goals pre-post forms and a Catholic Diocese online form that will permit you to work with St. Pius elementary school children. Finally, you will complete the following evaluation forms: an end of program feedback form and **an online course evaluation form for the department. The latter will be available for completion on our Blackboard course Website from 12:00 AM on Monday, November 26 to 11:59 PM on Monday, December 3, 2018.**

Prerequisite:

Completion of PSY 1010 or equivalent

My Teaching Philosophy:

I am committed to facilitating students' understanding of the lived experiences of various groups in western and non-western societies from multiple perspectives. Thus, in sharing my understanding of the lived experiences of these groups with my students, the issue of diversity (as defined in its broadest sense), is always emphasized. I began teaching in a Nigerian university over 30 years ago (this is my 21st year at UT), and having pursued my undergraduate studies in Nigeria and my graduate studies in Canada, I have firsthand experience of the challenges we all face because of our multiple roles in society. Juggling academic schedules, work and family commitments build character and resilience. I expect students to take responsibility for their learning by engaging in outside the classroom reading related to the course, submitting assignments when they are due, and always attending mentoring and tutoring sessions, eager to participate in discussions and activities. These are indications of a positive attitude, which is a key ingredient to realizing our goals in this course. The mentoring and tutoring experience should be interactive and cooperative in nature. It should also be an "AHA!" experience (i.e., insightful). In summary, my teaching philosophy guides my expectations of students.

P.S. You can also read my "Professor Intro." on our Bb course Web site.

Electronics:

Please, as a matter of courtesy, always remember to silence cell phones and other gadgets that may ring / beep when at St. Pius X School and at other sessions, too. Also no texting ... thanks!

Attendance and Participation:

You should plan to attend all orientation, mentoring and wrap-up sessions. I will greatly appreciate promptness and active participation at these sessions. Absences do have a bearing on your grade (will lower your grade). You **must** complete the sign in and sign out log for parents and volunteers at St. Pius X School. Also, you **must** complete an attendance voucher for the Star Mentee Program and obtain your teacher's signature *every time* you are at a mentoring session. (I have provided you with a copy of the voucher on our Blackboard course Web site, and will collect all completed vouchers at the end of the semester wrap-up session, so as to include in your attendance score computation.) Students will lose four points for days/times that the *provided* attendance vouchers are not used. If you will be missing a mentoring session, you need to inform St. Pius X School general office staff at (419)535-7688 or the teacher of your mentees as soon as possible, and arrange your make-up mentoring hours. Program begins promptly at 12:45 pm *or* as arranged with your teacher partner(s) – please be at St. Pius X School / other sessions on time. Thanks.

P.S. As mentors, please take control of your mentoring experience. People can be useful in almost all environments. Be outgoing and assertive with how you want your semester at St Pius to go. Doing this is important and will be very beneficial to you.

Dr. M. F. Tihamiyu: Star Mentee Program****Holidays:**

When St. Pius X School has a holiday, you will not have a mentoring session. Also, your teacher ought to let you know ahead of time about other days that you would not come for a mentoring session because of a conflicting school event or other reasons. Kindly, inform your teacher about a forthcoming UT holiday ahead of time, if it falls on a day you were scheduled to be at the school and you will not be coming for the session.

Dress Code:

There is a dress code for all mentors participating in the Star Mentee Program. Please dress professionally when going to St. Pius X School. Do **NOT** wear out-fits that expose chest, stomach, back, etc. Also, do not be overly dressed (as if you are going to a party). Wear comfortable shoes. Kindly cover-up tattoos, if possible and please avoid using nose/tongue/lip rings when going to St. Pius. Thanks for being a good role model to your mentees and representing UT in the best light that you can.

ACADEMIC POLICIES:

As a student in my course and enrolled at The University of Toledo you should be familiar with the policies that govern the institution's academic processes, for example, Academic Dishonesty, Enrollment Status, and Grades and Grading. Please read Undergraduate Academic Policies:

<http://www.utoledo.edu/policies/academic/undergraduate/>

Academic Dishonesty: The Policy Statement on Academic Dishonesty in the UT Catalog is detailed and explicit. Please consult the catalog for how academic dishonesty is described. Students involved in academic dishonesty should expect to receive a "0" on the specific assignment or an F for the course, depending on the severity of the violation.

P.S. All assignments in this course must be individually completed.

Evaluation:

There is no formal exam. Grading will be done by Dr. Tihamiyu, based on your special project submission, and attendance and input from St. Pius X School staff as to whether student has attained the learning and service learning objectives at the completion of the externship. Students must meet both course requirements in order not to earn an IN (incomplete) as a final grade.

P.S.: Attendance and input from the principal and teacher-/staff-partners: **300 Points**; End-of-semester special project submission: **100 Points**; Total **Points: 400**.

Grading: The final course grade will be determined in accordance with the grading system below, which lists category floors (**letter grade and applicable points; there will be no rounding off of points/percentages**):

	A 95% = 380	A- 90% = 360
B+ 85% = 340	B 80% = 320	B- 75% = 300
C+ 70% = 280	C 65% = 260	C- 60% = 240
D+ 55% = 220	D 50% = 200	D- 45% = 180
F 00% = 0		

P.S.: I reserve the right to discretionary grade adjustments.

P.P.S.: Joining the class after the term has officially started and some course requirements have been met is not an acceptable excuse for making up missed course requirements.

Assurance Statement:

If you do **NOT** agree to the following, you are advised to drop the course....

Work Integrity:

I will complete all course requirements using only my own work. I will not engage in any activities that would dishonestly improve my scores/grades, or

improve or hurt the scores/grades of other learners.

Test/Exam Sharing: I will not share the Special Project assignment or final submission on any website, via email, photocopying, or by any other means.

Special Project (SP):

Each student will work on a project in which s/he will apply knowledge gained in the course to a mentoring-related topic. Do a project that will be beneficial to you in future (e.g. think of your career goal). The project could be a video recording, PowerPoint slides, or other creative work (NOT a typical typed/written paper) that can be submitted via our Bb course website (click the *SP Assignment link* on the left side of our course website).

Your final submission should include your First and Last name; the course code and title; the semester and year; a creative title; and the instructor's name (Dr. M. Tiamiyu) at the beginning of your submission, and your references at the end of your submission.

Your submission should address and at a minimum have the following sub-titles: WHAT (i.e., the topic of your project), WHY (i.e., reasons for selecting topic of your project) and HOW (i.e., briefly describe sources for your project, & remember to also include the format, e.g., video, audio, PowerPoint, etc.), and the WHO (target/audience of the project, e.g., parents of children with Autism, children with autism, etc.). Your Special Project submission is due as an attachment via our Blackboard course website via the *SP Assignment* tool **by 11:59 PM on Friday, November 30** (as I need sufficient time to grade all students' submissions before the end of the term). Students can begin to submit their SP outlines as from 12:00 AM on Friday, November 16. **Separate points will be allotted for submitting on time (10 points) and for the actual project (290 points).**

P.S.: Students will lose 10 points for each day they submit their projects after the due date (November 30, 2018) up to the day before they make their submissions without an acceptable excuse note; excuse documentation shall be scanned and emailed to me (the course instructor) as a Microsoft Word/JPEG/PDF **ATTACHMENT** as soon as possible. **If submitting a doctor's note, please REMOVE the health condition stated therein.**

P.P.S. Students who do not complete this SP course requirement by the end of the last week of classes (i.e., 11:59 pm on Friday, Dec. 7) will earn a "0" for the project.

Attendance Vouchers:

Submit **hardcopies of your attendance vouchers** (which should be stapled together with a stapler at the top left-hand corner) *at* the beginning of the wrap-up session. The wrap-up session will be at St. Pius X School on **Thursday, December 6 (12:45 - 2:05 PM).**

P.S.: Without acceptable excuse documentation (e.g., **doctor's note, obituary announcement of death in the family, etc.**), you **lose 10 points** for each day that you do not submit your attendance vouchers at the due time and place.

Recommended Group Discussions: I strongly encourage all mentors to engage in regular group discussions about course/mentoring related issues among one another during the semester. I have set up a *Messages among Mentors Board* on our Bb course web site for your convenience. Please share only what you feel comfortable sharing; you can also generalize your inquiry or response rather than particularizing it to you.

Netiquette:

It is important to be courteous and civil when communicating with others. Mentors are subject to the communication regulations outlined in the Student Handbook. To ensure your success when communicating

online, take time to familiarize yourself with the “dos” and “don’ts” of Internet etiquette: <http://www.albion.com/netiquette>
