- Proposals should be prepared providing a straight-forward, concise description of Respondents capabilities to satisfy the requirements of the Request for Proposal. Emphasis should be on completeness and clarity of content. Unnecessarily elaborate brochures or other presentations beyond that sufficient to respond to each section and beyond that sufficient to present a complete and effective bid response are neither necessary nor desired.

Respondents with questions or requiring clarification or interpretation of any section within this RFP must address these questions via e-mail to sharon.hunt@utoledo.edu prior to the submission date stated in Section 2: RFP Schedule of Events. Each question should begin by referencing the RFP page number and section number to which it relates.

Requests for extension of Due Date/Time will not be granted unless the University determines, at its' sole discretion, that the original Due Date/Time appears impractical. Notice of any extension will be provided in the form of an Addendum posted electronically to the purchasing website.

All correspondence with RFP contact, for the duration of the RFP timeline, is to be in written format only (no phone calls will be accepted) and respondents are hereby advised that written communication received after the question-and-answer period will only be responded to as deemed appropriate by the RFP contact.
