

2025 PRIOR AUTHORIZATION DRUG LIST

Prior Authorization is a cost-savings feature of your prescription benefit plan that helps ensure the appropriate use of selected prescription drugs. This program is designed to prevent improper prescribing or use of certain drugs that may not be the best choice for a health condition. Please refer to the Prior Authorization list below to see which drugs are included.

PLEASE NOTE: This list is subject to change. All the drugs listed may not be covered by your prescription-drug benefit programs. Check your benefit materials for the specific drugs covered and the copayments for your prescription-drug benefit program. For specific questions about your coverage, please call the phone number printed on your member ID card or the CerpPassRx member service team at (844) 636-7506.
