

PI HV-600

For quality and dependability: Combining legendary PIC reliability with cutting edge Digital technology, the PI HV-600 is the ideal output device for reproducing all your wide format paper-based, electronic originals, and brochures with photo quality copies.

Supplies Toner system: Automatic Toner Density Control

Additional PIC Services- 24-hour hotline, Interactive Customer Web Page, Consulting Services, Free Routine Check-Ups, Service Manual Online, Outsourcing Assistance.

Automatic Duplexing: Make two-sided copies using the automatic recirculating document feeder. Two-sided copies save time, filing space, paper, and mailing costs.

Five-Way Paper Feed System: roll

Automatic Paper Selection: Means the proper size for paper for copying is selected automatically.

Electronic Image Editing: special computerized pad and pen let you decide what gets copied and what doesn't. You'll be able to delete, center, trim, and/or reduce or enlarge only those portions of the original you want copied without destroying the original. All this and in color too, if you want it.
