Welcome to Retirement@Work®, where you can:

- Enroll in your 403(b) & 457(b) retirement plan(s)
- Change your voluntary contribution amount at any time
- Choose your preferred retirement plan provider(s)
- View retirement plan balances across plans and investment providers
- Access tools and resources for planning
1. Access Retirement@Work

Click the link provided by your employer to gain access to Retirement@Work. If prompted, log in or register for access.

2. Set up and manage your contributions

**First time users:** Click *Set Up Contributions*. Once in the Contributions section, you’ll choose the plan in which the contributions are for.

**Returning users:** Click *Manage Contributions*.

On the next page, enter the amount you want to contribute per pay period and when you want contributions to start for the specific voluntary plan, either the 403(b) or the 457(b). Note: You'll repeat this step if enrolling or updating both plans. Click the indicated button to split your contributions between pretax and/or Roth.

- When you enter a dollar amount, you'll see an estimate of your percentage contribution per pay period.
3. Select investment providers

Decide if you want to direct all of your contributions to the same investment provider(s) and click Yes or No.

If you choose Yes, all plans in which you contribute and all contribution types—which, based on your plan(s), may include employer contributions, employee contributions, pretax and Roth—will be directed to the same investment provider(s) in the same percentages.

If you choose No, you will then make your choices by individual plan and contribution type. Enter the percentage you wish to allocate to each provider. Ensure your total equals 100 percent.

4. Review your contributions

Check to be sure your desired selections are reflected in the summary. If they are not, click the Edit button to make changes.

Once your selections are shown, review the “Terms and Conditions,” check the box, then click Confirm. The next page will confirm that your elections were submitted.
5. Open your investment account(s) and select investments

Next, click the name of each provider you selected. You will exit Retirement@Work and be taken to the provider’s website to complete the enrollment by choosing an investment strategy and assigning beneficiaries (if you do not already have an account). If you selected more than one provider, you must return to this page to click each provider’s name to complete the process.

You will be required to enter a plan number or access code once on your selected provider’s site to continue enrollment:

**Corebridge Financial**
ARP Plan – 17006001
403(b) Plan
Pretax: 17006002 Roth: 17006202
