BE THE BEST.
GET THE BEST.

It’s time to prove that you’re prepared for the pivotal role an HR leader plays in transforming the workplace.

Unlike memorization-based certification credentials, SHRM-CP and SHRM-SCP measure an HR professional’s most critical skill: the ability to apply HR principles to real-life situations. No other exam compares.

The SHRM credentials are:

**UNIVERSALLY APPLICABLE**
Built upon one comprehensive SHRM Body of Competency and Knowledge, SHRM certification is applicable across industries, geographic borders, job responsibilities and career levels.

**BEHAVIORAL COMPETENCY-BASED**
SHRM certification tests your ability to perform competently as an HR professional. After all, HR isn’t all facts and figures, but rather how you effectively implement your knowledge in the workplace every day.

**FOCUSED ON ADVANCEMENT**
The SHRM-CP and SHRM-SCP focus on the competencies and knowledge HR professionals need to lead in today’s business community. Boost your confidence to take that next step in your HR career or to distinguish yourself in a job search.

**BACKED BY SHRM**
SHRM certification is the only HR certification offered by the world’s largest HR membership organization. As the industry leader in HR professional development, SHRM has supported more than 100,000 employers representing 115 million employees worldwide.
