

Spring Commencement

SATURDAY, MAY FIFTH, TWO-THOUSAND EIGHTEEN

LETTER FROM THE PRESIDENT

Dear Graduates:

Welcome to The University of Toledo's 2018 Spring Commencement Ceremony. We also welcome family, friends and all who have supported you during your time at The University of Toledo. While you have done the work, this is a milestone all can celebrate.

This ceremony marks the end of a journey that has been long and incredibly rewarding. However, the word commencement, by definition, means a beginning. While we celebrate the closure of one chapter in your lives, we are here to mark the beginning of the next. You must now venture through the doors that your hard work, dedication and diligence have opened for you.

Your new degree provides you with much more than career opportunities. It represents the education you have received here at The University of Toledo. No matter your major, your degree speaks to your critical thinking and analytical skills. These are essential skills in our society. You have all the tools to become leaders in your careers and your communities. We need you to accept this challenge and lead in the right direction during the decades to come.

As you approach new opportunities, remember you are leaving here as an alumnus of The University of Toledo. Embedded in your degree is a network of support spread across the globe. I urge you to take advantage of it and get involved. UT has a proud tradition of alumni reaching back to help lift up the next generation of graduates – a tradition I have no doubt you will continue.

Finally, I want to say on behalf of The University of Toledo Board of Trustees, our faculty and staff, alumni and supporters, that we are proud of your accomplishments and even more proud to have been a part of this dynamic part of your lives. When you walk off campus today, remember our door will always remain open to you, and we hope to see you again soon!

Sincerely,

A handwritten signature in black ink that reads "Sharon L. Gaber". The signature is written in a cursive, flowing style.

CHARLES "CHUCK" EALEY

MORNING COMMENCEMENT SPEAKER
HONORARY DOCTORATE RECIPIENT

Charles "Chuck" Ealey holds a Bachelor of Business Administration (BBA) degree in business economics from The University of Toledo. He is a former UT quarterback who led the Rockets to three Mid-American Conference championships, three Tangerine Bowl victories and three top-20 rankings. Ealey holds the NCAA record of consecutive wins for a quarterback; 35 from 1969-71.

Ealey went on to play professional football as a quarterback in the Canadian Football League, and led the Hamilton Tiger-Cats to a Grey Cup Championship in 1972. The same year, he was named CFL Rookie of the Year and Grey Cup Most Valuable Player. He also played for the Toronto Argonauts and the Winnipeg Blue Bombers and was the recipient of the African Canadian Achievement Sports Award. In 1988, he was inducted into the MAC Hall of Fame as a charter member.

Following his legendary sports career, Ealey was a sports analyst for the Canadian Broadcasting Company, then began a long career as a certified financial planner with Investors Group.

Building on his extensive experience in planning, teaching, managing and coaching, Ealey established the Chuck Ealey Foundation in 2007 with the purpose of encouraging people to discover and embrace their "undefeated spirit" to better themselves and their communities. The Chuck Ealey Foundation also supports youth mentoring and leadership programs, as well as scholarship programs for students in northwest Ohio and southeast Michigan.

Ealey is the recipient of numerous awards, including the Herb Carnegie Community Leadership Award and The University of Toledo Alumni Association's "Blue T Award," which recognizes outstanding contributions to the Alumni Association, the University and the community.

In 2008, he was featured in a PBS documentary: *The Undefeated: The Chuck Ealey Story*; and the book *Choice of Colours: The Pioneering African Americans who Changed the Face of Football*. Ealey also appeared in a documentary produced by The Sports Network (TSN).

Ealey is a volunteer with many charitable organizations, including Future Aces, Trillium Health Center Foundation, Eden Food Bank, Coast to Coast against Cancer Foundation and Connecting Point Children's Services. He also serves on the boards of the city of Mississauga (Canada) Sports Council and the Living Art Centre in Mississauga, Canada.

The Brampton, Ontario, resident lives with his wife of 44 years, Sherri, and has three children and six grandchildren.

HELEN SUN, PhD

CHIEF TECHNOLOGY OFFICER
JPMORGAN CHASE & CO.

Dr. Helen Sun, a UT alumna, is a technology strategist and thought leader. She is known as an expert in transforming businesses through innovative technology solutions, including cloud, analytics and architecture. Currently, she is chief technology officer for commercial banking at JPMorgan Chase & Co., responsible for architecture, engineering and data management. She previously served as vice president for cloud compute, information and architecture at Motorola Solutions. In addition, she has held senior leadership positions at Harbor Capital Advisors, Inc., NewEdge, Oracle Corporation and Salesforce.com.

Sun earned her doctorate and master's degrees in educational technology from The University of Toledo and her baccalaureate degree from Shanghai Normal University. She serves on the advisory boards of the College of Business and Innovation at The University of Toledo and the Department of Computer Science at Bowling Green State University.

Throughout her career, Sun has sought to mentor and encourage women to advance their educations and careers. As a teacher in China, she instilled ambition in young women, with many pursuing advanced degrees and now occupying leadership positions in organizations both in and outside China. At Oracle, Sun became the first woman to achieve "Oracle Enterprise Architect" status and was subsequently honored as "Oracle Enterprise Architect of the Year." She went on to mentor female colleagues at Oracle, many of whom achieved the "Oracle Enterprise Architect" distinction. While at Salesforce, Sun led the global enterprise architecture team and created an enterprise architect framework. She also mentored female colleagues through the process of certification.

Sun is a frequent speaker regarding information technology at major conferences and symposia and is co-author of "The Big Data Handbook," along with other publications, by Oracle Press.

She serves as a *pro bono* speaker at colleges and universities, and engages in community service that includes offering career and professional mentoring for students and young professionals in the area of analytics. Sun volunteers at local, middle and high schools for student-service trips, and serves as a volunteer instructor for the "Teach Girls to Program" initiative. In addition, she is a coach and mentor for "i.c.stars," a Chicago-based nonprofit organization that provides technology-based workforce development and leadership training for low-income young adults in Chicago's inner city. She also is president of the MSI Young Scholars program.

Sun is the recipient of numerous awards, including the Chicago Business Journal's Women of Influence award in 2015, and is recognized nationally for her commitment to computer science and information technology as a career option for women.

ACADEMIC REGALIA

Robes and hoods worn during the commencement are steeped in tradition that dates to the 11th century, when the monks who administered Oxford University in England wore shoulder capes to protect themselves from scratches when they gathered alms, and hoods to protect their shaven heads from the cold. Eventually, the garb was worn daily to serve as both insulation from the damp and cold inside the university's walls and as identification that one had permission to pass into specific college buildings.

Similar practices were later adopted by the monks who administered Cambridge University in England in the 12th century, and in later years by other universities administered by the Benedictine, Franciscan and Dominican monks across much of western Europe.

In the United States, the academic robes and hoods were first adopted as ceremonial attire for college officials in 1754 at the institution now known as Columbia University. In 1885, students in many of the country's colleges and universities launched a movement to permit graduating candidates to wear robes and caps during the commencement. Eight years later, an intercollegiate commission of university officials adopted the country's first code of color and design for the academic garb. Faculty soon adopted the custom of wearing gowns at commencement and other academic ceremonies. Although the code has been revised many times, today's academic regalia represents those modifications accepted in 1960 and adopted by nearly 95 percent of the nation's postsecondary institutions.

In the United States today, the academic robe is most often black; some institutions, however, sanction the use of specific colors. The length of the robe, the width of the sleeves' borders, and the length of the hood all increase with each advanced degree.

Colors in the hoods identify both the specific field of study in which the degree was earned, as shown by the velvet border, as well as the institution which granted it, as shown by the lining. The following color table provides a key to the fields of study represented by The University of Toledo's graduates, faculty, administrators and distinguished guests.

GRADUATION WITH DISTINCTIONS

Although many traditions of academe are treasured and maintained with rigor, others evolve to complement the distinct personality of the institution and its focus on students. Such was the case in the fall of 1995 at The University of Toledo, when it replaced its single, campus-wide honors convocation with more personal ceremonies hosted by the dean and faculty of each academic college.

Changes in the convocation's format led to changes in how faculty select and recognize outstanding students within their respective colleges. One significant change has been the awarding of medallions to graduates of the University Honors Program.

The University recognizes outstanding academic achievement based on grade point average in the law and baccalaureate colleges by awarding the degree *Cum Laude* (with Honors), *Magna Cum Laude* (with High Honors) and *Summa Cum Laude* (with Highest Honors). At the associate level, this designation is *High Scholarship*.

In addition, the University now bestows colored cords to honor all baccalaureate and associate candidates who qualify for graduation with distinction.

HONORS COLLEGE MEDALLIONS

The Honors College presents its graduating candidates with cast medallions that hang from gold ribbons and diplomas indicating the completion of all the Honors requirements of their baccalaureate colleges. These candidates, the Honors College dean and the directors of each college's honors program are wearing their medallions in today's ceremony. In order to qualify for graduation with the Honors College diploma and medallion, each student must maintain at least a 3.3 cumulative grade point average, earn a substantial number of credits through designated Honors courses, complete a thesis or research project and satisfy all the other requirements of his or her respective college's honors program.

HONORS CORDS

The University has awarded honors cords to all undergraduate candidates who will graduate with distinction. Blue and gold twisted cords have been awarded to each baccalaureate student who maintained a cumulative grade point average of at least 3.9 for all college work and who will be granted a diploma bearing the words *Summa Cum Laude*, the University's highest of three special honors. Blue cords have been awarded to each baccalaureate student maintaining a cumulative grade point average of at least 3.6 and who will graduate *Magna Cum Laude*, the University's second highest honor. Gold cords have been awarded to each baccalaureate student maintaining a cumulative grade point average of at least 3.3 and who will graduate *Cum Laude*, the University's third highest honor. White cords have been awarded to each associate student maintaining a cumulative grade point average of 3.3 or higher throughout his or her studies and who will graduate with *High Scholarship*.

MILITARY CORDS

Red, white and blue military honor cords recognize graduates who have served or are currently serving in the United States Armed Forces.

HISTORY OF THE UNIVERSITY OF TOLEDO

The University of Toledo is a nationally recognized, comprehensive, doctoral-granting, metropolitan research institution. The University was founded in 1872 by Jesup W. Scott, a public-spirited Toledoan, who donated 160 acres of land as an endowment for a university to train young people for roles in what Scott believed would be the “Future Great City of the World.” Called the Toledo University of Arts and Trades, it provided only a limited curriculum and closed its doors in 1875 due to a lack of funding. In 1884, the institution reopened as the Toledo Manual Training School after Scott’s sons gave the remaining assets of the University to the city.

In 1928, Toledo taxpayers approved a bond levy to raise funds to build a new, permanent home for the institution after many years of existing in temporary locations. Three years later, the University moved to the new Bancroft Street campus. The University continued as a municipal institution until 1967, when it joined Ohio’s system of public higher education.

On July 1, 2006, The University of Toledo merged with the Medical University of Ohio. The medical school was created by the state legislature in 1964 as a stand-alone institution to help meet the country’s urgent need for physicians. Originally housed in Lucas County’s former tuberculosis hospital, the Health Science Campus is located in south Toledo in buildings designed by the internationally known architect Minoru Yamasaki. Through this merger, the University now offers undergraduate and graduate degrees in programs in the arts; humanities; social sciences; natural sciences; engineering; education; pharmacy; health professions, including nursing and medicine; and the law. It is one of only a handful of public institutions in the country that provides such a broad range of undergraduate, professional and graduate programs.

SEAL OF THE UNIVERSITY OF TOLEDO

The basic design has been used since 1931, when permission to use the coat of arms was granted by Don Jose Ballester, the mayor of Toledo, Spain. The seal recognizes the sister-city relationship between Toledo, Ohio, and Toledo, Spain. The University’s motto, inscribed in old Spanish at the base of the seal, reads: “*Coadyuvando el Presente, Formando el Porvenir*,” which translates to “Guide to the Present, Moulder of the Future.” The seal bears a large, blue eagle holding a shield divided into four segments. The upper left portion is from the original Spanish coat of arms. In 2006, the seal was changed to add three new shield quadrants to represent the University’s mission of education and research and the merger with the Medical University of Ohio. The banner below the eagle includes four dates: 1872, the year the University was founded; 1884, the year it became a municipal institution; 1967, the year it joined Ohio’s system of higher education; and 2006, the year it merged with the Medical University of Ohio.

LETTER FROM ALUMNI ASSOCIATION PRESIDENT

Dear Fellow Alum:

On behalf of The University of Toledo Alumni Association Board of Directors, congratulations on your graduation! As you proceed down the aisle today, you carry much more than a diploma. You are leaving the world as a student and entering the global economy. You will take something that will always be a part of your life – The University of Toledo. Although the classes may be behind you, the memories of your college days will never cease. It's here that you grew intellectually and socially, both in and out of the classroom. This is where you made the grade and established the foundations for your future.

As one of the newest graduates, you join our large family of more than 150,000 living degree holders from The University of Toledo and the former Medical University of Ohio. Your past accomplishments and future achievements will reflect upon the educational values of UT.

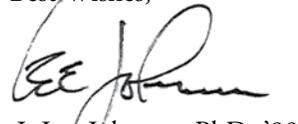

Our alumni are as diverse as the many graduation years they represent, yet all are secure in the knowledge that a degree from UT will lead to success. Be as proud of being a Rocket graduate as the University is of you at this milestone in your life.

We can't wait to hear where your education is taking you. Whether you share your knowledge locally or globally, we want to hear about your accomplishments, and we want to keep you updated on your University and fellow alumni. You also may be called upon to become a mentor and help current students get valuable and much-needed practical advice. Wherever you go, there is likely a Toledo graduate for you to meet.

Your Alumni Association is here for you as you take on a new role – the role of graduate. We can't wait to see you at future events! Please notify us whenever there's a change in your address or a change in your life. If you let us know about that new position or that new addition, we can let your friends and classmates know, too. If you need information or assistance, contact the Alumni Office at alumnirelations@utoledo.edu, call 419.530.2586 or stop by our office on Main Campus. Your support as a UT alumnus can have an immediate impact on the next generation of students as we prepare them to make their marks in the world.

Congratulations, again, on your graduation! Thank you for allowing The University of Toledo and our community to be a part of your life. I would like to encourage you to take the next step to stay connected by remaining involved in the life of your alma mater. We look forward to having a long and wonderful relationship with you.

Best Wishes,

J. Lee Johnson, PhD, '99

THE STAR-SPANGLED BANNER

Oh Say! Can you see by the dawn's early light,
What so proudly we hailed at the twilight's last gleaming?
Whose broad stripes and bright stars, thro' the perilous fight,
O'er the ramparts we watch'd, were so gallantly streaming?
And the rockets' red glare, the bombs bursting in air,
Gave proof thro' the night that our flag was still there,
Oh, say, does that Star-Spangled Banner yet wave
O'er the land of the free and the home of the brave?

ALMA MATER

Fair Toledo
