

ALI FIRST FRIDAYS PROGRAM

Explore and have naked eye visualization of the planet systems!
Join the ALI as we take a guided tour of the Toledo night sky
at the UT Planetarium and Observatory.

Narrated by Academy Award nominated actor Liam Neeson, this cutting edge production features high resolution visualizations of cosmic phenomena, working with data generated by computer simulations to bring the current science of black holes to the dome.

You will enjoy the striking, the striking, immersive animations of the formation of the early universe, the collision of giant galaxies, and a simulated flight to a super-massive black hole lurking at the center of our own Milky Way Galaxy!

Time: 6:00pm. Friday, April 5th, 2019

Location: Snyder Memorial parking lot

- **Only 15 free seats are available.**
- **They are on a first come first serve basis.**

Interested students should sign up at ALI front desk.
