#### **PREAMBLE**

This Agreement governs relations between the University of Toledo, represented by members of the Board of Trustees, hereinafter referred to as the "Employer", and Ohio Council 8, American Federation of State, County, and Municipal Employees (AFSCME) AFL-CIO, and AFSCME Local 2415 AFL-CIO, hereinafter referred to as the "Union" has as its purpose the promotion of harmonious relations between the Employer and the Union; the establishment of an equitable and peaceful procedure for the resolution of differences; and the establishment of conditions of employment.

### ARTICLE 1 TOTAL INTEGRATION

- 1.1 This Agreement contains the full and complete agreement between the Employer and the Union, eliminating all prior and contemporaneous oral agreements. The wages, hours, terms, and other conditions of employment in this Agreement supersede any related Ohio laws, including all specifications under those laws. Specifications under related Ohio laws that are not specifically written into this Agreement shall not append its terms. Except where this Agreement has superseded Ohio laws, including all specifications under those laws, terms and conditions not included in this Agreement remain governed by state and federal law.
- 1.2 In the event any article, section or appendix is declared illegal, this contract shall be reopened on such article, section or appendix. The Employer and the Union shall meet to negotiate a lawful alternate provision. However, such negotiation shall not affect the enforcement or validity of any other provision of the Agreement. In the event the parties cannot reach agreement, the issue(s) shall be submitted to mediation. If the parties cannot reach an agreement through the mediation, the Mediator's hall submit a written report within fifteen (15) calendar days from the conclusion of the mediation. The report shall contain the Mediator's proposed solution to the issue(s) outstanding and a rationale in support of the solution.

The party's legislative bodies must accept or reject the Mediator's finding within twenty (20) calendar days from the postmark of the finding. The rejection of the Mediator's report must be by simple majority of those voting. If not rejected, the Mediator's solution is deemed accepted and incorporated into the rest of the agreement.

In the event either party rejects the Mediator's report, the Union is free to take concerted job actions in compliance with relevant State law and the Employer is free to implement its last, best offer. The cost of the Mediator shall be born equally between the parties.

1.3 The parties have met and have brought forth all written documents or agreements for consideration of whether such agreements shall continue as part of the terms and conditions of the Agreement. Any such agreements not brought forward during negotiations shall be deemed null and void.

### **ARTICLE 2**

### PLEDGE AGAINST DISCRIMINATION AND COERCION

- 2.1 The Employer and The Union each agree that it will not discriminate against any person because of age (over 40), sex, marital status, race, color, creed, handicap, disability, national origin, ancestry, sexual orientation and gender expression, political affiliation, or union activity. The Employer and the Union agree that harassment on the basis of any of the above-mentioned classifications may exist in the workplace and will not be tolerated. Any and all claims of discrimination or harassment by employees subject to the terms of this Agreement may be resolved by the grievance procedure.
- 2.2 All complaints regarding discrimination are subject to the University of Toledo's Equal Opportunity complaint process. All matters falling within the scope of Title IX are subject to the University of Toledo's complaint process that is set forth in its Title IX policy. Any and all provisions of the parties' collective bargaining agreement shall apply to the extent the provisions do not violate applicable federal law and regulations.
- 2.3 The Union shall be provided with a copy of the Affirmative Action Plan of the University of Toledo and any

amendments made thereto. The employer shall discuss any proposed amendment to the plan before a change is made. However, by agreeing to this Paragraph, the Union does not in any way intend to waive its right to bargain related to any matter as provided by law.

- 2.4 The University of Toledo does not discriminate in its employment practices or in its educational programs or activities on the basis of sex/gender. The University of Toledo also prohibits retaliation against any person opposing discrimination or participating in any discrimination investigation or complaint process internally or externally. Reports of sexual harassment and discrimination questions regarding Title IX, and concerns about noncompliance should be directed to the Title IX Coordinator. For a complete copy of the policy or for more information, please contact the Title IX Coordinator <a href="https://www.utoledo.edu/title-ix/">https://www.utoledo.edu/title-ix/</a> or the Assistant Secretary of Education within the Office for Civil Rights (OCR) <a href="https://www.ed.gov/ocr">http://www.ed.gov/ocr</a>. The University provides all employees covered by the collective bargaining agreement a copy of the University's policy regarding Title IX and provides training to employees regarding Title IX and the policy.
- 2.5 The parties agree that any decision or discipline issued by the Title IX process would be subject to the procedures described in Article 13: Dispute Resolution Procedure of the collective bargaining agreement.

### ARTICLE 3 MANAGEMENT RIGHTS

- 3.1 The Employer retains the sole right to manage its operations and direct the working force, including the right to determine the methods, means and personnel by which the Employer's operations shall be conducted, to direct the schedule, shift and location of the work of employees; to maintain order and efficiency in its operations and facilities; to subcontract; to promulgate reasonable work rules; and to hire, lay off, assign, and promote employees; subject only to such regulations governing the exercise of these rights as expressly provided by this Agreement.
- 3.2 The Employer retains the sole right to discipline, suspend, and discharge employees for just cause, including violation of any of the terms of this Agreement provided that in exercising this right it will not act in violation of this Agreement.
- 3.3 The above rights of Management are not all-inclusive, but indicate the type of matters or rights which belong to and are inherent in Management. Any of the rights, powers and authority the Employer had prior to entering into this collective bargaining agreement are retained by the Employer except as expressly and specifically abridged, delegated, granted, or modified by this Agreement.

# ARTICLE 4 RECOGNITION

- 4.1 The Employer recognizes the Union as the sole and exclusive bargaining agent for employees in the classified and unclassified service.
- 4.2 Exceptions are supervisors, administrators, middle managers, persons employed in highly and strictly confidential positions, employees in Human Resources budget departments, Division of Advancement, students as defined in ORC 4117, salaried personnel, grant-funded personnel (defined as those whose sources of payroll are at least 50% discretionary accounts), contract personnel, and those employees occupying classifications listed in Article 4, Sections 4 and 5 herein. Policemen, policewomen and guards as defined in

the collective bargaining act (security officers and radio dispatchers) are further excluded from the unit as are all other types of employees referred to in the exclusionary provisions of Section 4117.01(C) (1) through (14) of the Revised Code. Temporary employees referred to in Article 34 are also excluded from the bargaining unit.

4.3 Supervisory employees shall be defined as any individual having authority, in the interest of the Employer, to hire, transfer, suspend, lay off, recall, promote, discharge, assign, reward or discipline other employees, or responsibility to direct them, or to adjust their grievances, or effectively to recommend such action, if in connection with the foregoing the exercise of such authority is not of a merely routine or clerical nature, but requires the use of independent judgment.

#### 4.4 CLASSIFIED

AV Service Supervisor 1; Accountant 2, 3; Administrative Assistant 1 – those who were exempt as of February 1, 2002 will remain exempt; all positions added after that date will be bargaining unit eligible; Administrative Assistant 2 – those who were in the bargaining unit as of February 1, 2002 will remain in the bargaining unit; Administrative Assistant 3 – those who were in the bargaining unit as of February 1, 2002 will remain in the bargaining unit; Administrative Secretary 2 – Grants; Building Maintenance Superintendent 1; Data Entry Supervisor 2; Fiscal Officer 1, 2; Fiscal Officer 3; Housekeeping Manager 1, 2; Library Associate 2; Mail Center Supervisor; Office Manager 1, 2; Sales Manager 4; Storekeeper 2, 3; Secretary 1 (One each in each of the following) - the two employees who hold this position in the following departments will remain exempt; there will be no other exempt positions for Secretary 1s in these or any other departments after February 1, 2002; Respiratory Therapy; Secretary 2 (One each in the following departments except as indicated) – the employee who holds this position in the following department will remain exempt; when the position becomes vacant it will become bargaining unit eligible; Nursing Services Administration; Plant Operations & Maintenance; Hospital Administration – one clerical/administrative support position regardless of classification; President's Office – one clerical/administrative support position regardless of classification

#### 4.5 UNCLASSIFIED

Chief Cardiology Nuclear Medicine Technologist; Chief Nuclear Medicine Technologist; Clinical Nurse Specialist; Employee Health Nurse; Instructors Paramedic Training Program; Lab Assistants Paramedic Training Program; Lab Supervisor/Technologist; Nursing Assistant; Operations Supervisor; Pathology/Teaching Assistant; Pharmacy Intern; Any Intern; Physician Assistant

#### 4.6 INFORMATION TECHNOLOGY

Clerical employees in Information Technology are bargaining unit eligible. Technical positions for which the job descriptions are primarily focused on clinical applications and PC support will be bargaining unit eligible. Those positions for which the job descriptions are primarily focused on supporting networks, servers and enterprise applications will be bargaining unit exempt as of June 30, 2012. The Parties will mutually review each job classification in Information Systems and determine into which category it should be assigned and determine its bargaining unit eligibility status by May 1, 2012. If not mutually agreed to by that date, the parties agree to mediate.

4.7 If the Employer adds or develops any new classification not currently existing, it will meet with the Union to determine if the classification is to be included in the bargaining unit. If the classification is to be included

in the bargaining unit, then the parties shall negotiate the rate of pay for the classification.

4.8 Labor-Management Committee. The Union and Employer agree to participate in a UTMC and/or University wide labor-management committee over the term of this contract to discuss the creation and administration of occupational job categories to address unique circumstances within job categories.

#### **ARTICLE 5**

#### TIME DOCUMENTATION

- 5.1 The University of Toledo has the obligation under the Fair Labor Standards Act to record all time worked by employees. Compliance with this provision is the responsibility of supervisory personnel. If it is necessary for an employee to be relieved from work duties or be away from the work area, the employee must obtain approval from the supervisor. While on paid time, employees are not allowed to leave the premises, defined, for the purpose of this Article, as the Employer's grounds and travel enroute, unless prior approval is obtained from the employee's supervisor. Reasonable requests will be honored.
- 5.2 Employees whose duties require them to leave the premises are required to document departure and return, in accordance with departmental practices.
- 5.3 Employees are to document hours worked in accordance with the University of Toledo practices and procedures. All employees will document their time worked by using the same recording method, except where such recording methods are not presently in place or available. Nothing in this agreement shall preclude an effort by the University of Toledo to develop a uniform system.

### ARTICLE 6 CALL-BACK PAY AND ADMINISTRATIVE LEAVE

- 6.1 When an employee is required to return to work after the end of regular work hours, the employee shall be paid four (4) hours of pay no matter how short a time actually worked. Such hours shall be recognized as hours of work for the purposes of the current policy of overtime calculation. An employee called back to work shall not be eligible to receive additional call-back pay if called back again within one (1) hour after clocking out. There will be no maximum on the number of call-back pays.
- 6.2 The call-back provision shall not apply when an employee continues to work after the regular work schedule without leaving the work site, or when an employee is called into work early and continues to work into the regular work shift.
- 6.3 When employees are called back to work on an emergency, and said employees perform services which would prohibit them from having ten (10) hours off prior to the beginning of their next regularly scheduled shift, employees may request permission from their supervisor to use Administrative Leave in one hour or more blocks. After having ten (10) hours off, the employee may be required to report to their regularly scheduled shift. The Employer agrees to provide forty (40) hours of Administrative Leave per calendar year for classified and unclassified employees in the bargaining unit. Requests by employees shall not be unreasonably denied.

### ARTICLE 7 CORRECTIVE ACTION

### Types of Offenses:

7.1 An employee may be subject to corrective action for incompetency, inefficiency, dishonesty, drunkenness, immoral conduct, insubordination, discourteous treatment of the public, neglect of duty, or any failure of good behavior, or any other acts of misfeasance, or nonfeasance in office, use of alcohol or abusive drugs while on duty, or for other just cause.

7.2 The Employer will ordinarily follow the principle of progressive corrective action through a system:

Coaching	
Level One	Oral/Written Warning
Level Two	Written Warning
Level Three	Written Warning/Pre-Discharge with an Optional
	Suspension of up to five (5) unpaid days
Level Four	Termination

However, it is also recognized that a combination of various corrective actions against an employee or an act of a serious nature may prompt the Employer to consider and bypass one or more of the corrective steps outlined above. If the Employer bypasses any of the corrective steps, the Employer agrees to notify the Union within a reasonable time of such action. Should the action take place outside normal business hours, the Employer shall notify the Union within twenty-four (24) business hours excluding Saturday, Sunday and Holidays.

For example, acts of a serious nature may include but are not limited to:

- 1. Theft
- 2. Intentional falsification of records, including timecard falsification
- 3. Assault of a patient, co-worker, or supervisor
- 4. Sleeping on the job
- 5. Intentional HIPAA violations

It is understood that such acts will result in termination, regardless of the employee's current level of discipline; this list is illustrative but not exhaustive.

7.3 Corrective action shall be taken with discretion, so as not to cause public embarrassment to the employee. An employee may have a Union Representative present when corrective action is taken if the employee desires. The employer will provide the Union with advanced notice of the time and place when corrective action is to be taken, but if the Union does not appear at the meeting, then the meeting may be held with the understanding that the employee did not elect representation.

7.4 Level 3 Pre-Discharge Warning with an Optional Suspension and Level 4 Discharge Hearing:

Employees shall be afforded an opportunity for a Level 3 Pre-Discharge/written warning with an unpaid suspension as well as a Level 4 discharge hearing before the Head of Human Resources or his/her designee during their regularly scheduled working hours, or a mutually agreeable time, prior to being discharged or

suspended without pay. Prior to such hearing, the charges shall be reduced to writing with a copy to the employee and the Union. Employees required to attend such hearings will be paid for actual hours spent in such hearings. In special cases, an employee may be suspended without pay pending a hearing by the supervisor or Human Resources Department, but such hearing must be held within ten (10) working days, excluding Saturday, Sunday and Holidays after such suspension. Employees who fail to appear at their scheduled hearing for any reason shall forfeit their right to a hearing provided reasonable notification of the hearing was provided. In such cases, appropriate corrective action may be given to the involved employee without a hearing.

- 7.5 Notice of corrective action will be presented to the employee within ten (10) working days (excluding weekends and holidays) after management completes its investigation of the underlying allegations. The notice of corrective action will be served to the employee via personal service if the employee is at work. If an employee is on vacation or other leave of absence, the employee will be served the notice of corrective action via University email and certified mail. Should an employee not otherwise be at work (absent or not scheduled to work that day) on the last day a notice of corrective action must be given under this section, upon notice to the union, the employer shall have an extension of the ten (10)-day notice, to the next workday when both the employee and his/her supervisor or designee are regularly scheduled and report to work. The union shall receive a copy of the notice of corrective action via email.
- 7.6 Coachings will be filed in the departmental file and shall not be appealable beyond level 1 of the Grievance Procedure. Level 1 Oral/Written Warning and Level 2 Written Warning shall not be appealable beyond Level 3 of the Grievance Procedure.
- 7.7 After twelve (12) months, corrective action records which have resulted in coaching, Level 1 oral/written warning or Level 2 written warning shall be disregarded in subsequent corrective action. Upon written request by the employee, level 1 and level 2 records shall be removed from the employee's personnel file after twelve (12) months. All records of corrective action (except for coaching) shall be maintained only in the Human Resources Department.
- 7.8 Corrective action records which have resulted in a Level 3 Pre-Discharge/Written Warning (with or without an unpaid suspension option) shall be disregarded in subsequent corrective action or in considering the employee for promotion, transfer or voluntary demotion after twenty-four (24) months, provided there have been no subsequent suspensions in the intervening period. Upon written request by the employee, these records shall be removed from the employee's personnel file after twenty-four (24) months, provided there have been no subsequent suspensions in the intervening period.
- 7.9 Notwithstanding the provisions of Sections 7.7 and 7.8 above, any employee's corrective action for harassment or violence shall be maintained in the employee's personnel file and active for three years and can be used as an additional basis for discipline at any time if the employee engages in similar conduct.

# ARTICLE 8 EDUCATIONAL BENEFITS

- 8.1 Members as well as spouses and dependents shall be eligible for the educational benefits provided by the Educational Assistance and Tuition Waiver Policy 3364-25-35 and the Institutional Aid Policy 3364-30-53.
- 8.2 Should the University policies referenced above be changed, the Union will be notified at least 30 days in advance of the effective date of said changes and the University will meet to discuss the changes if so requested,

provided further that modifications offering greater benefits shall be available to the members pursuant to said policies.

### ARTICLE 9 INSURANCE

#### 9.1 ELIGIBILITY

The Employer will continue to provide regular permanent full-time employees and eligible regular permanent part-time employees and their eligible dependents for the duration of this Agreement with a health insurance/hospitalization program.

### 9.2 EMPLOYEE CONTRIBUTION RATES

The employer agrees that the employee contribution amounts for health care plans (including dental, vision and EAP plans) shall be:

Eligible regular permanent full-time employees: 20% of the full monthly premium

Eligible regular permanent part-time employees: 40% of the full monthly premium

#### 9.3 MEDICAL PLANS

The Employer will provide regular permanent full-time employees and eligible regular permanent part-time employees with a medical plan.

All new hires into the bargaining unit may only select CDHP as the medical option.

- 9.4 Employees who are covered under the University's health care policy and go on an unpaid leave of absence may elect to continue their benefits by paying 100% of the monthly premium. Health benefits for unpaid leaves of absence covered under Family and Medical Leave may be continued by paying regular monthly employee contribution amounts for up to twelve (12) weeks in a twelve-month period, based on remaining eligibility.
- 9.5 After consultation with the Union, the Employer may establish reduced hours, leave programs, or schedules of work which will allow employees to work less than a forty (40) hour week (full-time) and still receive full-time benefits.
- 9.6 Eligible regular permanent part-time employees may continue to participate by contributing scheduled employee portions. Such contribution shall be made by payroll deduction. Eligible part-time employees are those employed in a continuing regular permanent part-time position budgeted at twenty (20) hours or more each week. The University may offer benefits to employees at a lower FTE at its discretion.

#### 9.7 SPOUSAL HEALTH CARE ELIGIBILITY

For all benefit eligible employees, if a spouse has accessibility to medical insurance through their employer, they must enroll in that plan as primary for a minimum of single coverage and may stay on the UT plan as secondary. If the working spouse makes \$25,000 or less per year annually and health insurance through their employer would cost them more than \$75 / month for a single plan/employee contribution, they may be carried on the UT plan as primary. No employee may be simultaneously covered as an employee and a dependent / spouse on the University's health care plan; nor can an individual be covered as a dependent/spouse on more than one (1) university plan.

#### 9.8 FLEXIBLE SPENDING ACCOUNTS

Eligible employees may participate in a flexible spending account plan for out-of-pocket medical expenses and/or dependent care assistance expenses.

#### 9.9 PRESCRIPTION PLAN

The prescription plan is bundled with a Medical plan, meaning the pharmacy benefit can only be accessed if the employee has enrolled in a UT medical plan.

Full-time regular permanent and eligible regular permanent part-time employees may have a prescription filled at any of the University of Toledo Out-Patient (OP) Pharmacies while enrolled in a University of Toledo sponsored medical/prescription plan.

Only cash, credit, or debit cards will be accepted as forms of payment at the Out-Patient Pharmacies. Emergent prescriptions when the OP pharmacy is closed can be filled at any University sponsored plan participating pharmacy for an emergency 14-day supply. UT Outpatient Pharmacies may also be used to fill any prescriptions your family may have. This includes over the counter medications and other medical supplies. Members are expected to show their current prescription benefit card, supplied to you by the prescription benefit manager, at the time of fill.

If an employee insists on a brand name drug when a generic is available, they will have to pay 100% of the difference between the generic cost and the brand name drug cost, in addition to the copay/co-insurance for the brand medication. The drug coverage provided will be the formulary of the current prescription benefit manager including preauthorization, quantity management and Step Therapy protocols.

Non-specialty medication prescriptions may be filled at the UT pharmacies for up to a 90-day supply based on valid provider order. Specialty medications are limited to the UT Access pharmacy and will be filled for a 30-day supply.

Over the counter drugs will not be covered under the prescription benefit.

### 9.10 OPTICAL PLAN

Eligible employees who elect this benefit will pay the monthly premium by payroll deduction and will agree to participate in the plan for at least twenty-four (24) consecutive months; full time employees will pay 20% of the full monthly premium and part time employees will pay 40% of the full monthly premium. The premium will be taken out 26 times a year.

#### 9.11 **DENTAL PLAN**

Eligible employees who elect this benefit will pay the monthly premium by payroll deduction. Individuals who enroll and subsequently withdraw from the dental plan may not re-enroll until an open enrollment period, which occurs at least 12 months after withdrawal. Full time employees will pay 20% of the full monthly premium and part time employees will pay 40% of the full monthly premium.

The premium will be taken out 26 times a year.

#### 9.12 LIFE INSURANCE

The Employer shall continue to provide regular full-time employees with term life insurance in accordance with the following schedule:

15 years and over \$25,000 coverage 10 to 15 years \$20,000 coverage 5 to 10 years \$15,000 coverage Less than 5 years \$10,000 coverage

#### 9.13 LABOR MANAGEMENT COMMITTEE

The Union and the Employer agree to participate in a UTMC and/or University wide labor management committee over the term of this contract to discuss improvement in patient safety, patient satisfaction, and health care and prescription drug cost management for the Employer and bargaining unit employees. The parties will meet on a quarterly basis beginning January 1, 2015 unless otherwise agreed.

#### 9.14 EMPLOYEE ASSISTANCE PROGRAM

The Employer recognizes the value of employee assistance programs and will continue to provide an employee assistance program for University employees for the duration of this agreement. If the employee assistance program becomes unavailable, the parties will meet to select a comparable replacement program.

# ARTICLE 10 SPOUSAL ELIGIBILITY

- 10.1 <u>Definition.</u> In accordance with the decision of the Supreme Court of the United States in *Obergefell v. Hodges*, 135 S.Ct. 2584 (2015), the University of Toledo will hereby discontinue eligibility to domestic partners as it pertains to any and all University benefits except that this will not affect benefits selected prior to a date six months after the ratification of this Agreement during open enrollment for the 2017 health insurance plan year.
- 10.2 <u>Eligibility</u>. To satisfy eligibility for all University benefits, employees must be in a lawfully recognized marriage, including marriages that were validly entered into outside of the United States so long as those marriages could have been entered into in at least one (1) state.
- 10.3 In the event that the *Obergefell* decision is overturned, the University and the Union agree to revive the provision in their prior CBA, including applicable affirmations, relating to benefits afforded same-sex (but not opposite sex) domestic partners to the extent the University may legally offer such coverage.

# ARTICLE 11 FILLING OF VACANCIES

- 11.1 All classified and unclassified bargaining unit vacancies in the same job classification in Environmental Services, Food and Nutrition Services (Food Service Workers only), Facilities Maintenance, and Telecommunications (Operators only), Patient Access (Patient Registration Specialists and Basic Outpatient Pre-Service Specialists only), and Supply Chain (Delivery Workers only) which occur as a result of an employee being promoted, transferred, demoted, terminated, or as the result of a new position being created, will be filled by the most senior employees in the department expressing interest in the position. The satisfactory work record requirements in section 11.10 do not apply to senior employees filling vacancies under this section.
- 11.2 If the vacancy is not filled by intra-department employees in the classifications outlined in Section 11.1 above, and for vacancies in all other departments, the vacancy will be posted internally for four (4) working

days (excluding weekends and holidays). Employees must submit their bids for a vacancy during the four (4) working days of posting. No bids will be considered after 4:30 p.m. on the fourth day.

11.3 Job postings shall contain the date of the posting, the pay range of the job, the job title, the initial reporting location, the normal working hours, a summary of the duties and a list of the required qualifications or training necessary and notice of whether a test will be administered for the position. However, the qualifications, special training, or test must fairly represent the duties of the position. Such identification in no way restricts the Employer's right to alter the job as previously held as long as such alterations are not prohibited elsewhere in this Labor Agreement.

Nothing in this section restricts Management's right to establish or to modify the normal working hours originally posted for the position. Such changes or modifications shall be done only for legitimate business reasons. Except for changes made unit-wide on the shift, should employees be reassigned to another shift, rescheduled on a regular basis to work different days than initially assigned for their position, or have their starting time changed by more than 4 hours, the employees shall be allowed to bump in accordance with Article 18. Before making such changes in an individual employee's position, the Employer shall canvas the shift in the unit for qualified volunteers.

In those cases where an individual employee's starting time is being changed by fewer than 4 hours, the employer shall first make a request for qualified volunteers. If no qualified employee volunteers, then the Employer shall make the change in the position of the least senior qualified employee on the shift in the unit.

A full position description shall be available in the Human Resources Department. The Union shall receive a copy of each posted position. The employee shall be responsible for verifying their qualifications for the job in accordance with all of the specifications and requirements outlined in the posted position. Failure to do so shall disqualify the employee from consideration for the position. The Human Resources Department shall provide the Union, upon request to Management's designee, with a copy of the applicant roster including the name of the employee chosen for the position.

- 11.4 The Employer shall post available positions on its electronic applicant tracking system.
- 11.5 All non-probationary employees are eligible to bid on posted jobs. New hire probationary employees are not eligible to bid or apply for a position without management approval during their probationary period.
- 11.6 The successful applicant will assume the position within twenty-eight (28) days unless such transfer would have an adverse effect on operational needs. The Union will be advised in writing of any delay beyond the twenty-eight (28) day period specified in the preceding sentence. An employee who has been awarded a job as a result of this process shall not be eligible to bid on another position during the probationary period.
- 11.7 Employees may not receive a lateral transfer or voluntary demotion more than once in any twelve (12) month period except to change their full-time equivalency (FTE) from part-time to full-time or vice versa once in a twelve (12) month period unless approved by mutual agreement of the parties. If employees return to their previous positions by their request, they shall not be permitted to bid again for one (1) year unless approved by mutual agreement of the parties.
- 11.8 In the event bargaining unit employees withdraw their bids, or decline after the list of three (3) employees are certified to the department or unit, other bargaining unit employees, or, if none are available, non-bargaining unit personnel will be considered to insure a total of three (3) certified candidates for the

department manager's consideration until a candidate is awarded the position and it is accepted.

- 11.9 Upon written request, individuals who are not successful bidders may receive the name of the individual selected and the reason for their non-selection from the Human Resources Department.
- 11.10 Bargaining unit employees who are in the classification of the vacancy, and all other bargaining unit employees, shall be qualified to bid for the vacancy if: (1) they meet the current required qualifications specified on the posting; and (2) they have a satisfactory work record with no active level 3 corrective actions.

Qualified bidders shall be ranked by seniority. The factors considered to select the candidate for the vacancy shall include: (1) the employee's qualifications compared to the requirements for the job listed in the posting; (2) seniority; (3) experience; (4) education/training (certifications, specialty classes, training sessions, etc.); and (5) prior work record (conduct, attendance, etc.). The selection shall be made from the three (3) most senior qualified employees to fill the vacancy. If fewer than three (3) qualified bargaining unit employees bid on a vacancy, qualified non-bargaining unit individuals may be considered. An outside candidate must be better qualified for the vacancy to be selected over a bargaining unit member for the position.

- 11.11 If no employee bids on a job opening or no one has the basic qualifications to perform the job, the position can then be filled by someone from outside to be determined by the Human Resources Department.
- 11.12 The parties recognize the need to establish intermittent, contingency and/or academic year positions and such positions shall be in the bargaining unit. Contingent positions will be defined as positions utilized on an as needed basis that will be determined by departmental needs. Operational needs/minimum shift requirements will be communicated in writing to staff as soon as practicable. Such positions shall be ongoing but shall normally not exceed 1000 hours per year except academic year positions.
- 11.13 The parties recognize two categories of contingent employees: regular and premium contingent staff. Premium contingent positions may be paid up to a 25% premium without sick leave or other benefits except for provisions afforded under article 14. Regular contingents shall accrue sick time, receive holiday compensation as defined in article 14, but are not entitled to any other benefits including contingent premium pay.

# ARTICLE 12 FUNERAL LEAVE

12.1 Each full-time employee or regular part-time employee who is absent from work due to a death in the employee's current immediate family, defined as spouse, parents, children, grandparents, siblings, grandchildren, brother-in-law, sister-in-law, daughter-in-law, son-in-law, mother-in-law, father-in-law, or a legal guardian or person who stands in the place of a parent shall be granted a leave of absence up to five (5) consecutive working days (excluding weekends and holidays) to be used exclusively to make funeral arrangements and to attend the funeral or memorial service. The funeral leave shall not extend beyond the date of the funeral or memorial service, even if a balance of the five (5) days exists. If the funeral is out of town (500 miles round trip), one day from the balance of the initial five (5) days may be used for return travel. Each full-time or regular part-time employee shall be granted a leave of absence not to exceed one (1) day to attend the funeral or memorial service for aunts, uncles, or former immediate family members. Pay for such leave shall be deducted from the employee's accumulated sick leave up to the maximum of hours scheduled on the days taken off. If sufficient sick leave is not available the employee may be granted a leave of absence without pay for up to five (5) consecutive working days for current immediate family (excluding weekends

and holidays).

12.2 The employer may request proof before approving payments for funeral leave.

# ARTICLE 13 DISPUTE RESOLUTION PROCEDURES

#### 13.1 Purpose:

The purpose of this Article is to provide an effective method for settlement of disputes. The University of Toledo and AFSCME encourage informal resolution to employee complaints. To that end, employees should present such complaints for review and discussion as soon as possible. Such review and discussions should be held with a view to reaching understanding which will resolve the dispute without the need of recourse to the formal grievance process (if applicable). The resolution of a grievance prior to its appeal in writing to Step 3 shall not establish a precedent binding on the University or AFSCME.

#### 13.2 Definitions:

- A. Grievance: If a dispute arises over the interpretation or application of any specific provision of this Agreement or term of employment specifically provided for by this Agreement, it shall be defined as a grievance.
- B. Mediation: Mediation is a process where the parties enlist the help of a neutral third party in fashioning the parties' own solution to the problems underlying their dispute. Mediators do not impose solutions but serve rather to facilitate communication and imagination amongst the parties.

#### 13.3 Eligibility:

Employees who have not yet passed their new hire probationary period cannot utilize the grievance process.

#### 13.4 Time Limits:

For a dispute that arises over the interpretation or application of any specific provision of this Agreement or term of employment specifically provided for by this Agreement, the employee, with or without a Union representative, shall complete a grievance form as soon as possible, but not later than ten (10) working days after the event(s) giving rise to the problem or the employee knew or should have known of the event(s) giving rise to the problem. The grievance shall be filed at Step 1 unless it may be filed at Step 3 as set forth in Section 13.7.

Failure at any level of the dispute resolution process to communicate the decision within the specified time limits shall permit the grievant and/or their representative to proceed to the next level. The grievance form shall be presented to management via the UT email system. Grievance responses shall be provided to the union via UT email system.

#### **GRIEVANCE PROCESS**

#### 13.5 Level 1 – Immediate Supervisor

A. The employee and/or their Union Representative shall reduce all facts concerning the grievance to

writing on the grievance form, and present it to the immediate supervisor for discussion and settlement within 10 (ten) working days after the event giving rise to the grievance or the employee knew or should have known of the event(s) giving rise to the problem.

- B. In reducing the grievance to writing, the employee shall set forth with reasonable clarity; the nature of the act or acts on which the grievance is based, the time such acts occurred, the identity of the jobs and employees covered by the grievance, the provisions of the Labor Agreement which have been violated and the remedy requested.
- C. A meeting will be scheduled within ten (10) working days after receiving the written grievance, unless the employee formally withdraws the grievance in writing.
- D. The immediate supervisor shall answer the grievance within ten (10) working days after the grievance meeting has occurred. The answer shall set forth in written detail and with reasonable clearness the facts and provisions of the Labor Agreement on which the decision is based.

### 13.6 Level 2 – Next Level of Supervision

If the written grievance is not settled at Level 1, it shall be submitted to the next level of supervision or department administrator for discussion and settlement within ten (10) working days of management's response at Level 1. A meeting will be scheduled within ten (10) working days after receiving the written grievance, unless the employee formally withdraws the grievance in writing. The next level of supervision or department administrator shall answer within ten (10) working days after the grievance meeting. The answer shall set forth in written detail and with reasonable clearness the facts and provisions of the Labor Agreement on which the decision is based.

- 13.7 Grievances may be filed directly at Level 3 of the Grievance procedure for any of the following reasons:
  - 1. Grievances involving unpaid suspension or termination.
  - 2. Grievances being filed by the entire bargaining unit or by multiple departments within the bargaining unit. Using the most recent seniority list, the union shall have all affected employees who fall under the grievance confirm their participation in the Grievance by the date of the Step 3 hearing, with any potential monetary remedy limited to those individuals. The union must identify those individuals by name who confirmed their participation in the grievance at the Step 3 hearing..
  - 3. Upon mutual agreement in writing by the parties.

### 13.8 Level 3 – Department/Division Vice President or Designee and/or Appointing Authority or Designee

If the written grievance is not settled at Level 2, it shall be presented by the employee or a Union Representative to the office of the appropriate department/division Vice President and/or Appointing Authority and/or designee within 10 working days after management's response at Level 2. A hearing will be scheduled within ten (10) working days after management's response at Level 2 unless the union or employee formally withdraws the grievance in writing. The Vice President or Vice President's designee and the Appointing Authority or designee shall respond to the grievant within ten (10) working days after receipt of the grievance or ten (10) working days after the close of the hearing.

### 13.9 Level 4 – Mediation (Optional)

Although mediation is optional and needs to be mutually agreed, the parties will consider mediation in good faith as an alternative process. Any grievance may be submitted to mediation by either the University or AFSCME in accordance with the then applicable rules of the American Arbitration Association, Federal Mediation and Conciliation Service, or SERB within ten (10) business days of receiving the request to proceed to mediation. An alternative mediator may be selected with mutual agreement of the University and AFSCME.

#### 13.10 Level 5 - Arbitration

Any grievance alleging violation of this collective bargaining agreement which remains unresolved after having been fully processed, pursuant to the grievance procedure set forth above, may be submitted to binding arbitration, providing the Union serves written notice of demand to arbitrate the grievance or dispute upon the Employer within twenty (20) working days after receipt of Employer's written decision under Level 3 above. If the parties are unsuccessful in mediation, the Union has fifteen (15) working days after the mediation session or after receipt of the mediation report to submit to arbitration. The grievance shall be submitted to arbitration, with the Union making the request for the panel, in accordance with the following procedure:

#### 13.11 Procedure:

Within ninety (90) working days of receiving a notice to arbitrate, the parties shall select an arbitrator from a panel provided by the Federal Mediation & Conciliation Service (FMCS) if the parties are unable to mutually agree upon an arbitrator. The arbitrator shall be notified as soon as possible of their selection and a hearing shall be scheduled as soon as possible. For discharge cases, an arbitration hearing will be scheduled to be held within one hundred and fifty (150) days of the receipt by the Union of the University of Toledo's third step answer or step 4 mediation session / report. Except as provided hereafter, failure to meet these time limits will result in the grievance being considered withdrawn by the Union. If the time limits are exceeded through no fault of the Union, the grievance shall not be considered withdrawn. Nothing in this section shall preclude the parties from extending the time limits set forth herein by mutual written agreement.

#### 13.12 Rules:

The arbitrator shall limit the decision strictly to the interpretation, application, or enforcement of the specific Articles of this Agreement, and the arbitrator shall be without power or authority to make any decisions contrary to, inconsistent with, modifying, or varying in any way the terms of this Agreement.

The decision of the arbitrator resulting from an arbitration of grievances hereunder shall be in writing and sent to the Head of Human Resources and the Union Representative. The decision of the arbitrator made within his jurisdiction shall be final and binding on the parties.

- 13.13 All expenses incidental to the selection of the arbitrator, the fee and all other expenses relating to the proceeding itself will be shared equally between the Union and the Employer.
- 13.14 The arbitrator shall render a written award which is complete enough to allow the parties to determine the basis of his decision as quickly as possible after the hearing, but no later than thirty (30) days after the hearing has been held or the arbitrator receives the parties' post-hearing briefs. If a grievance has not been timely processed at any level of the grievance procedure by the Union, it shall be deemed waived and the

arbitrator shall be barred from hearing it. It is the intent of the parties to process grievances as quickly as possible as they arise.

- 13.15 The grievant may be present at any level of the grievance procedure if there is a discussion of the grievant's problem between the Employer and the Union. By the same token, the grievant may or may not choose to have union representation at any level of this procedure. The Employer will provide the Union with a copy of all written responses.
- 13.16 It is understood and agreed that by mutual agreement of the parties, any level of the grievance procedure may be omitted and/or the time limits at any step may be extended for a specified period of time in writing.
- 13.17 No grievance may be settled individually with an employee that is contrary to the terms of this Agreement. No agreement shall be made with an employee individually at any meeting provided in this article without the Union being offered an opportunity to have a representative present.
- 13.18 Any financial remedy resulting from an award granted herein, shall be limited to up to nine (9) months or one-half (1/2) the time owed, whichever is greater, not to exceed a maximum of 12 months.

```
e.g., 3 months = 3 months
6 months = 6 months
9 months = 9 months
12 months = 9 months
18 months = 9 months
24 months = 12 months
36 months = 12 months
```

If the parties mutually agree to a delay in the arbitration process due to scheduling difficulties arising between the parties' representatives or the arbitrator, the employee's remedy will not be tolled for the period of the delay under this section.

# ARTICLE 14 HOLIDAYS

#### A. 14.1 Recognized Holidays:

An "Academic Holiday Calendar" recognizes the holiday dates for employees in positions that do NOT support 24 x 7 operations, Monday through Friday. A "Clinical Enterprise Holiday Calendar" recognizes the holiday dates for employees in positions that support seven-days-a-week operations.

If any of the holidays as provided herein falls on a Saturday, the Friday immediately preceding shall be observed as the holiday. If any of the holidays as provided herein falls on a Sunday, the Monday immediately succeeding shall be observed as the holiday. Employees whose work schedules are based on the requirements of a seven-days-a-week work operation shall observe holidays on the actual days specified as provided herein.

The recognized holidays are:

Independence Day
Labor Day
Veterans Day
Thanksgiving Day
President's Day (Flex to day after Thanksgiving)
Columbus Day (Flex\*)
Christmas
New Year's Day
Martin Luther King Day
Memorial Day
Juneteenth

### 14.2 Holiday Premium Pay:

Any employees required to work on a recognized holiday shall be paid a premium of one and one-half times their hourly rate for all hours worked in addition to their holiday pay or they may be granted holiday compensatory time off at time and one-half  $(1\ 1/2)$  in addition to the normal day of holiday pay provided the employee's total of holiday and overtime compensatory time does not exceed the maximum number of hours allowed to be accumulated as set forth elsewhere in this agreement.

#### 14.3 Scheduling During Holiday Weeks

The employer has the right to schedule all staff nurses on in-patient floors to the full budgeted FTE each week, including weeks on which a holiday falls. The employer and union agree to establish an annual opt-out procedure for all staff nurses on in-patient floors and to designated a preference for a day off during one (1) of the weeks in which they are not scheduled to work the holiday, provided operational needs of the University Medical Center permit.

#### 14.4 Holiday Pay Distribution:

If an employee is required to work on a holiday, they will receive holiday pay in an amount equal to all hours worked. If an observed holiday falls on an employee's day off, such employee shall be paid holiday pay for that day regardless of the day of the week on which it is observed.

- If an employee is a 1.0 FTE, they will receive 8 hours of holiday pay.
- If an employee is a .9 FTE, they will receive 8 hours of holiday pay.
- If an employee is a .6 FTE, they will receive 4.8 hours of holiday pay.
- If an employee is a .5 FTE, they will receive 4 hours of holiday pay.
- If an employee is below a .5 FTE, they will not receive any holiday pay since they are not considered part time per this article.

#### 14.5 Holiday Pay during Vacation Leave:

Days specified as Holidays shall not be charged to an employee's vacation leave unless as otherwise specified under section 44.8.

#### 14.6 Holiday Pay for Sick Call Off:

If an observed holiday falls on a day whereby an employee is requesting sick leave, such employee shall be assessed two sick day levels/equivalents.

<sup>\*</sup>Flex to Christmas Eve for seven-days-a-week operations.

With the exception of contingent employees, an employee who does not to report to work the scheduled shift before, the day of, or the scheduled shift after the holiday due to an illness of the employee or a member of the employee's immediate family shall not receive holiday pay as provided by this division, unless the employee can provide documentation of extenuating circumstances that prohibited the employee from so reporting to work. An employee shall not be paid for a holiday if the employee is in unpaid status (i.e. is on an unpaid or unapproved leave of absence or suspension), on the scheduled workday immediately preceding the holiday. Contingent employees will receive holiday pay only if they work on a holiday.

### ARTICLE 15 INJURY LEAVE

- 15.1 Employees must notify supervision of intent to commence a disability leave related to an injury or occupational disease which has been allegedly sustained "in the course of and arising out of" their employment. Employees must provide a disability slip from a licensed physician which clearly shows a disability "from" and "to" date. Failure to do so may result in forfeiture of other protections contained in this article. Employees who notify supervision of such intent, and produce a valid disability slip, will automatically be paid sick time for up to 7 days (assuming that the employee has accumulated enough sick time hours) for disability periods which have been approved by the Physician of Record in their Bureau of Workers' Compensation claim.
- 15.2 Employees are prohibited from collecting BWC benefits and sick pay concurrently by BWC and Industrial Commission rules. However, employees who have accumulated enough hours of sick time may arrange to continue to use sick time for BWC related disability periods longer than seven (7) days by notifying their supervisor in writing that they choose to do so, and by providing a valid disability slip. The extent of sick time used under this provision shall not exceed those hours used in the forty-five (45) work days immediately after the date of injury, at which point the employee must revert to BWC benefits. In the event that sick time is exhausted during this period, the employee may elect to use accrued vacation and/or compensatory time by notifying their supervisor. Neither vacation nor compensatory time used will be re-credited. Employees will continue to accrue sick time and vacation time for the period they have chosen to continue receiving sick time, vacation time, or compensatory time. When the employee reverts to BWC benefits, this accrual will cease. However, qualified employees shall continue to be carried on hospitalization benefits for up to one year (1) from the date of the injury. Employees will accumulate seniority for up to one year while on approved BWC disability leave.
- 15.3 Employees with officially approved BWC claims may request that all sick time used during the forty-five (45) work days immediately following their injury be re-credited to their sick time balance. Periods considered will be those for which the employee has produced a valid disability slip which clearly states the "from" and "to" dates of the disability period, and is signed by the physician of record in the claim. Such requests will not be accepted until the claim has been finally adjudicated.
- 15.4 Holidays which occur during the time the employee is carried on the regular payroll shall be compensated as a holiday and not charged to injury leave.
- 15.5 Employees who return to work prior to the expiration of the forty-five (45) work day period provided herein, and then are disabled at a later date due to the same injury, may use the unused portion of the forty-five (45) work days and thereafter follow the procedure outlined in the Article.

### ARTICLE 16 JURY LEAVE

- 16.1 Employees who are subpoenaed for jury duty or for a court appearance by the United States, the State, or any political subdivision and appears or performs such duty, such employees shall be compensated at their regular pay for the day or the hours they would have been scheduled to work. Employees will not be compensated for any time lost for appearing in any civil or criminal court proceedings wherein they are the plaintiff or the defendant.
- 16.2 In order to receive payment under this article, employees must give the Employer prior notice that they have been summoned and must furnish satisfactory evidence of such performance.
- 16.3 Employees who are subpoenaed and must report for jury duty as outlined in 16.1 above shall not be required to be on call the day before and the day of their jury duty.

# ARTICLE 17 LABOR/MANAGEMENT MEETINGS

- 17.1 Once a month on a specified day and time during working hours the Head of Human Resources or designee, and Union Local President, Chief Steward, and Vice President or Divisional Steward shall meet to discuss pending problems to promote a more harmonious relationship between the Union and the Employer. Each respective party is limited to three (3) participants, subject to the provisions below.
- 17.2 An agenda shall be furnished at least three (3) working days in advance of scheduled meetings. If there is no agenda for the scheduled meeting, said meeting will be cancelled.
- 17.3 Special Labor/Management meetings shall be held when requested by either party. When special Labor/Management meetings have been requested, they shall be convened as soon as feasible.
- 17.4 It is understood that any of the Labor/Management meetings may be attended by additional management representatives and Union officials by request of the committee only. Union members, other than officials, may be present if the parties agree mutually prior to the meeting.
- 17.5 A specific agenda for a special meeting shall be furnished at least three (3) working days in advance of scheduled meetings. If there is no agenda for the scheduled meeting, said meeting will be canceled. Both parties shall provide each other with specific information available to them at the time the agendas are exchanged. Any other relevant information that becomes available shall be provided to the other party by no later than the start of the meeting.

The parties shall be fully prepared to discuss items on the agenda at the meeting. Topics not on the agenda may be discussed only by mutual agreement.

# ARTICLE 18 LAYOFFS, SUBSEQUENT REHIRE AND FURLOUGHS

18.1 Workforce Reduction Alternatives: Prior to the University exercising rights afforded in 18.2, the parties agree to explore options to redesigning the workforce in order for the department / unit to meet budgetary constraints. The parties agree that Management will offer a voluntary reduction in FTE by seniority in each

affected department/unit. This would be an additional option for the parties and not required as part of the process. If an employee accepts a voluntary reduction in FTE, this would be permanent and without recall rights. Any benefit reductions would occur. The parties also could agree to offer voluntary shift changes by FTE offered by seniority. If an employee accepts a voluntary shift change, it would be permanent and without recall rights. This would be an additional option for the parties and not required as part of the process.

18.2 Layoff Definition: In the event of a reduction of the working forces for lack of work, lack of funds or abolishment of position(s), the reduction will be made within the job classifications affected on the basis of bargaining unit seniority in accordance with the following procedure. The Employer will end the employment of all temporary and new hire probationary employees in the classification within the unit/department where a job abolishment is planned to occur.

#### **Process:**

#### 18.3 EMPLOYEES WITH TWO YEARS OR LESS BARGAINING UNIT SENIORITY:

- A. Review Available Vacancies including Least Senior Employee in Same Classification or Choose Voluntary Layoff: Regular employees whose positions have been abolished, or who have been displaced from their positions and have two years or less bargaining unit seniority, will follow the following process:
  - i. Vacancy Requirement: The affected employee may fill any available vacancy in their same FTE or lower, same classification or lower, provided they have the current qualifications and ability to perform the available work. Satisfactory performance must be demonstrated within a probationary period of 90\* calendar days (see section 18.6 below). If a vacancy exists in their classification at their same FTE or lower, the EMPLOYEE MUST TAKE IT and go on recall if not made whole OR they can move to (iii).
  - ii. Least Senior Employee: If option (i) doesn't exist, then the employee has the right to take the least senior employee in the same classification, any shift, any unit/department, any FTE same or lower provided they have the current qualifications and ability to perform the available work. Satisfactory performance must be demonstrated within a probationary period of 90\* calendar days (see section 18.6 below).
  - iii. Voluntary Layoff: Regular employees whose positions have been abolished, or who have been displaced from their positions who choose not to take an available vacancy or exercise their eligible rights to displace another employee as described above must declare one of the following two options at the time of abolishment/displacement:
    - 1. the employee may choose to be laid- off and placed on the appropriate recall list and may bid from the date of layoff internally for other jobs until their recall rights are exhausted for jobs for which they are qualified and are among the top three bidders; or
    - 2. the employee may choose to be laid-off with no recall rights and may continue to bid internally for a period of two years from the date of layoff for jobs for which they are qualified and are among the top three bidders.

18.4 EMPLOYEES GREATER THAN TWO YEARS BUT LESS THAN EIGHT YEARS BARGAINING UNIT SENIORITY:

- A. Regular employees with more than two (2) years of bargaining unit seniority whose positions have been abolished, or who have been displaced from their positions, must take an available vacancy if one exists in their classification at their same FTE and same shift. If there are no vacancies in their same classification, same FTE and same shift, they will have the right to the following process:
  - May fill any available vacancy in their same FTE or lower, same classification or lower provided they have the current qualifications and ability to perform the available work. Satisfactory performance must be demonstrated within a probationary period of 90 calendar days (See, Section 18.6 below); or
  - 2. Displace the least senior employee, same classification with the same or lower FTE within their department without recall or;
  - 3. Displace the least senior employee in their classification, same FTE, same shift, any department provided their seniority entitles them to do so and provided they have the current qualifications and ability to perform the available work; if none then;
  - 4. Displace the least senior employee in the same classification, same FTE, any shift, any department; if none then;
  - 5. Displace the least senior employee in the same classification, same FTE or next lower FTE, any shift, any department. Satisfactory performance must be demonstrated within a probationary period of 90\* calendar days (see section 18.6 below). Refer to examples provided at the end of the article.
- B. If (A) is not an option, employees with greater than two years of bargaining unit seniority who have held a position within the prior two (2) years and completed the probationary period for that position shall have the right to displace the least senior equivalent (FTE) employee in that classification prior to being laid off.
- C. Any employee who would otherwise be laid off, after following (A) or (B) as described above, shall have the right to displace the least senior employee with the same or next lower full-time equivalency (FTE) in a lower classification in the same classification series within the bargaining unit provided their seniority entitles them to do so, and they have the current qualifications and ability to perform the available work. Satisfactory performance must be demonstrated within a probationary period of 90\* calendar days (see section 18.6 below).

### Examples of displacement rights as described in Article 18.4:

The following examples are for reference only and should not be considered a complete list of every scenario and every option. Options will be varied dependent upon multiple factors, which will be reviewed with the employee at time of displacement. All employees will be entitled to only **one** displacement per position held.

#### Example#1

1.0 FTE Position to be abolished.

1.0 FTE ABOLISHED (Linda Lou)

.75 FTE Alice Wonder

1.0 FTE Mary Sunshine

.25 FTE Thomas Thumbs

Linda Lou can take the 1.0 FTE position that Mary Sunshine holds.

#### Example #2

### .75 FTE Position to be abolished

.75 FTE ABOLISHED (Linda Lou holds two FTE's: .50 FTE AND .25 FTE)

1.0 FTE Alice Wonder

.50 FTE Mary Sunshine

.25 FTE Thomas Thumbs

Linda Lou can take the .50 FTE that Mary Sunshine holds AND take the .25 FTE position that Tom Thumbs holds.

#### Example #3

#### .75 FTE Position to be abolished

.75 FTE ABOLISHED (Linda Lou holds one FTE for .75)

1.0 FTE Mary Sunshine

.50 FTE Alice Wonder

.25 FTE Alice Wonder

Linda Lou can take the .50 FTE that Alice Wonder holds. Alice's .25 FTE remains unaffected in this scenario

#### 18.5 EMPLOYEES WITH EIGHT YEARS OR MORE BARGAINING UNIT SENIORITY:

Regular employees with eight (8) or more years of bargaining unit seniority who would otherwise be laid off, after following 18.4 as described above, shall have the right to displace the least senior employee on their shift with the same or next lower full-time equivalency (FTE) in a comparable pay range or a lower classification within the bargaining unit provided their seniority entitles them to do so, and they have the current qualifications and ability to perform the available work. Satisfactory performance must be demonstrated within a probationary period of 90\* calendar days (see section 18.6 below).

18.6 PROBATIONARY REMOVAL AFTER TAKING A VACANCY IN 18.3 a. (i) or DISPLACING IN 18.3 a. (ii), 18.4 and 18.5 above:

- A. If the employee is subsequently probationarily removed by management, they will have three options: (1) go on involuntary layoff with recall rights if no additional vacancy exists; (2) take a second vacancy (in their same FTE or lower, same classification or lower) if one exists, and no recall; or (3) voluntary layoff if a vacancy is declined (see 18.3 a. iii.).
- B. Within 14 calendar days the employee can notify Human Resources and elect to: (1) select a second vacancy (in their same FTE or lower, same classification or lower) if one exists with recall, if applicable or (2) take a voluntary layoff if a vacancy is declined (see 18.3 a iii options below). If no vacancy exists, the employee would either go on voluntary layoff (see 18.3 a. iii.) or they may elect to stay in the original vacancy.
- 18.7 Notice Period: Regular layoffs shall be by bargaining unit seniority within affected job classification and shift. Employees shall be given a hand-delivered notice fourteen (14) days before the effective date of a regular layoff. If mailed, the notice shall be mailed at least seventeen (17) days before the effective date of a regular layoff.

- 18.8 Recall Rights: Employees **who retain recall rights** shall be recalled in the reverse order in which they were laid off. Employees who are laid off retain reinstatement rights for two years from the date of layoff. A copy of the recall lists will be provided to the Union.
- 18.9 Voluntary Applications: Employees on layoff who desire employment in classifications other than the one from which they are on a recall list, are responsible for periodically checking with the Human Resources Department to determine available vacant positions for which they may be qualified and interested in filling.
- 18.10 Restrictions: No employee shall be promoted or hired into a bargaining unit classification in which a layoff occurred, unless all employees in the affected classification on the recall list have been sent recall notices. A vacancy shall not be filled with a non-bargaining unit person if full or part-time employees in the same classification on layoff have bid on the vacancy.

### 18.11 Temporary Layoff Procedure

### A. Temporary Furlough

Temporary furloughs shall be by bargaining unit seniority within affected job classifications and shift. There shall be voluntary and mandatory temporary furloughs.

- 1. Temporary furloughs shall first be offered to affected employees on a volunteer basis by seniority commencing with the most senior employee.
- 2. The following provisions shall apply to temporary voluntary furloughs.
  - a. Temporary voluntary furlough hours shall not be counted as temporary mandatory furlough hours (see below). The Employer will make reasonable efforts not to use temporary voluntary furlough more than once per person in a pay period.
  - b. Employees volunteering or forced to take temporary voluntary furlough may decide to take paid leave, i.e., compensatory time, personal time or vacation.
  - c. If additional temporary furloughs are needed, the furloughs shall be mandatory in the reverse order of seniority on a rotating basis (see below).
- 3. The following provisions shall apply to temporary mandatory furloughs.
  - a. Temporary mandatory furlough after volunteers are exhausted shall be on a rotating basis within a classification starting with the least senior and by unit/department as applicable. An employee may opt to take their turn of unpaid mandatory furlough in lieu of another employee. Any dispute will revert back to the seniority list. The Employer will make reasonable efforts not to use temporary mandatory furlough more than once per person in a pay period.
  - b. Employees required to take temporary mandatory furlough may decide to take paid leave, i.e., compensatory time, personal time or vacation. However, at management's discretion, and during times determined needed for budgetary purposes, temporary mandatory furlough will be unpaid. This is capped at 32 hours per calendar year per employee.

- c. The University of Toledo shall not apply either temporary voluntary furlough nor temporary mandatory furlough procedures until Agency, temporary and contingent/intermittent employees in the same classification, in the affected unit, are first put on leave in the order set forth above.
- d. There shall be no temporary transfers or other assignments into the position affected by a temporary voluntary or mandatory furlough while the employee in the position is on temporary furlough, except in case of an emergency.
- e. Employees not given advance notice of temporary mandatory furlough, prior to reporting to work, who report to work, will be paid 3 hours show-up pay.
- f. The University of Toledo shall keep temporary voluntary and mandatory furlough records, including a list of volunteers. Periodic reviews of department records will be discussed through Labor/Management Committee meetings.

### B. Temporary Layoff

Temporary layoffs, for less than thirty (30) working days, shall be by bargaining unit seniority within affected job classification and shift. This section will not be used for the purpose of avoiding the payment of unemployment compensation.

- 1. Notice: Employees shall be given a hand-delivered notice fourteen (14) days before the effective date of a temporary layoff. If mailed, the notice shall be mailed at least seventeen (17) days before the effective date of a temporary layoff.
- 2. Recall: Employees shall be recalled in the reverse order in which they were laid off.

### 18.12 Bumping Procedure for Staff Nurses

If the University of Toledo determines that layoffs or job abolishments are necessary, the University of Toledo shall determine from which nursing units and shift the layoffs or abolishments shall be required. Once the University of Toledo has made the above decision, those nurses affected may exercise their rights to bump other less senior nurses subject to the restrictions specified in Sections 3, 4 and 5 of this article.

A. Restrictions: Nurses may bump into positions in the following units for which they are qualified. For purposes of this section, qualified shall mean at least one year of work experience in a same or similar position within the past two years and the ability to perform the job with a maximum of 30 calendar days orientation.

Operating Room
Hemodialysis
Surgical ICU
Medical ICU/Neuro ICU
PACU
Emergency Department
Endoscopy

However, the University of Toledo reserves the right to discontinue bumping (and, therefore, no bumping will be permitted) when in the judgment of the University of Toledo further bumping would displace a significant number of current employees on a unit or a shift which would result in a situation which compromises the quality of patient care or would negatively impact the quality of patient care.

B. Discontinued Bumping: Nurses may bump into any other nursing unit, not listed in A above, for which they qualify. However, bumping will be discontinued (and, therefore, no further bumping will be permitted) when bumping results in 30% of turnover or changeover in a unit and no more than half of the above 30% may impact any one shift.

\*If a vacancy/bid is posted as 180 calendar days, that will be the probationary period. Other than that, all probationary periods for displacements under this article are 90 calendar days.

### ARTICLE 19 LUNCH PERIOD

- 19.1 All employees shall be scheduled a one-half (1/2) hour lunch period during each work shift of six hours or more. This lunch period shall be scheduled as near as possible to the middle of each work shift. Whenever an employee is requested to work overtime which will exceed three (3) additional working hours in any working day, the Employer shall grant the employee one-half (1/2) hour with pay to obtain a meal.
- 19.2 Employees who are required by their supervisor to be on-call or work during their scheduled lunch period, shall be assigned an alternate lunch period if possible by their supervisor. In the event employees are required to work during their lunch and, in fact, miss their lunch period, such employees shall notify their immediate supervisor in writing as soon as possible but no later than the end of the employee's next work day. If verified by the supervisor, thirty (30) minutes shall be credited to the employee's time card and such time shall be included in the calculation of overtime.
- 19.3 Only with the prior approval of the supervisor may one or both breaks be combined with the lunch period.

# ARTICLE 20 NO STRIKE AND NO LOCKOUT

#### 20.1 NO LOCKOUT

The Employer agrees not to institute a lockout of employees during the term of this Agreement.

#### 20.2 NO STRIKE

It is understood and agreed that the service performed by the employees included in the Agreement are essential to the health, safety and welfare of the patients. The Union, therefore, agrees there shall be no strike, work stoppage or interruption of the work for any cause whatsoever or picket the Employer's premises, nor shall there be any work slowdown or other interference with the services.

20.3 The Employer may require employees to go through picket lines of any organization to maintain services

at any of its facilities after adequate arrangements have been made to protect the employees from bodily harm. Employees shall not be required to cross picket lines at any facility not being operated by the Employer.

# ARTICLE 21 ON-CALL PAY

- 21.1 Employees in departments requiring on-call status will receive three dollars (\$3.00) per hour that they are scheduled to be on-call, but not at work.
- 21.2 Employees must be able to respond to being contacted during a scheduled on-call period and when called into work must report within one (1) hour, unless there has been a defined period of time predetermined by their department. If the employee lives more than fifty (50) miles away from the institution, it will be handled on a case by case basis.
- 21.3 When an employee is called at home to perform work or provide consultation in troubleshooting, under the direction of an authorized supervisor, and the employee is not required to return to the workplace, but instead can provide the assistance remotely, the employee shall be paid a minimum of .5 hours of pay regardless of how short the actual time worked. Any work time in excess of the initial .5 hours will be paid in .5 hour increments. Such hours shall be recognized as hours of work for purposes of the current policy of overtime calculation.
- 21.4 The on-call period will be defined as the hours that an employee will be required to be accessible to work or resolve issues from a remote location. Employees must be accessible by telephone, pager or other electronic device during the on-call period. The on-call period will be considered a regular shift. Once the employee reports to work, the employee will be paid their hourly rate of pay, applicable overtime and compensatory time will be applied if the total weekly number of hours worked exceeds forty (40) hours. Employees called in to work during a scheduled on-call period will be paid for at least four (4) hours of pay no matter how short a time actually worked.
- 21.5 If the employee is sick during what was assigned to be their on-call shift, they must call in sick as they would if they were working their regular shift. They will be required to use sick time and will be pointed as this is considered a regular shift. The employee will still be required to fulfill their obligation.

#### **NURSE ON-CALL**

- 21.6 All full-time staff nurses will be required to take one twelve (12) hour shift of on-call every twenty eight (28) calendar day schedule. Part-time and contingent nurses will be required to take one twelve (12) hour shift of on-call every two (2) twenty eight day schedules.
- 21.7 Full-time, part-time and contingent nurses are required to work one (1) Friday, one (1) Saturday, and one (1) Sunday of on-call per calendar year.
- 21.8 Management shall post all open shifts/ "holes" in the schedule as early as possible to allow staff nurses to schedule on-call. If a staff nurse picks up a shift that has been identified as a "hole" by management they may schedule themselves as "on-call worked." This pre-scheduled time will count towards the on-call requirement. On-call worked is defined as a shift that you are scheduled to work.

If more than one employee requests the shift it will go to the most senior person based on bargaining unit seniority.

Employees scheduled as "on-call worked" and subsequently called off before the start of their shift, will be seen as fulfilling their on-call obligation for that shift.

Staff nurses who do not voluntarily pick up a "hole" in the schedule will be scheduled as "on-call scheduled." "On-call scheduled" is defined as being available in a work ready status to work the shift if needed.

21.9 After the schedule is published, a staff nurse may take the on-call requirement for another nurse. In that event, the nurse whose on-call is taken will be credited with completing their on-call obligation for that shift, in that twenty eight (28) day schedule.

Nurses may also trade on-call shifts with the permission of their immediate supervisor. No reasonable request will be denied.

- 21.10 When a staff nurse is called in for "on-call scheduled or on-call worked" they will work on their unit and will not be pulled to work in another unit/area.
- 21.11 If a staff nurse is called in to work when on-called scheduled or on-called worked and is then subsequently sent home during any portion of that shift, the on-call requirement for that nurse will be considered completed for the scheduled period.
- 21.12 The University and the Union will meet quarterly to address units or departments that have a higher than normal rate of on-call usage.

The University agrees to furnish time records to the union that are necessary for it to conduct reviews of and enforce the on-call procedure.

### ARTICLE 22 OVERTIME

- 22.1 Employees who are required to work more than forty (40) hours in a payroll week beginning 12:00 midnight Saturday to 11:59 p.m. the following Saturday shall be compensated at one and one-half (1%) times their regular rate of pay or be given compensatory time on a one and one-half (1%) basis except for sick time used. Sick time used will not be counted in the calculation of weekly overtime.
- 22.2 Mandatory Overtime: When management determines that it is necessary that employees stay and work beyond their normal quitting time, the following procedure shall be in effect:
  - A. If management has advanced notice that an overtime opportunity exists, the overtime opportunity will be posted and employees given the option to sign up for the overtime slot to be worked.
  - B. If management has no advanced notice of the opportunity, or an overtime slot was not filled as described in 22.2 A, employees will first be asked to volunteer to stay and work based upon who is next in the rotation.

- C. If the slot or slots is/are not filled on a volunteer basis, then the least senior employee in the positions will be required to stay. This shall be done on a rotating basis so that the same employee shall not be required to stay every time there is such a requirement.
- D. Employees will be notified as early as possible before the overtime period commences that they will be required to stay and work beyond their normal quitting time.
- E. In situations of a personal emergency, employees will not be required to work overtime. Employees shall not misuse the personal emergency exception to avoid overtime.
- F. The Employer will make reasonable efforts to minimize the use of mandatory overtime.
- 22.3 The Employer will make every effort to equalize overtime, and call-in overtime on a fiscal year basis between employees in the same classification and in the same department or unit. To facilitate the equalization of overtime or call-in overtime, the Employer will maintain a rotating overtime list, showing the number of hours of overtime worked for each employee in the same classification in each department or unit. Employees who decline overtime, or who cannot be contacted to work call-in overtime will be charged with the actual hours of overtime they would have otherwise worked for purposes of determining overtime equality. Employees who are unequal at the end of each year shall not be compensated, but shall be given an opportunity, within a reasonable period of time, to become equal, as overtime work becomes available. Overtime opportunities need not be offered to employees during their probationary period.
- 22.4 Employees entitled to receive overtime or premium pay shall be entitled to accrue those hours as compensatory time up to the maximum number of hours as provided elsewhere in this Agreement. Any compensatory time accrued in excess of two hundred forty (240) hours will be paid out as it is earned. Employees who wish to be on the accrual system shall execute a form proposed by the University of Toledo. 22.5 No employee will be required to work mandatory overtime more than one hundred (100) hours per calendar year. No employee will be required to work more than sixteen (16) hours in a twenty four (24) hour period.
- 22.6 When employees are required to work mandatory overtime, and said employees perform services which would prohibit them from having ten (10) hours off prior to the beginning of their next regularly scheduled shift, employees may request permission from their supervisor to use Administrative Leave in one hour or more blocks. After having ten (10) hours off, the employee may be required to report to their regularly scheduled shift. The Employer agrees to provide forty (40) hours of Administrative Leave per calendar year for classified and unclassified employees in the bargaining unit. Requests by employees will not be unreasonably denied.
- 22.7 Employees who work overtime are entitled to breaks and lunch (meal) periods as outlined in Article 27.

### ARTICLE 23 PAY DAY

- 23.1 Pay Day shall be every other Friday. All paychecks shall be direct deposited in an account maintained by the employee at a banking institution or credit union of their choice.
- 23.2 Pay stubs will be available electronically on the Wednesday before payday. The pay stub will contain identical information, but not limited to, the current pay stub. Access and usage of the electronic pay stub

program (E.P.S.P.) will be password protected and encrypted. Access to payroll information will be available to those employees unable to obtain this information electronically. Additional equipment will be added to employee only/restricted areas. All employees will be required to participate in the E.P.S.P.

- 23.3 Upon request, errors and/or omissions in excess of five (5) hours' pay will be reimbursed to the employee prior to the next payday, otherwise all other errors and/or omissions will be corrected on the following pay day.
- 23.4 This section authorizes the Employer to make any applicable deductions from an employee's paycheck upon the employee's termination for any liability owed, including property, parking tickets, etc.

# ARTICLE 24 PERSONNEL FILES

- 24.1 Employees shall be permitted to review the contents of their Personnel File in the presence of a representative of the Human Resource Department during non-work time or with the permission of the employee's supervisor when such records are reasonably available for inspection.
- 24.2 In addition to such reviews, employees and/or their Union Representative may review such file prior to disciplinary hearings or in the processing of grievances related to such information. Employees' Representatives may review Personnel Files upon request, in the presence of a representative of the Human Resource Department.
- 24.3 Employees shall continue to receive a copy of materials that will become a part of their personnel record when they request such copy.
- 24.4 Employees or the Union Representative shall be provided with an electronic copy of the material. If the material needs printed, copies of material in the file will be provided upon payment of a reasonable fee not to exceed seven cents (\$.07) for each page over ten (10) pages.
- 24.5 Access to medical, psychiatric or psychological information shall be available in accordance with the Privacy Act.

# ARTICLE 25 PROBATIONARY PERIOD

- 25.1 The normal initial probationary period for newly hired employees shall be one hundred eighty (180) days. Initial probationary employees may be disciplined or terminated without resort to the grievance procedure. Appropriate step increases will occur at the successful completion of the probationary period.
- 25.2 The normal probationary period for a promotion shall be one hundred eighty (180) days. Promotional probationary employees may be returned to the same or similar position from which they came if the employee is unable to perform the job satisfactorily. Employees may request to return to the same position from which they came within the first eighty (80) hours worked or the first full pay period, whichever comes first. Appropriate salary adjustments will occur at the successful completion of the probationary period.
- 25.3 Employees who voluntarily demote themselves are considered on probation for the first ninety (90) calendar days. Such employees if their performance is deemed unsatisfactory will have the right to fill an

available vacancy for which they qualify.

25.4 Employees who transfer laterally from one job to another may request to return to the same position from which they came within the first eighty (80) hours worked or the first full pay period, whichever comes first. Employees who transfer laterally from one job to another may be returned by Employer to the same position from which they came, if the Employer determines they are unable to perform the job satisfactorily, within the first sixty (60) calendar days. Employees who change positions within the same pay grade but to a different job classification are on probation for the first 180 calendar days and may request to return to the same position from which they came within the first eighty (80) hours worked or the first full pay period, whichever comes first.

25.5 These time limits may be extended by mutual written agreement between the Employer and the Union.

# ARTICLE 26 PUBLICATION

26.1 A copy of the Collective Bargaining Agreement shall be available to all employees by this Agreement via the Web. Management agrees to post the contract on the Human Resources website and will have available to the Local a page on the University of Toledo website.

# ARTICLE 27 REST PERIOD

- 27.1 All employees will be scheduled a fifteen (15) minute rest period during each four (4) hours of the shift. If employees are required by their supervisor to work during their scheduled rest period, the supervisor shall schedule an alternate rest period.
- 27.2 If an employee regularly works at a site which is a considerable distance from the closest designated break area where employees may take their scheduled fifteen (15) minute rest, the Labor/Management meeting shall establish the length of additional time to be granted to such employee or employees for travel purposes to and from the rest area.

# ARTICLE 28 SAFETY AND HEALTH

28.1 **Safety and Health Committee.** The University of Toledo Safety Committee will be established in accordance with guidelines determined by the Joint Commission on Accreditation of Healthcare Organizations. Members of the Committee will be those positions specifically directed by the Joint Commission on Accreditation of Healthcare Organizations, plus three (3) union members, a chairman, and others deemed appropriate.

The Safety Committee will meet and review those matters recommended by the Joint Commission on Accreditation of Healthcare Organizations; Occupational Safety and Health Act; and appropriate state and city safety rules and directives. The Chairman of the Committee shall have the discretion to cancel a scheduled meeting, provided a majority of Committee members support the cancellation.

The Committee shall recommend those actions, procedures, and rules necessary to ensure that the University of Toledo is in compliance with all appropriate safety rules and regulations.

Employees are encouraged to report all safety violations and concerns. The Union Representatives shall bring safety complaints from employees to the Safety Committee and the Committee will attempt to resolve its complaints within a reasonable time.

Advance written notice of Safety Committee meetings, place, date and time will be provided to all members. Should a regularly scheduled meeting need to be postponed, the postponement notice will include the rescheduled meeting time.

28.2 Infection Control. Consistent with the Centers for Disease Control and Prevention Guideline for Infection Control in Health Care Personnel, and University Policy 3364-109-EH-603, the parties agree that all bargaining unit employees who come in contact with patients in the hospital or ambulatory care clinics will need to be vaccinated against influenza when flu season begins each fall. The influenza vaccine will be offered to all health care workers, including pregnant women, before the influenza season, unless otherwise medically contraindicated or it compromises sincerely held religious beliefs.

# ARTICLE 29 SENIORITY

- 29.1 Seniority shall be defined as the uninterrupted length of continuous service in a position within the Bargaining Unit with the University of Toledo and/or predecessors of the University of Toledo. Seniority shall be measured in calendar days of employment. Any employee under jurisdiction of this Agreement transferred or promoted to a position with the Employer not under this Agreement may be returned without loss of seniority already earned to the date of transfer.
- 29.2 The term "continuous service" as used in this Agreement, shall be so construed that absence from employment due to illness, accident, other approved leaves of absence or layoffs up to two (2) years due to lack of work or funds shall not cause a break in the term "continuous service." It shall, however, be broken for any of the following reasons:
  - A. Quit or voluntary resignation;
  - B. Discharge for cause;
  - C. Failure to return to work at scheduled expiration of leave of absence;
  - D. A leave of absence may be cancelled and service broken if the employee performs other work without the Employer's knowledge;
  - E. An employee absent from work for three (3) consecutive working days without notification in accordance with departmental procedures will be considered a voluntary quit and will cancel all previous seniority except in case of extreme personal emergency, such case to be reviewed by Management and the Union.
  - F. An employee on layoff who fails to report for work within ten (10) days after being notified by registered mail at their last known address on file in the Human Resources Department will be considered as a voluntary quit and this will cancel all seniority and re-employment rights unless the Human Resources Department has been properly notified and has agreed to the extension of time. If

an employee is to be separated under this section the Union shall be notified and shall have five (5) working days in which to determine if there are extenuating circumstances which prevented the laid off individual from responding. The parties agree to meet within the five (5) days to consider the possible extension of the reporting time by the Employer.

29.3 The Employer will provide up-to-date classification seniority lists to the Union. These lists shall be kept up to date and give the employee's date of employment in the classification and total seniority. The list shall be available for all employees to examine.

# ARTICLE 30 SICK TIME PROGRAM & LEAVES OF ABSENCES

#### 30.1 Eligibility:

This Article applies to all full time, part time and contingent employees who earn sick time.

#### 30.2 Accruals of Sick Time:

Employees shall accumulate sick leave at the rate of .058 per hour of pay including vacation and sick leave, but not including time on an unpaid leave of absence. Accrual of sick leave shall be unlimited. Employees may use sick leave, upon approval of the responsible administrative officers, for absences due to personal illness, injury, exposure to contagious disease which could be communicated to other employees, pregnancy and/or childbirth and related conditions, and to illness, injury or death in the employee's immediate family.

### 30.3 Proper Notification Defined:

Employees who are unable to report to work shall be responsible for directly notifying their immediate supervisor, or their designee prior to the beginning of their work shift. Existing departmental call-in procedures shall be reviewed by the labor/management committee for reasonableness. Employees will be informed of the names of supervisors and/or designees who are to be called concerning inability to work due to illness. Employees shall be eligible for sick leave payment if they are prevented from calling in prior to the shift by acts of nature or other events documented by a police accident report, hospital admission, or Emergency Room slip. Each and every late call off will be considered a separate violation covered under Article 7 "Corrective Action".

#### 30.4 Definitions:

Sick Day: means an employee is not present or not in attendance for any portion of a scheduled shift for a period of time of two (2) hours or beyond due to 30.1 reasons. Two (2) sick days shall be assessed for each sick day incurred on the weekends. (Only one sick day will be assessed if the weekend shift is made up within twelve (12) months of the occurrence) One "sick day" is also equivalent to two (2) lates/early outs.

Early Out: means an employee who leaves work due to 30.1 reasons for a period of time less than two (2) hours and is treated in the same manner as lateness below. This is equivalent to  $\frac{1}{2}$  of a sick day as defined above.

Lateness: Late will be defined as 5 minutes or more up to one hour and 59 minutes after the employee's shift begins and tardies will cease to exist. This is equivalent to 1/2 of a sick day as defined above. Leaving work

without prior approval before the employee's scheduled shift ends will be considered a code of conduct issue under Article 7.

Weekend: for all shifts, except for the internal agency, begins 10:59 P.M. on Friday and ends 10:59 P.M. on Sunday each week.

Rolling Twelve (12) Month Period: will be considered by beginning with the most recent occurrence of a sick day or its equivalent and counting twelve (12) consecutive months backwards.

Shift: is defined as a scheduled period of time of at least four (4) hours.

#### 30.5 Exclusions:

The following sick leave time off under Article 30 shall not be assessed as a sick day:

- (1) sick leave used for approved FMLA leave or approved ADA leave;
- (2) sick leave used for pregnancy and/or childbirth and related conditions;
- (3) sick leave used as personal leave in section 30.13; and
- (4) unpaid medical leave in section 30.14.

In addition, the following time off shall not be assessed as a sick day:

- (1) funeral leave deducted from sick leave under Article 12, section 12.1;
- (2) vacation time charged to earned sick leave under Article 44, section 44.9;
- (3) injury leave in Article 15, regardless of whether or not a workers compensation claim is filed provided that one could reasonably deduce that it was work related and contracted at work, including a workplace exposure as categorized by a certified health care provider in University Health Services or other equivalent department;
- (4) administrative leave in Article 6, section 6.3; and
- (5) sick leave taken off by part-time employees under section 30.1 that results in an absence, including normal days off, of five (5) consecutive calendar days.

#### 30.6 Trades:

An employee may have another employee cover the employee's shift that the employee would have taken off as a sick day. Trades shall only be made between employees in the same classification. All trades must have prior approval of the employee's supervisor. Up to twelve (12) hours prior notice must be provided for trades. Trades cannot create overtime. The person accepting the trade will be assessed one (1) sick day if that person does not report to work in accordance with the trade.

#### 30.7 Corrective Action:

For purposes of corrective action, the following table describes the corrective action intervals and summarizes the action required:

		*Corrective Action Intervals for Sick Days														
Sick Day																
Levels																
or Equivalents	5	7	9	11	12											
				*Level Three												
		*Level One	*Level Two	written												
Action		oral/written	written	warning/	*Level 4											
Required	*Coaching	warning	warning	pre-discharge	Termination											

<sup>\*</sup> Or the appropriate level of corrective action under Article 7 when prior active corrective action exists.

Disciplinary action issued for violation of the Sick Leave Program will be active for one (1) year from date of issue except for Level 3 Written Warning/Pre-discharges will be active for 24 months. Terminations will be appealed at level 3 of the grievance process.

### 30.8 Termination Hearing (Level 4):

Any employee who is recommended for discharge shall be entitled to a hearing with the Head of Human Resources (or their designee), their supervisor, the supervisor's direct supervisor, and union representation within 72 hours, excluding weekends and holidays. The participants will be limited to those individuals only unless mutually agreed to.

30.9 Relationship between Article 7 "Corrective Action" and Article 30 "Sick Time Program and Leaves of Absence":

Notwithstanding the progressive disciplinary levels outlined above, an employee's misconduct shall be additional grounds for the employee's discipline at the next level of progressive discipline

Example 1: Employee currently has a Level 2 Written Warning for misconduct. Within 12 months of that Level 2 Written Warning, employee accumulates the equivalent of five (5) sick days. The employee would receive a Level 3 Written Warning/Pre-discharge for having accumulated the equivalent of five (5) sick days for absenteeism.

Example 2: Employee accumulates the equivalent of five (5) sick days and receives a coaching. Employee then engages in minor misconduct within one rolling year from the date of the coaching. Employee's coaching for absenteeism is added to employee's misconduct for a Level 1 Oral/Written Warning. During the same rolling one (1) year period, and within one (1) year of the Level 1 Oral/Written Warning, employee accumulates the equivalent of two (2) additional sick days for a total of seven (7) sick days. Employee's discipline for accumulating the equivalent of seven (7) sick days is a Level 2 Written Warning

### 30.10 Redemption Program:

If a bargaining unit member has a level of corrective action for attendance as their most recent corrective

action (even if corrective actions before the most recent attendance corrective action are for performance, the redemption program applies) AND who goes a full 180 calendar days starting with the day after the last sick day equivalent without any lates, early outs, or sick days, misconduct or poor job performance that resulted in corrective action according to Article 7 (e.g., the employee works all assigned shifts without incident), will be eligible to remove the last two sick day equivalents and have the last formal corrective action for attendance removed.

The redemption period (180 calendar days) will start over with the next sick day, lateness, early out or formal corrective action of any kind.

Any approved non-FMLA leave of absence or any approved full time FMLA will extend the 180 calendar day timeframe equal to the amount of time on an approved non-FMLA leave / Full time FMLA.

The request for redemption must be executed by the employee. Management is NOT responsible for tracking this program. Employees themselves are accountable. Any request to management will be reviewed 180 calendar days back from the date of the request.

Examples but not to be considered an all-inclusive listing:

- (1) An employee receives a coaching for five (5) sick day equivalents. They go 180 calendar days without any lates, early outs, sick days, misconduct or poor job performance. They do not take any full time leave of absence including full time FMLA. They can request from their manager that the last two sick day equivalents be removed AND the coaching be removed.
- (2) An employee receives a Level 1 Oral/Written Warning for code of conduct. They then receive a Level 2 Written Warning for five (5) sick day equivalents. They also receive a Level 3 Written Warning for code of conduct. They are deemed ineligible for the redemption program since their last corrective action is for code of conduct, not attendance.
- (3) An employee receives a Level 1 Oral/Written Warning for seven (7) sick day equivalents on January 1st. They then take an approved full time FMLA from March 1st through March 31st. Their 180 calendar day period begins on the first day after the sick day equivalent which triggered the discipline and is frozen as of the last day in February and then begins again on April 1st until August 1st.

### 30.11 Belief of Abuse:

If the Employer has reason to believe that sick leave is being abused, the Employer reserves the right to initiate corrective action. Sick leave abuse includes but is not limited to a pattern of using sick leave before and after weekends, before and after holidays, before and after normal days off, on certain days of the week, or in a manner inconsistent with the request, e.g., for personal reasons. When the Employer has reasonable belief of abuse, the Employer may request the employee to provide a medical certificate from their attending physician to qualify for sick leave reimbursement. Falsification of the attending physician's certificate shall be grounds for corrective action up to and including dismissal.

### 30.12 Excessive Leave Time:

If an employee requests a sick leave exceeding more than two (2) weeks' time which request is based upon a certificate from employee's attending physician and the Employer has reason to believe that the length of

time is excessive, the Employer reserves the right to seek a second medical opinion from a physician selected by it to examine the employee. If the employee fails or refuses to submit to an examination by a physician selected by the Employer, sick leave benefits for such employee shall forthwith terminate. If Employer's physician certifies that the length of sick leave requested by employee's physician is excessive, employee's sick leave will terminate on the date certified by Employer's examining physician. The dispute as to the length of sick leave time employee should be compensated for shall be resolved by the grievance procedure set forth herein. Application for sick leave with intent to defraud will result in dismissal and refund of monies paid.

# 30.13 Personal Leave:

Non-probationary full and part-time employees may use twenty-four (24) hours of earned but unused sick leave for personal reasons other than illness or injury which will be transferred one time a year by the last pay period of January. If an employee has less than 24 hours of unused sick time accrued, only the amount accrued will be transferred. Personal leave chargeable to sick leave may be used in any block of time, but cannot exceed the employee's current daily schedule (e.g., a sixteen (16) hour employee working four (4) hours per day can only take up to four (4) paid hours off per day). Employees will arrange time off for personal leave with their supervisor in advance of the requested absence and the Employer shall grant the time off, subject to the availability of minimum personnel in each department or unit to maintain regular operational needs. Personal time not used prior to the following year's transfer date will be transferred back to sick time.

#### Incentive:

Full-time employees who have a minimum of two hundred forty (240) hours accumulated sick leave in a calendar year, and who do not exceed the maximum hours annually as outlined below, may qualify for additional transfer of sick time hours to personal time hours.

From January 1 through June 30 - 0.0 hours used will earn 8 hours of personal time From July 1 through December 31 - 0.0 hours used will earn 8 hours of personal time

Part-time employees who are at least 0.5 FTE or greater are also eligible for the incentive program on a prorated basis.

Qualifications for the incentive are based on union FTE status as of December 31.

### 30.14 Unpaid Leave of Absence

An employee may request an unpaid leave of absence for medical reasons not to exceed six (6) months per request. The Employer shall require a physician's statement specifying the employee's inability to report to work and the probable date of recovery to verify the necessity of such leave. The employee shall provide such medical information as soon as practicable. Accrued sick leave, vacation leave, and compensatory time must be exhausted prior to the granting of such unpaid leave of absence. Unpaid leaves of absence in excess of the Family Medical Leave Act (FMLA) shall be granted at the sole discretion of Management. If an employee is unable to return to work within six (6) months of the start of the original leave of absence but is able to return by the end of an authorized unpaid leave of absence that extends beyond that time, he will be able to bid on any open positions for which he is qualified. If there are no open positions for which the employee qualifies, or the Employee does not successfully bid on a position, or if an employee is unable to return to work at the expiration of the unpaid leave of absence, termination from the employment with the

University is automatic, unless the employee is waiting for a decision from OPERS on a disability retirement application.

When employees on leave produce certificates from a doctor indicating the date which said employees may return to work, and that such employees are capable of performing the essential and material duties of the job, such employees must be returned to the same position if they have been off twelve (12) weeks or less. In the case of a medical leave of absence due to a valid workers compensation case, an employee will be returned to the same or similar position for up to one (1) year from the date the leave of absence began. There are no job restoration rights beyond these time limits. Such employees shall be returned no later than two (2) weeks after the certified date of return. If due to documented medical reasons that restrict a returning employees' capability to perform within their classification, the Employer shall inform such employees of their right to apply for open positions for which they would be capable of performing or make a reasonable accommodation for the employee's disability.

Unpaid FMLA's and non-FMLA unpaid leaves run concurrently. The intent of the 6-month maximum unpaid leave period typically means 6 months total in a rolling 12 month period, and that months/days do not need to be consecutive.

The parties agree that the job restoration rights for an employee returning to work from an unpaid leave of absence that extends beyond 12 weeks but less than 6 months has been, and is defined as, "same or similar position".

### 30.15 Return to Work:

The parties acknowledge the employer's right to require a fitness for duty exam upon any employees request to return to work. If the return to work certification is incomplete, inconsistent or confusing, or if The University of Toledo has reason to doubt either the validity or the accuracy of the certificate, a fitness for duty examination may be conducted by a neutral third party physician.

30.16 One-fourth (1/4) of an employee's accrued but unused sick leave credit up to a maximum of two hundred forty (240) hours will be paid to the estate of any employee who has completed ten (10) or more years of active service with The University of Toledo, whose death occurs during active employment.

### 30.17 Family and Medical Leave Act (FMLA):

Employees will be eligible for leaves under the Family and Medical Leave Act once they have completed twelve (12) months of employment (not necessarily continuous) with The University of Toledo, and have worked 1250 hours in the twelve (12) months preceding the date the leave is to begin. Employees not eligible for leaves under the Family and Medical Leave Act will be considered for other types of leave, as appropriate, according to other sections of this labor agreement or The University of Toledo policy.

For additional information regarding FMLA, please see relevant policy (ies).

# ARTICLE 31 SICK LEAVE PAYMENT UPON RETIREMENT

31.1 Employees may receive cash payment for sick leave at retirement per the following:

All classified and unclassified employees who have completed ten (10) or more years of active service with the Employer, and who are eligible and have applied for retirement benefits from one of the retirement systems of the State of Ohio, may elect to be paid in cash for one-fourth of their accrued but unused sick leave credit. This payment will be based upon the employee's rate of pay at the time of retirement. The maximum payment allowed will be one-fourth (1/4) of 960 hours (30 days). Upon accepting such payment all sick leave accrued up to that time will be eliminated. Such payment will be made only once to any employee. An employee who returns to employment at the University of Toledo or any other state facility, after retiring, may accrue and use sick leave at the time of second retirement.

# ARTICLE 32 SICK LEAVE - TRANSFER OF

32.1 Unused sick leave shall be cumulative without limit. Upon request, an employee who transfers from a public agency in the State of Ohio to the University of Toledo or who is reappointed or reinstated, or who transfers from an Ohio State department to the University of Toledo will be credited with the unused balance, upon verification, of accumulated sick leave provided the time between separation and reappointment does not exceed ten (10) years.

# ARTICLE 33 UNION ACCESS TO INFORMATION

33.1 The Employer agrees to provide the Union with a monthly list of new employees, their departments and classifications. The Employer will also provide the Union with a list of all terminated bargaining unit employees.

### **ARTICLE 34**

#### TEMPORARY AND STUDENT EMPLOYEES AND SUBCONTRACTING

- 34.1 Temporary Employees: Temporary employees, as defined in O.A.C. § 123:1-47-01(A)(40) shall be hired for certain stated periods or for specific projects not to exceed 1000 work hours within a calendar year. When such employees are hired, the Union shall be so informed with the reason for their employment and proposed duration. Such temporary employees shall not replace regular employees or be used to fill vacancies permanently.
- 34.2 Student Workers: The parties agree that one of the primary functions of the University of Toledo is to educate students. The parties further agree that students may perform work that assists bargaining unit employees. The students will work only under the direction of bargaining unit employees. The hiring of student workers will not cause a bargaining unit member to be displaced or laid off.

The parties also agree that it is not the intent to fill bargaining unit vacancies with student employees / workers.

34.3 Subcontracting: If the Employer decides to subcontract out any work currently being performed on a regular and reoccurring basis by members of the bargaining unit, which would result in a reduction in the work force, then in such event, Employer agrees to notify the Union thirty (30) days in advance of entering into a subcontract. Employer will meet with the Union within the thirty (30) day period to discuss the issue with the Union, and particularly whether or not the work can be performed by the bargaining unit employees at a lower cost than the subcontracting. Although the Employer agrees to meet with the Union and to discuss

the subcontracting out of work, nevertheless the Union shall not have the right to veto the Employer's ultimate decision on the issue.

# ARTICLE 35 UNION ASSIGNMENT LEAVE

35.1 An employee with one (1) year of service who accepts a full-time assignment with the American Federation of State, County, and Municipal Employees by election, appointments, or hire, shall be granted an unpaid leave of absence not to exceed two (2) years for said assignment without loss of seniority. Upon application in writing, unpaid leave may be extended for one (1) year periods of time.

# ARTICLE 36 UNION BULLETIN BOARDS

- 36.1 Glass enclosed key locked Union bulletin boards will be maintained at the present locations or other agreed upon locations on campus. A key to the bulletin boards will be maintained by the Union President and the Human Resources Department. Only matters pertaining to local Union business may be posted.
- 36.2 Maintenance of said bulletin boards will be the responsibility of the Union.
- 36.3 Notices may be posted after written approval has been secured from the Head of Human Resources or the designee. The following notices, however, do not require prior approval by Head of Human Resources:
  - A. Notices of Union recreation or social affairs
  - B. Notices of Union elections
  - C. Notices of Union appointments and results of Union elections
  - D. Notices of Union meetings
- 36.4 Any employee, or Union Representative who defaces, adds to or writes over any such notice or bulletin or posts unofficial or unauthorized notices, shall be subject to corrective action, up to and including discharge.

# ARTICLE 37 UNION DUES (CHECKOFF)

- 37.1 Each employee shall have the right of self-determination regarding membership or non-membership in the Union and/or P.E.O.P.L.E. (Public Employees Organized to Promote Legislative Equality). The employer agrees to deduct monthly dues, contributions and/or initiation fees from the wages of eligible employees who have signed proper legal authorization for such deduction. It is recognized that said authorization card is a matter between the Union and its members, therefore, any dispute between the parties to said authorization card and any finding against either party as a result of such dispute and/or litigation shall not be the responsibility of the Employer. The Union membership card is an agreement between the employee and the Local. The Employer shall not be involved in that agreement.
- 37.2 Cancellation shall be governed by the terms of the Authorization Card.
- 37.3 The University will deduct AFSCME dues in accordance with its obligations under R.C. 4117.09(B)(2).
- 37.4 The Employer agrees to remit the aggregate of the union dues deduction twice a month to Ohio Council

#8. Neither the Union nor the employee shall have a claim against the Employer for errors in the processing of deductions unless a written claim of error is made to the employer within ten (10) working days after knowledge of the error is gained. If it is found an error was made, it will be corrected at the next pay period that union dues deductions will normally be made.

All remittances shall be deposited via electronic ACH transfer into the commercial bank account of Ohio Council 8, AFSCME, AFL-CIO that is designated by the Union. It is the Union's responsibility to notify the University of any change to the Union's bank account.

The University shall provide the Union with the list of individuals for whom dues deductions were made and remitted, including the total of dues deducted for each employee and for the pay period of the report.

37.5 If an employee is transferred or promoted to a position outside the bargaining unit, then union dues from the employee shall cease.

37.6 The Union agrees to indemnify and hold the Employer harmless with respect to any claim or determination that the provisions of this article violate any Federal or State law.

# ARTICLE 38 UNION LEAVE

38.1 The Employer shall grant paid or unpaid leaves of absence to those Union members elected or appointed as delegates to official Union functions. Said leave and names of official delegates shall be verified by a Staff representative of the American Federation of State, County and Municipal Employees, AFL-CIO, at least five (5) days prior to said leave and prior approval must be obtained from the Human Resources Department by completion of a Union Leave Request Form. Employees would also have access to compensatory time, personal time or vacation which must be approved by management. Managers retain the right to re-post unit schedules to maintain adequate coverage. Furthermore, should an undue burden be placed on the operations of the unit subsequent to a schedule review, the Union would identify another member to participate in the official Union functions. Said leave may be used for the following Union functions:

AFSCME Ohio Legislative Conference (once a year / Max. 5 people)
AFSCME Ohio Council 8 Convention (once a year / Max. 11 people)
Ohio AFL-CIO Convention (once a year / Max. 11 people)
AFSCME International Convention (once every 2 years / Max. 7 people)

38.2 The above are permanent functions. When additional conferences, seminars, and conventions are scheduled, the Employer shall be notified at least three (3) weeks prior to said function and the Union President must complete the Union Leave Request Form. Permanent functions, such as those identified under 38.1, will require three (3) week notice, as do additional conferences, seminars and conventions.

38.3 The Employer has agreed to the provisions of this article on the basis of the Union's assurances that they are not in violation of the law. The Union agrees to indemnify and hold the Employer harmless with respect to any claim or determination that the provisions of this article violate Section 4117.11(A) (2), Ohio Revised Code, or are otherwise in violation of the law.

# ARTICLE 39 UNION ORIENTATION

39.1 During new employee orientation, AFSCME shall meet with bargaining unit eligible employees concerning the benefits and obligations of being a union member of AFSCME and provide new employees a pack of union information. The University of Toledo shall also provide the Union with an updated list of new hires after each new employee orientation.

# ARTICLE 40 UNION REPRESENTATION

- 40.1 The Union shall be permitted a reasonable number of designated stewards. The names of union stewards and/or related officers of the Union shall, after selection, be promptly filed in writing with the Employer. The distribution of such stewards will be determined by means of Labor/Management meetings.
- 40.2 The stewards and/or elected officers will be permitted reasonable time to investigate and process grievances and represent employees at corrective action hearings or reprimand meetings without loss of pay. A Union sign out sheet shall be kept in each department. Stewards and Union officials are required to sign out before leaving, to provide an estimated time of return, and to log back in upon their return. Stewards and/or elected officers must receive supervisory permission prior to engaging in their grievance and/or corrective action functions. Managers and/or supervisors may require stewards and/or elected officers to report back to the work area. Such employee representatives must also receive permission from affected department managers and/or supervisors prior to entering another department to investigate and/or process grievances.
- 40.3 The following Union representatives shall be provided weekly release time for union business related only to the University of Toledo bargaining unit employees: Union president (40 hours); Vice President (8 hours); Chief Steward (20 hours); and Divisional Steward (20 hours). Union representatives on release time shall utilize office space on the University campus should the University allocate space for the Union's use. Should the Union President be away from the University during scheduled work hours attending to matters unrelated to the interests of bargaining unit employees, the Union President shall utilize their respective paid leave time, including, but not limited to vacation, personal and comp time. If such leave is available, it shall be granted.
- 40.4 There shall be a mutual agreement between the Union Officers, their respective supervisors and Human Resources regarding their work release schedules. If the president is absent for more than one (1) consecutive day, or if the Employer has five (5) days advance notice of the president's absence, the vice president shall be granted four (4) hours daily release time for Union business, if requested, provided the Union president and/or vice president are employees of the University of Toledo.
- 40.5 The Employer has agreed to the provisions of this article on the basis of the Union's assurances that they are not in violation of the law. The Union agrees to indemnify and hold the Employer harmless with respect to any claim or determination that the provisions of this article violate Section 4117.11(A)(2), Ohio Revised Code, or are otherwise in violation of the law.

# ARTICLE 41 UNION REPRESENTATIVES VISITATION

- 41.1 The Employer agrees that accredited representatives of the American Federation of State, County and Municipal Employees AFL-CIO, whether local union representatives, council representatives or international representatives shall have access to the premises at any time during working hours to conduct Union business. Further, the parties recognize that the right to visit the premises or an employee should be handled with discretion so as not to interfere with the duties and responsibilities of an employee or the operations of the institution.
- 41.2 In addition to notifying the Human Resources Department upon entering the premises, such representatives shall also inform the department manager, or in the absence of the department manager, the supervisor in charge in the department they are visiting of their presence and the nature of the visit. In the event a visit is made when the Human Resources Department is not open, the representative(s) shall notify the Administrative Coordinator in Nursing Services.

# ARTICLE 42 UNPAID LEAVE

- 42.1 Unpaid leave of absence may be granted to an employee when in the judgment of the Employer circumstances warrant. Requests for leave must be presented two (2) weeks prior to the beginning of the leave, in writing, to the department director/chairman or designee for approval and recommendation to Human Resources for final approval. The provisions of such leaves of absence shall be administered in accordance with the applicable sections of the Ohio Revised Code and Administrative Rules of the Director of Administrative Services.
- 42.2 An employee, while on leave of absence without pay, does not earn sick leave or vacation credit. However, the time spent on authorized leave of absence is to be counted in determining length of service for purposes of determining vacation eligibility or for other purposes where length of service is a factor.
- 42.3 All available vacation or compensatory time shall be exhausted before unpaid leave is granted, except leaves without pay of one shift up to twelve (12) hours or less which may be granted upon approval of the immediate supervisor, or an unpaid leave of absence in connection with an approved workers' compensation claim.

# ARTICLE 43 UNSCHEDULED SHIFT

43.1 Regular full-time and part-time (.50 FTE or greater) employees who are requested/required to work at least six (6) hours of an unscheduled shift either immediately before or immediately following their regular shift, shall be compensated for the hours worked at the double time rate. Employees may be assigned the next calendar day off of scheduled work at the discretion of the supervisor. Compensation paid at the double time rate for working the unscheduled shift shall not be used to determine the employee's hourly rate for purposes of calculating overtime pay for that work week. This provision will not be applicable when the employee's schedule is changed with twenty-four (24) or more hours' notice.

# ARTICLE 44 VACATION

44.1 Each full-time employee shall be entitled to vacation with pay in accordance with the following schedule:

- A. Less than one hundred eighty days (180) of service no vacation
- B. One hundred eighty days (180) of service but less than 8 years .0388 times number of hours paid per year up to a maximum of 80 hours.
- C. Eight years of service but less than 15 years
  .0575 times number of hours paid per year up to a maximum of 120 hours.
- D. Fifteen years of service but less than 25 years .0775 times number of hours paid per year up to a maximum of 160 hours.
- E. Twenty-five or more years of service .0963 times number of hours paid per year up to a maximum of 200 hours.
- 44.2 Vacation time will include weekends, assigned by seniority.

Each part-time employee who is budgeted to work twenty (20) hours or more per week shall accrue pro-rata vacation in accordance with section 44.1.

- 44.3 Vacation credit is accumulated to a maximum of that earned in three (3) years of service.
- 44.4 Vacation leave is earned during the time the employee is on active pay status. It is not earned while on unpaid leave of absence or unpaid military leave. However, for the purposes of determining how many years of service an employee has, time spent on military leave or other authorized leave of absence shall be counted.
- 44.5 All earned but unused vacation shall be automatically paid to an employee that assumes a contingent position or a position below .50 FTE that is ineligible for vacation accrual.
- 44.6 Upon termination of employment, an employee is entitled to compensation for any earned but unused vacation credit at the time of separation. Such vacation payment will be made at the employee's current rate of pay. However, no payment will be made to employees having less than one (1) year of service.
- 44.7 In the case of death of an employee, any earned but unused vacation leave shall be paid to the date of death to the deceased employee's estate.
- 44.8 Vacation slips indicating each employee's accumulated vacation and having a space for the employee's vacation request time shall be distributed before March 1. Employees should return the slips by March 15. The Employer shall approve or deny the request no later than April 15. Scheduling conflicts arising from vacation requests received prior to March 15 shall be resolved based upon the employee's length of seniority at The University of Toledo. Vacation requests submitted by March 15 may be denied when submitted due to a lack of availability of sufficient personnel in each department or unit to efficiently satisfy operational needs. Once approved, vacation requests submitted by March 15 shall not subsequently be denied.

After March 15, vacation requests shall be granted based on a first-come, first-served basis. The Employer will approve or deny the request as soon as practicable but no later than ten (10) calendar days of the first-come first-served request. Vacation requests received after March 15 may be denied when submitted due to

a lack of availability of sufficient personnel in each department or unit to efficiently satisfy operational needs. Once approved, vacation requests shall not be subsequently denied. Employees must retain sufficient vacation hours for requested vacations.

Employees who bid on vacation time without having the vacation time currently accumulated, and who subsequently do not have the vacation time accumulated to take the vacation time requested off, shall not be allowed for the balance of the term of the agreement to bid on vacation time without having the current vacation time accumulated.

44.9 If an employee while on approved vacation leave either is admitted to a hospital or has a death in the immediate family which would have warranted a paid leave had the employee been at work, such absence may be charged to earned sick leave. In each instance where vacation leave is changed to sick leave because of either hospitalization or death in the immediate family, documentation of such shall be presented to the employer for reviewing and approval to adjust the vacation leave.

44.10 Personal Time and Compensatory Time shall not be included with vacation hours for requested vacation time off on a vacation slip. Personal Time and Compensatory Time must be requested on a separate request time-off form.

44.11 Vacation slip duration for requesting vacation hours' time off is as follows:

04-15-2025 through 04-14-2026 04-15-2026 through 04-14-2027 04-15-2027 through 04-14-2028

# ARTICLE 45 WAGES

45.1 It shall be the policy of The University of Toledo to establish and maintain base salary levels which reflect position responsibility and are competitive with other employers of similar types of employees in the Toledo labor market so that The University of Toledo is capable of attracting, retaining and motivating competent employees. This policy must be maintained within available financial resources since the State (and its agencies) is precluded from operating deficits and borrowing for operating expenses.

### 45.2 Employees are to receive the following:

- A. Bargaining unit employees not covered by the MOU for temporary pay increases that was signed on June 27, 2024, and extends until June 26, 2027, will be entitled to a one-time market adjustment of two percent (2%) added to the base wage and will then receive a three percent (3.0%) base wage increase effective once the contract is ratified by AFSCME and approved by the Board of Trustees. In addition to the wage increase, all Bargaining Unit members who are active at the time the contract is ratified by the AFSCME and approved by the Board of Trustees will receive a one-time lump sum amount of three hundred dollars (\$300.00), not tied to service or hours of work, and not added to the base, wage or step.
- B. Effective 7/1/2025, bargaining unit employees not covered by the MOU for temporary pay increases that was signed on June 27, 2024, and extends until June 26, 2027, will receive a two and a half percent (2.5%) base wage increase. In addition to the wage increase, all active Bargaining Unit

members who are active on July 1, 2025, will receive a one-time lump sum amount of three hundred dollars (\$300.00), not tied to service or hours of work, and not added to the base, wage, or step. Payment will be issued by the second full pay period following July 1, 2025.

C. Effective 7/1/2026, all bargaining unit employees will receive a two and a half percent (2.5%) base wage increase. In addition to the wage increase, all active Bargaining Unit members who are active on July 1, 2026, will receive a one-time lump sum amount of one hundred dollars (\$100.00), not added to the base, wage, or step. Payment will be issued by the second full pay period following July 1, 2026.

The above payments are subject to applicable taxes and withholdings, and will not be applied retroactively.

### 45.3 Weekend Differential

All employees who work between the hours of 11:00 p.m. on Friday and 11:00 p.m. on Sunday will be paid a weekend differential of one dollar (\$1.00) per hour for all hours actually worked.

45.4 All employees shall be notified in writing of pay changes.

### 45.5 Float Pool Differential

Nursing Float pool Staff shall earn \$1.50/hr extra for all hours worked in a Float Pool Staff Nurse or Procedure Nurse assignment. This excludes hours worked during probation, internal agency staff nurse, or any other assignment. This would not include any non-work/paid hours such as sick, vacation, compensatory time used, holiday gift pay, etc.

### 45.6 Pull Differential

A differential of 1 hour's pay for each shift shall be paid to an LPN or Staff Nurse – Hospital (U32) for each shift they are pulled. The extra hour's wage paid will not enter into the calculation of overtime.

#### 45.7 Shift Differential:

A. A shift differential of \$1.00 will be paid to employees working 2nd and 3rd shift in the following classifications:

EKG Tech
Pharmacy Technician
Lead Pharmacy Technician
Lab Tech I
Mental Health Tech

Mental Health Tech

Certified Phar. Tech. Rehab Technician

B. A shift differential of \$2.00 will be paid to employees working 2<sup>nd</sup> and 3<sup>rd</sup> shift in the following classifications:

Staff Nurse (U32) and Lead Nurse (U32).

- C. For the purpose of shift differential, no shift differential will be paid for hours worked between 7:00 a.m. to 3:00 p.m.
- D. If an employee in a classification listed in section (A) or section (B) above works between 3:01 p.m. and 6:59 a.m., such an employee who works more than four (4) hours during that time period will have shift differential paid on those hours actually worked.

#### **ARTICLE 46**

### **WORKING OUT OF CLASSIFICATION**

46.1 If an employee is assigned to temporarily take over the duties of a higher level bargaining unit position for a continuous period of at least four (4) hours because the incumbent in the higher level position will be unable to fulfill those duties due to vacation, illness, leave of absence, or other good reason, the employee's pay will be established at the higher of the minimum base rate of the higher position or at a rate that is at least seven percent (7%) above the employee's current base for the period the employee occupies the position.

- 46.2 The maximum duration of any temporary assignment is twelve (12) weeks. If the assignment of higher level duties exceeds twelve (12) weeks, the position shall be posted, unless the Union and Employer mutually agree to an extension.
- 46.3 When it is necessary to work in a higher classification as specified above, the work shall be offered to qualified employees in the department by seniority, on a voluntary basis. There shall be no testing to determine qualifications.
- 46.4 When an employee is offered a temporary position outside the bargaining unit, it shall be on a voluntary basis and does not have to be offered by seniority.

# ARTICLE 47 WORK RULES

47.1 When the Employer establishes new or revised work rules and regulations, the Employer shall inform the Union and the bargaining unit members at least twenty (20) days in advance of the effective dates except in an emergency where time does not reasonably permit. Should any dispute arise from the establishment or revision of work rules, a special Labor/Management meeting shall be convened within one (1) week by either party to resolve the dispute. If the dispute cannot be resolved, the Union may appeal directly to Level 3 of the Grievance Procedure, and the resolution of the grievance will be based on the reasonableness of the new or revised work rule.

# ARTICLE 48 PAST PRACTICE

- 48.1 Past practice is a mutual and definite understanding between the University of Toledo and the Union of how things are done where the contract is silent or ambiguous.
- 48.2 Past practices may differ between departments and thus consistency of the application of a past practice shall be analyzed on a departmental basis.
- 48.3 Past practices may be discontinued with prior written notice by one party to the other party.

# ARTICLE 49 WORK SCHEDULES

49.1 Work schedules showing the employee's shift, work days, and days off will be posted on a bulletin board in all major work areas. Such work schedules will indicate the current week's schedule and two (2) more weeks in advance unless there is a mutual agreement to a different system on a department-by-department basis. Posted schedules may be changed depending on operational needs of the University of Toledo. The employer will give as much advance notice to an employee as is possible. Nothing in this article restricts Management's right to establish or to modify work schedules.

49.2 In Nursing Services, "additional time" will be offered and scheduled in the following manner:

7:00 am – 3:00 pm (8) hour shift 3:00 pm – 7:00 pm (4) hour shift 7:00 pm – 11:00 pm (4) hour shift 11:00 pm – 7:00 am (8) hour shift

If it is determined that a shift is not needed on the unit that the additional time was offered; the Nursing administration representative will call the nurse and ask them:

- 1) Do you want to stay home for the shift that you may be assigned to the float pool?
- 2) Do you want to come into work; knowing that you may be assigned to the float pool?

If a nurse picks up (2) additional shifts and is not needed for the first one they may be needed for the second one. The shifts are counted as mutually exclusive. If a nurse picks up (2) additional consecutive shifts and calls off sick for both of them it will be treated as one called shift for purposes of the attendance policy.

# ARTICLE 50 WORK WEEK AND HOURS OF WORK

50.1 The regular hours of work each day shall be consecutive except for interruption for an unpaid lunch period and paid rest periods. The normal work week shall consist of forty (40) hours per week for full-time employees. The part-time position hours shall be defined as those working less than forty (40) hours per week, unless otherwise agreed upon. The parties recognize .9 FTE as full time for approved positions working three (3), twelve (12) hour shifts per week, or as otherwise designated by Management.

50.2 A regular full-time work shift shall be eight (8) hours, or nine (9) hours, or ten (10) hours or twelve (12)

hours of work or a flexible schedule plus an unpaid one-half (1/2) hour lunch period. If and when the employer decides to create a weekend staffing program/option, the parties agree to meet to define its terms. In positions where weekends are required, employees will be scheduled off at least every other weekend, on average, as the needs dictate.

- 50.3 All employees' scheduled work shifts shall have an established starting and ending time. The work week shall be from 12 midnight Saturday through 11:59 p.m. the following Saturday.
- 50.4 No employee will be required to work more than 16 consecutive hours unless in a case of dire and unforeseen emergency. Employees who are required to work more than sixteen (16) consecutive hours will be paid double time (2X) for all hours actually worked over sixteen (16) hours.

# **ARTICLE 51 UNIFORMS**

51.1 All full-time classified employees required to wear uniforms shall be provided with a minimum of three (3) sets of uniforms upon hire. Those full-time classified employees whose job functions are excessively dirty will be provided five (5) sets of uniforms. Such employees shall be decided by a Labor/Management meeting where conditions warrant. Part-time classified employees required to wear uniforms shall be provided a minimum of two (2) sets of uniforms upon hire. Classified employees may purchase additional uniforms at their own cost through their vendor of choice.

Uniform color for unclassified employees will be determined by the employee's department. Unclassified employees will purchase required uniforms at their own cost through their vendor of choice.

- 51.2 Those employees regularly working outside in rain and cold weather shall be supplied cold weather gear and rain coats in addition to uniforms. The additional clothing furnished to such employees shall be decided by department management. Any and all rain and cold weather clothing provided for such employees shall not be removed from the Employer's premises at any time by any employees, but shall remain on the job site at all times.
- 51.3 The Employer will continue its current departmental practices in regards to providing, and cleaning scrubs where appropriate, smocks, lab coats and safety shoes, where applicable.

# ARTICLE 52 MILITARY LEAVE

52.1 An employee shall be granted military leave for active military service or reserve military training in accordance with the requirements of state and federal law.

# ARTICLE 53 COMPENSATORY TIME

53.1 Employees entitled to receive overtime or premium pay shall be entitled to accrue those hours as compensatory time up to one hundred sixty (160) hours. Any compensatory time accrued in excess of one hundred sixty (160) hours will be paid out as earned or if greater than six months in age will be paid out quarterly. Employees may request earned compensatory time to be paid out sooner than six months. Employees who wish to be on the accrual system, shall execute a form proposed by the University of Toledo.

# ARTICLE 54 DRUG AND ALCOHOL TESTING

54.1 POLICY: STATEMENT

Use of controlled substances which cause intoxication or impairment on-the-job poses risks to the Employer, the affected employee and to co-workers. Recognizing that drug and alcohol abuse are treatable illnesses which should be dealt with initially by treatment and education, it is the Employer's policy to prevent and rehabilitate rather than terminate the employment of workers who are drug or alcohol dependent. No employee will be discharged without first having an opportunity to seek treatment, if treatment is needed. No provision of this Article limits the Employer's ability to report testing to local, state, or national regulatory/accrediting bodies, including but not limited to boards of nursing pursuant to O.R.C. Chapter 4723.

#### 54.2 DEFINITIONS

- A. The term "drug" includes cannabis as well as other controlled substances as defined in the Ohio Revised Code.
- B. The term "illegal drug usage" includes the use of cannabis or any controlled substance which has not been legally prescribed and/or dispensed, or the abusive use of a legally prescribed drug.
- C. The term "alcohol misuse" is defined as actual impairment of the employee with regard to his or her ability to perform job duties.
- D. The term "reasonable suspicion" is defined as follows: aberrant or unusual on-duty behavior, appearance, or odor of an individual employee which:
  - 1. Is observed on duty by the employee's immediate supervisor or higher ranking employee and confirmed by the observation of another supervisory employee. Observation may also be confirmed by a Union steward where possible.
  - 2. Is the type of behavior which is recognized and accepted as symptoms of intoxication or impairment caused by controlled substances or alcohol.
  - 3. Is not reasonably explained and accepted as a result of some other cause such as, but in no way limited to, fatigue, lack of sleep or side effect of a prescription medication, or over the counter medication, reaction to non-toxic fumes or smoke, or other job related cause or factor.
- E. The term "Chain of Custody" is defined as the procedures beginning at the time of collection to account for all handling and storage of each specimen.
- F. Confirmatory Test:

A second laboratory procedure used to analyze a positive test result from a screening test. Gas chromatography/mass spectrometry (GC/MS) is the only authorized confirmation test.

G. Cutoff Level:

The concentration of a drug or drug metabolite in the urine at which a specimen is considered positive.

### H. Medical Review Officer (MRO):

The licensed individual who is qualified to interpret and evaluate test results and other relevant medical information.

### 54.3 NOTICE AND EDUCATION OF EMPLOYEES

All employees will be informed of the Employer's testing policy prior to its implementation. All new employees will be provided with this information when initially hired. No employee shall be tested until this information has been provided.

# 54.4 BASIS FOR ORDERING AN EMPLOYEE TO BE TESTED Employees may be tested under the following conditions:

- A. Where there is reasonable suspicion that the employee to be tested engaged in illegal drug usage as defined herein or is intoxicated, or there is reasonable suspicion to believe that when the employee appears for duty or is on the job the employee is under the influence of, or their job performance is
- B. The reasonable suspicion must be based upon specific personal observation.
- C. Observation must be by a supervisor and management level employee.

impaired by, alcohol or other drugs identified in this article.

D. Reports of illegal drug usage or intoxication (alcohol abuse) must be documented, in writing, at the time of observation or as soon as possible thereafter. Reports of illegal drug usage, intoxication or alcohol abuse, which are not confirmed in writing, as provided herein, shall not constitute reasonable suspicion.

## 54.5 PROCEDURE FOR ORDERING TESTS/RESTRICTIONS ON ORDERS AND/REFUSAL TO SUBMIT TO TESTS

- A. No testing may be conducted without authorization of the Administrative Coordinator, Department Head or higher ranking University of Toledo Representative. The authorized University of Toledo Representative must document in writing who is to be tested and why the test was ordered, including the specific objective facts constituting reasonable suspicion and the names of any informants or sources of the information. One copy of this documentation shall be given to the unit employee before testing and one copy shall be provided to the Union immediately. The unit employee must be given the opportunity to read the documentation and told the reasons the test is to be given.
- B. Failure to follow any of the above steps shall result in elimination of test results as if no tests were administered. The test results will be voided, no documentation will be maintained in the employee's personnel file and no discipline administered to the affected employee.
- C. Employee may be given an opportunity to give an explanation of their condition to the University of Toledo Representative ordering the test. If available, a union steward or representative may be

- present during such an explanation and shall be entitled to confer with the employee before an explanation is given, if the employee so requests.
- D. If the University of Toledo Representative, after observing the employee, has a reasonable suspicion that the employee may be intoxicated or impaired, then by written order, signed by the University of Toledo Representative, the employee may be ordered to submit to a toxicology test designed to detect the presence of alcohol, chemical adulteration, marijuana metabolites, cocaine metabolites, opiates, amphetamines, benzodiazepines, barbiturates, and phencyclidine in accordance with the procedure set forth below.
- E. Refusal to submit to urine or breath testing after being properly ordered to do so may result in disciplinary action. The employee tested will be deemed to be on leave with pay for the balance of the work day.
- F. Random or mass testing may not be ordered by the Employer under any circumstances, except as permitted by Section 54.12.
- G. The University of Toledo may order urine samples and breath analyzer methodology, as is available at the test facility. Blood tests may not be ordered and if ordered may not be utilized.

### **54.6 TESTING PROCEDURES**

#### **Urine Specimens:**

- A. Urine specimens may only be tested for covered drugs. Covered drugs are: marijuana, cocaine, opiates, amphetamines, phencyclidine, benzodiazepines, and barbiturates. Specimens may not be used to conduct any analysis or test not specifically provided herein.
- B. Urine specimens shall be collected only at the laboratory or hospital where the specimen is to be tested, unless this is impossible. A University of Toledo Representative who is involved in the discipline process shall not serve as the collection site person.
- C. Collection of urine specimens must allow individual privacy unless there is clear and convincing reason to believe that a particular person may alter or substitute the specimen. If specimen collection is directly observed by a non-medical person, the person must be of the same gender as the employee. The following circumstances are the only grounds to believe a person may alter, or may have altered or substituted a specimen:
  - 1. The urine specimen is outside the normal temperature range (32.5C, 90.5-99.8F) and the employee will not allow an oral body temperature to be taken, or the oral body temperature is 1 C/1.8 F different from the temperature of the specimen; or
  - 2. The collection site person observes behavior that clearly indicates an attempt to alter or substitute a specimen; or
  - 3. The employee has previously been determined to have used a controlled substance and the test is a follow-up test after return to service.
- D. A split sample of urine must be collected, i.e., the urine specimen must be divided into at least three

- (3) containers. The employee shall be allowed an opportunity, at the employee's expense, to have the specimen retested at a different certified laboratory. The employee shall have seventy-two (72) hours, after positive test result is received, to request a test by a different laboratory.
- E. An employee must provide at least 45 milliliters of urine or a refusal to submit may be found unless there is a medical reason. An employee unable to provide the minimum urine specimen shall be allowed to drink sufficient water to provide a specimen.
- F. Each step in the collecting process of the urine specimens shall be documented to establish procedural integrity and the chain of evidence. A standard drug testing custody and control form must be used. All specimen containers, bottles, vials and bags used to store and/or transport specimens shall be sealed with evidence tape and labeled in the presence of the employee and/or Union representative if available. The testing shall be done by a laboratory certified by the State of Ohio as a medical and forensic urine drug testing laboratory and/or a laboratory which has a forensic urine drug testing certification by the College of American Pathology which complies with the scientific and technical guidelines for federal drug testing programs and Standards for Urine Drug Testing for Federal Agencies issued by the Alcohol, Drug Abuse and Mental Health Administration of the U.S. Department of Health and Human Services in effect at the time of the test, or comparable scientific and technical guidelines.
- G. The employee designated to give a sample must be positively identified prior to any sample being taken. Specimen samples shall be sealed, labeled and checked against the identity of the employee to ensure the results match the testee. At all times practicable, samples shall be stored in a secured and refrigerated atmosphere until tested or delivered to the testing lab representative.
- H. The University of Toledo and the Union shall choose a list of the laboratories which may be utilized for toxicology testing on a yearly basis. The laboratory selected by the Employer to conduct the analysis must be experienced and capable of quality control, documentation, chain of custody, technical expertise, and demonstrated proficiency in urinalysis testing.
- I. The employee and Union shall be provided a copy of the laboratory report of both specimens.
- J. No discipline shall be imposed until the employee has had seventy-two (72) hours from notification of a positive test to seek tests of the same specimen by another certified laboratory as specified above. Seeking another test shall not be cause for discipline nor used against an employee in an arbitration proceeding.

#### 54.7 LABORATORY ANALYSIS PROCEDURES

- A. The testing or processing phase shall consist of a two-step procedure. A specimen initially testing positive will undergo an additional confirmatory test. An initial positive report will not be considered positive, rather it will be classified as confirmation pending or presumptive positive.
- B. The initial test will be performed by an immunoassay test. The cutoff levels (positive detection) for screening tests are expressed in nanograms per milliliter (ng/ml), or billionths of a gram per thousandths of a liter and will be according to current DOT standards at the time of testing for drugs covered by DOT regulations. For barbiturates and benzodiazepines, the initial drug test cutoff levels will be:

Drug	Initial cutoff							
Barbiturates	300 ng/mL							
Benzodiazepines	300 ng/mL							

C. A confirmation test will be performed on all initial positive tests. The cutoff levels for confirmation tests are according to current DOT standards at the time of testing for drugs covered by DOT regulations. For barbiturates and benzodiazepines, the confirmation test cutoff levels will be:

Drug	Initial cutoff							
Barbiturates	200 ng/mL							
Benzodiazepines	200 ng/mL							

- D. All test results are to be reviewed by a Certifying Scientist. Test results must be completed as soon as possible.
- E. Tests which are below the levels set forth above shall be determined as negative. If test results are negative, all Human Resources documentation regarding supervisory observations and testing will be destroyed and the Union will be notified.
- F. A MRO shall examine all positive confirmed test results to determine if there is an alternative medical explanation for the positive test result. Before making a final decision as to whether a positive test is valid, the MRO must provide the employee with an opportunity to discuss the test result. If the MRO determines there is a legitimate medical explanation for the positive test result, the MRO shall report to the Employer that there is a legitimate medical explanation; this positive result is not a violation under Article 54.

#### 54.8 ALCOHOL TESTS

- A. All alcohol tests will be conducted in accordance with the Breath Analyzer Methodology in effect.
- B. A positive test for alcohol shall be .05 grams/210 liters or above.
- C. Although not a positive test, any employee who tests at or above .02 grams/210 liters and below .0499 grams/210 liters shall be immediately removed from duty until the start of the employee's next scheduled shift or for twenty-four (24) hours, whichever is greater. While the employee is removed from duty, the employee may use any accrued leave or compensatory time at the employee's option, or be placed in a leave without pay status if accrued leave or compensatory time is not available. This "stand down" does not prevent independent corrective action.

### **54.9 EMPLOYEE RIGHTS**

- A. The University of Toledo shall pay the costs of all tests, except the drug test secured by an employee.
- B. An employee ordered to take a test shall be paid for all lost work time due to University of Toledo's order the day of the order. The University of Toledo may at its option place an employee on unpaid leave until the employee is returned to work or disciplined. An employee whose test is negative shall

be made whole for all lost wages and other benefits. Employees who test positive where proper procedures are followed shall not be made whole for any period of time on administrative leave.

- C. Employees and/or the Union shall have the right to appeal any discipline imposed by the University of Toledo under this Article.
- D. Voluntary submission to a chemical dependence program shall not be grounds for discipline.
- E. Any discipline imposed as a result of a positive test for a first offense and any grievance filed in response thereto shall be held in abeyance pending completion by the employee of a mutually agreed upon substance abuse program.

### 54.10 CHEMICAL DEPENDENCY PROGRAMS

- A. An employee testing positive for drugs or alcohol under the provision of the policy shall have the option of entering into a chemical dependency program in lieu of discipline. If the employee successfully completes such a program and is not disciplined for substance abuse for eighteen (18) months following the initial charge, the discipline shall be revoked and the employee's record cleared of the offense, and it shall not be used as a basis for any other disciplinary action in the future.
- B. After evaluation, the program utilized by the employee must be sufficient to meet the rehabilitation needs of the employee.
- C. Employees temporarily unfit to perform the duties of their position because of drug or alcohol abuse may use sick leave, vacation leave, compensatory time, and light duty assignment, if available, and leave without pay during absences required as part of the rehabilitation process.

### 54.11 VOLUNTARY PARTICIPATION IN A DEPENDENCY PROGRAM

An employee may, at any time, voluntarily enter a chemical dependency program. This may be done through an employee assistance program or by direct contact with the other providers of such services. Employer knowledge gained by the employee's voluntary admission or participation in a chemical dependency treatment program shall not be used as the basis for discipline.

Information regarding treatment of employees in chemical dependency programs shall remain confidential and shall not be released to the public.

Although an employee will not be subject to disciplinary action where the employee voluntarily submits to a treatment program prior to being tested as provided in this Article, the Employer has the right to insure that the employee is fit for duty when a request for reinstatement is made.

### **54.12 DUTY ASSIGNMENT AFTER TREATMENT**

Once an employee who tests positive successfully completes rehabilitation and is fit for duty, the employee shall be returned to the regular duty assignment. Duty reassignment during treatment shall be at the discretion of the Employer based on each individual's circumstances. If follow-up care is prescribed after treatment, this care may be imposed as a condition of continued employment. The Employee may be tested on a random basis for eighteen (18) months no more than three (3) times the first six (6) months, two (2)

times the second six (6) months and one (1) time the third six (6) months. Once treatment and any follow-up care is completed, at the end of eighteen (18) months, the records of treatment and positive drug test results shall be retired to a closed medical record. The employee shall be given a fresh start with a clean administrative record, except that other discipline records shall be retained as may be provided for elsewhere in this Agreement.

### 54.13 RIGHT OF UNION PARTICIPATION

At any time, the Union, upon request, if available, will have the right to inspect and observe any aspect of the drug testing program up to the giving of a specimen. The Union may inspect individual test results if the release of this information is authorized by the employee involved, or is necessary or relevant to the grievance/arbitration process of this Agreement.

#### 54.14 UNION HELD HARMLESS

- A. This drug testing program is initiated solely at the behest of the Employer. The Employer shall be solely liable for any legal obligations and costs arising out of employees' claims based on constitutional rights regarding the application of this Section of the collective bargaining agreement relating to drug testing. The Union shall be held harmless for the violation of any employee's constitutional rights.
- B. The Employer is not responsible for any legal obligations and/or costs for claims based on the Union's duty of fair representation.

### 54.15 POLICY IMPLEMENTATION

The policy will be implemented in a consistent non-discriminatory manner.

#### **ARTICLE 55**

### INTERNAL AGENCY PROGRAM

The intent of this article is to create an internal agency that would decrease the need for external agency staff. Any department that is in need of additional staff could implement this program. This does not prohibit the use of subcontracting per Article 34. This program will be considered in a department when the cost of agency staffing exceeds the anticipated cost of a reasonable premium for an internal agency for any specific classification.

### 55.1 Benefits to the Organization:

- A. Decrease use of mandatory overtime;
- B. Opportunities for part-time staff to make premium pay;
- C. Opportunities for staff to work additional hours within a known environment at a higher pay rate;
- D. The staff would be familiar with institutional policies, routines, procedures;
- E. JCAHO compliance for HR standards would be met;
- F. Cost for agency would decrease; and
- G. Provision of method for additional staffing for census fluctuations, vacancies and call-ins.

# 55.2 Benefits to Employees/Union:

- A. Decrease of mandatory overtime;
- B. Increased staffing levels on units by qualified staff;
- C. Premium pay above overtime; and
- D. Opportunity within the organization to work extra hours without having to go to another organization

#### 55.3 Structure:

Each department will administer their own Internal Agency program. Nursing Services will be centralized out of the nursing office. Staff will sign up for identified needs. A specific location will not be identified, but these employees will agree to work in all areas that they are qualified.

#### **Process**

- A. All other staff will be assigned first.
- B. If Internal Agency staff is needed they will be contacted and given their assignment. They will then go to their assigned unit.
- C. This does not prevent or prohibit in any way staff who negotiate with specific units for extra time on a particular unit.
- D. This does not take the place of established bonus programs.
- E. All additional pay will be added on to the established pay rate including the overtime rate.
- F. The pay will be distributed in the regular two-week pay.
- G. This will be identified on the time cards with an established code.
- H. Staff would not be eligible to sign up for the agency until they met their regularly budgeted hours. (i.e. part-time staff must work their 20 hours in that week.)
- I. Light duty employees or staff that are on an approved FMLA leave are not eligible.
- J. All worked hours will be paid hours and not accumulated as compensatory time.
- K. Contingency staff are eligible after they have met their agreed upon unit commitments.
- L. Float pool staff are eligible.
- M. No hours are guaranteed.
- N. Staff are not permitted to schedule vacation for their regularly scheduled shift and pick up a shift of Internal Agency pay on the same pay day.
- O. Internal Agency must be approved by the Sr. Leadership Team.

Determination of work opportunities will be decided on a first come first serve basis (based on qualification, i.e. ED, Critical Care)

Contingent staff will get their hourly rate plus agency premium.

# 55.4 Minimum Work Requirement

- A. The employee must sign up for three shifts per month / one weekend shift a month.
- B. Weekend is defined as Friday 3:00 P.M. through Sunday 11:00 P.M.

## 55.5 Internal Agency Rates of Pay:

- A. First shift (7a-3p): \$4.00 per hour
- B. Second Shift (3p-11p): \$7.00 per hour
- C. Third Shift (11p-7a): \$6.00 per hour

# ARTICLE 56 PARKING

56.1 Parking Permit. The Employer will provide members the option to purchase an on-campus parking permit. Parking fees and administration for eligible bargaining unit members will be pursuant to Vehicle Traffic and Parking Policy #3364-61-01.

# ARTICLE 57 DURATION

57.1 This Agreement shall be in effect once the contract is ratified by AFSCME and approved by the Board of Trustees through June 30, 2027 and on a day-by-day basis thereafter subject to termination by a ten-day written notice prior to termination.

#### UNIVERSITY OF TOLEDO - HEALTH SCIENCE CAMPUS CLASSIFIED EMPLOYEES HOURLY BASE RATES + LONGEVITY

Longevity increment is added to the base hourly rate for years of service; maximum longevity increase is 10% for 20 years of service. In computing longevity pay the classification salary base will be the minimum hourly rate (Step 1) of the pay range in which the employee is assigned at the time of the computation.

Service	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	25	30
% increase	2.5	3	3.5	4	4.5	5	5.5	6	6.5	7	7.5	8	8.5	9	9.5	10	\$0.25	\$0.25

Multiply the base rate by 80 for biweekly pay or by 2080 for annual salary

#### UNIVERSITY OF TOLEDO - HEALTH SCIENCE CAMPUS CLASSIFIED EMPLOYEES HOURLY BASE RATES + LONGEVITY

Longevity increment is added to the base hourly rate for years of service; maximum longevity increase is 10% for 20 years of service. In computing longevity pay the classification salary base will be the minimum hourly rate (Step 1) of the pay range in which the employee is assigned at the time of the computation.

#### UNIVERSITY OF TOLEDO - HEALTH SCIENCE CAMPUS CLASSIFIED EMPLOYEES HOURLY BASE RATES + LONGEVITY

Longevity increment is added to the base hourly rate for years of service; maximum longevity increase is 10% for 20 years of service. In computing longevity pay the classification salary base will be the minimum hourly rate (Step 1) of the pay range in which the employee is assigned at the time of the computation.

The following pay scales are for the classifications included in the University of Toledo and AFSCME Local #2415 and Ohio Council 8 Addendum A to Tenative Agreement and Term Sheet for Memorandum of Understanding that was signed on June 27, 2024, and extends until June 26, 2027.

#### UNIVERSITY OF TOLEDO - HEALTH SCIENCE CAMPUS CLASSIFIED EMPLOYEES - <u>MOU</u> HOURLY BASE RATES + LONGEVITY

Longevity increment is added to the base hourly rate for years of service; maximum longevity increase is 10% for 20 years of service. In computing longevity pay the classification salary base will be the minimum hourly rate (Step 1) of the pay range in which the employee is assigned at the time of the computation.
