Student Enrollment What is the target group size? Minimum: Maximum: *We recommend a ratio of leaders to participants of approximately 1:10, however this is a general				

recommendation. The need for an additional faculty leader or trip assistant will be evaluated in conjunction with the EAO once a final list of students is obtained and will be determined by the program's budget requirements

UT Faculty-Led Program Form (Center for International Studies and Programs, updated fall 2021)

and on-site logistical needs.

* If you have not traveled to the host country, please explain how you can maximize the travel experience for the students.
Leader Experience in Host Country:
Staffing List Leader Qualifications (international travel, experience traveling with students, making group travel arrangement working closely with students requiring constant oversight, administrative experience, course content, etc.)
Participant Eligibility Requirements (i.e. major, academic standing, minimum GPA, prerequisites, etc.)
Do you anticipate students from other institutions enrolling in the program?YesNo If yes, from which institutions?
recruited?

number of contact hours taking into consideration the following:

Student Learning Outcomes:

- 1. Students will demonstrate awareness of multiple perspectives within the global community.
- 2. Students will investigate and analyze contemporary issues, phenomena, and ideas with global impact, considering their effect on the individuals, communities, and social or natural environments involved.

- Time spent on field trips or academic excursions can count as "contact hours" on a 2-to-1 ratio (i.e., for
 every two hours spent on an excursion, one hour may be counted as a contact hour). Total contact
 hours should not exceed six in one day.
- Contact hours should also include the following components:
 - Any required pre-departure class meetings/assignments

Budget Worksheet

All faculty-led programs are self-supporting, which means all related expenses should be managed through student fees and/or external funds. At the same time, making sure that programs are affordable for students is also important. Faculty expenses should be included in the budget and are part of the program fee. Faculty and their departments should discuss questions related to teaching loads prior to submitting the program proposal.

Below is a typical example of a short-term study abroad program budget. Please fill in details for all costs based on quotes and not personal estimates. Be as inclusive as possible (creating additional fields if needed) and account as much as possible for future currency fluctuations in constructing this budget, as the numbers here will be used to generate forms for the Business Office and the Out-of-State Travel Request, and determine a minimum number of participants. Generally, 10-15 students is the minimum needed for a program to be offered, depending on faculty salary and related expenses.

Indicate the contract type for this course: (In-load and over-load contracts will need to be dean)	In-Load e approved and conf	_Over-Load irmed with dep	Summer partment chair and college
How will students and faculty arrange travel?	Group Flight	-	Individual Flights
Will fleet vehicles be used to/from the local air	port?Yes	No
