

CO-ENROLLMENT

Information & Regulations

Note: Co-enrollment, or concurrent enrollment, means that a student is enrolled at two schools at the same time. UT Students who wish to enroll at another school instead of UT must first get permission from OISSS.

An F-1 student may co-enroll in two schools approved by U.S. Citizenship and Immigration Services (USCIS) if:

1. Attendance at the other school is with the prior written permission of the Designated School Official (DSO) at the school where the student is enrolled in a degree program full-time. Failure to receive prior permission may result in the student losing legal immigration status.
2. The combined number of hours enrolled adds up to a full course of study (12 hours for undergraduates, and 9 hours for graduates) in Fall/Spring semesters and **at least half** of the total credit hours must be taken at UT.
3. The coursework at the other school is not avocational and will be accepted for fulfilling degree requirements at the school that issued the I-20.

A new co-enrollment form is required for every semester a UT student co-enrolls. **A new form is required if approved courses change.** Please print.

Student's Name Rocket # & SEVIS #

Email Phone Semester & Year for Co-enrollment

of UT hours & course titles (use back of sheet if necessary)

of hours & course titles at other school (use back of sheet if necessary)

of hours considered distance learning or online education

FOR ACADEMIC ADVISOR ONLY
