Criminal Justice Program

The department of criminal justice, social work and legal specialties offers a graduate program leading to a master of arts in criminal justice as well as an optional certificate in juvenile justice. In addition, the department of criminal justice, social work and legal specialties with the College of Law offers a joint degree program leading to the Master of Arts in criminal justice and the juris doctor.

Master of Arts in Criminal Justice

The Master of Arts in criminal justice is designed to provide students with a broad understanding of the criminal justice system, social control and the nature of crime, in addition to developing and improving skills necessary to critically assess criminal justice problems and develop meaningful responses to these problems. The program also provides students with the skills to conduct applied research and evaluation, as well as the ability to understand empirical scholarly publications. The program prepares students for leadership roles in the field of criminal justice and the pursuit of criminal justice doctoral studies. The program allows a person to be either a full-time or part-time student. The program is available as a blend of land-based and online courses. **A full-time student can complete the program in one year. A student can also complete the program entirely online in two years.**

Admission

In addition to the College of Graduate Studies and College of Social Justice and Human Service requirements, evaluation of applicants for the criminal justice graduate program is based on the following criteria:

- application
- three letters of recommendation
- personal statement
- official transcripts
- GPA of 3.0 or above on a 4 point scale is preferred; GPA of at least 2.7 on a 4 point scale will be considered on a case-by-case basis
- Applicants with less than 2.70 must take the Graduate Record Exam (GRE)

Meeting the minimum admission requirements does not guarantee entrance into the program. Admission is competitive and is dependent on the availability of space within the program. Under special circumstances, the graduate admissions committee may choose to admit a promising applicant as a provisional student in the program.

Program of Study

The Master of Arts in criminal justice requires a minimum of 30 semester hours including core and elective course work. Students should meet with the director of the graduate program in criminal justice to develop a plan of study which must be submitted by the end of the first semester or 12 credits hours. Any electives taken outside of criminal justice must be preapproved by the director of the graduate program in criminal justice. A student may complete a thesis or must pass a comprehensive exam to earn the degree. Within the first semester of graduate study, a student may elect to complete a thesis in lieu of 3 credit hours of elective course work.

Social Work Program

The department of criminal justice, social work and legal specialties offers the professional master of social work degree (MSW). The graduate program in social work is fully accredited by the Council on Social Work Education (CSWE).

Master of Social Work

The master of social work program has a strong emphasis on social and economic justice. As such, the degree has an advanced generalist concentration, preparing students to create change at all system levels, from individuals to communities. Students may select a specialization in either mental health or in child and family practice.

A 33 hour advanced standing program exists for students who meet specific criteria including a baccalaureate social work degree from an undergraduate social work program accredited by the Council of Social Work Education (CSWE). Students with related degrees will not be admitted under advanced standing status, but may be admitted to the 60 hour foundation program.

Admission

In addition to the admission criteria established by the College of Graduate Studies at The University of Toledo, the applicant to the MSW program must submit

- three letters of recommendation from both employers and prior faculty members
- a personal statement that speaks to her/his commitment to social and economic justice as well as the applicant's professional goals

Additional requirements for admission to the advanced standing program include:

- a baccalaureate degree in social work from a CSWE-accredited social work program
- minimum undergraduate GPA of 3.0
- minimum GPA of 3.3 in social work courses

The personal statement and references from both employers and prior faculty members will be evaluated for a "fit" with the social work profession and our program's focus on social and economic justice. Applicants must convey their valuing of and adherence to the values and ethics of the profession. Applicants with no evidence of the above will not be admitted to the program.

The Council on Social Work Education does not permit programs to provide course credit for work experience. It is our hope that the student body of our program will include a mixture of students who have experience as well as those without extensive professional experience. We encourage diversity among the students accepted to the program. This includes diversity of gender, age, race/ethnicity, sexual orientation, ability and experience in the profession, etc. Prospective applicants are urged to review information on the program website.

Program of Study

The complete MSW Program requires 60 semester hours for graduation, which is consistent with MSW programs across the country. Foundation (5000 level) course work is offered in the first year of the program and advanced (6000 level) course work in the second year.

Students must enroll in 16 credit hours of field education to obtain the required 900 hours required by CSWE. Six (6) of these hours are taken during the foundation year and ten (10) during the advanced year. While every effort is made to accommodate students with full-time jobs, applicants to the program must be aware that field placements primarily take place during business hours and on week days. We are unable to

guarantee a night or weekend field placement.

Students who are awarded admission with advanced standing must complete 33 credit hours to obtain the MSW degree. The advanced standing program focuses on advanced generalist and specialty courses and field placements. Only courses at the 6000 level are required for the advanced standing program.

The doctor of philosophy in counselor education prepares graduates as counselor educators in colleges and universities, and as counselors, supervisors or directors in agencies, or as private practitioners.
