- An electronic copy of the Proposal is the required submission via email. This is determined by the check boxes in Section 3.8 RFP Package Requirements Checklist.
- Proposals should be prepared providing a straightforward, concise description of Respondent's capabilities to satisfy the requirements of the Request for Proposal. Emphasis should be on completeness and clarity of content. Unnecessarily elaborate brochures or other presentations beyond those sufficient to respond to each section and beyond those sufficient to present a complete and effective bid response are neither necessary nor desired.
- Respondent may include any optional data not requested yet considered by the Respondent to be pertinent to this RFP. Any such information should be clearly marked as optional.

In the event that it becomes necessary for the University to revise any part of this RFP, revisions will be provided by the University Purchasing Office via an addendum that is posted online at <http://www.utoledo.edu/depts/supplychain/>. Each question should begin by referencing the RFP page number and section number to which it relates.
- Requests for extension of the Due Date/Time will not be granted unless the University determines, at its sole discretion, that the original Due Date/Time appears impractical. Notice of any extension will be provided in the form of an Addendum posted electronically to the purchasing website.
- All correspondence with the RFP contact, for the duration of the RFP timeline, is to be in written format only (no phone calls will be accepted), and respondents are hereby advised that written communication received after the question-and-answer period will only be responded to as deemed appropriate by the RFP contact.

3.15 Sustainability and Biobased Products:

The University of Toledo is committed to preserving the environment and being responsible stewards of university resources. There are many benefits to environmentally preferred purchasing: reduced energy consumption, recycled content, extended product life, decreased maintenance, and reduced life cycle costs. Suppliers are encouraged to identify products, services, or processes that promote environmental stewardship and offer these goods or services as alternatives to what has been requested. Any exceptions or deviations from the original specifications must be clearly defined.

As part of ORC 123:5-1-14, the university also supports the purchase of biobased products as defined by the United States Department of Agriculture and as maintained by the Department of Administrative Services. The university may give preference to biobased alternatives if they meet the functionality requirements as deemed by the university.

The University of Toledo is committed to creating and maintaining an accessible environment in which products or services are available to as many individuals as possible. Assistive and adaptive technology options should be provided in your response to demonstrate the accessibility features of the goods or services being requested.

SECTION 4: GENERAL INFORMATION AND NOTICE TO RESPONDENTS

The Respondent whose Proposal, in the sole opinion of the University, represents the best overall value to the University will be selected. Factors which determine the selection include but are not limited to: the Proposal’s compliance with the RFP; quality of the Respondent’s products or services; ability to perform the Scope; and general responsibility as evidenced by past performance. Price/Discounts, although a factor, will not be the sole determining factor in the award of an agreement.

4.1 Rights Reserved:

The University, at its sole discretion and upon its determination that such actions would be in its best interest, reserves the right to:

- Accept or reject any or all Proposals, or any part thereof, or to withhold the award and to waive, or decline to waive, irregularities, informalities, and technicalities in any Proposal when determined that it is in its best interest to do so.
- Contact any respondent for clarification of information submitted.

- Negotiate a possible contract and may solicit best and final offers from some or all Respondents prior to or during this negotiation process.
- Choose not to evaluate, shall deem non-responsive, and/or shall disqualify from further consideration any Proposals that do not follow the RFP directives, are difficult to understand, are difficult to read, or are missing any requested information.
- Make an Award by items, groups of items, or whichever is deemed most advantageous to the University. The University also reserves the right to make multiple awards when it is deemed in the best interest of the University.

4.2 Right to Investigate and Reject:

The University may make such investigations as deemed necessary to determine the ability of the Respondent to provide the supplies and/or perform the services specified. The University reserves the right to reject any Proposal if the evidence submitted by, or investigation of, the Respondent fails to satisfy the University that the Respondent is properly qualified. This includes the University's ability to reject the Proposal based on negative references.

4.3 Incurred Expenses:

The Respondent, by submitting a Proposal, agrees that any cost incurred by responding to this RFP, or in support of activities associated with this RFP, will be borne by the Respondent, and shall not be billed to the University. The University will incur no obligation or liability whatsoever to anyone resulting from the issuance of, or activities pertaining to, this RFP, including samples. Respondents submit Proposals at their own risk and expense.

4.4 Resulting Contract(s):

Please advise if your company has an interest in extending your offer to the Inter-University Council of Ohio's Purchasing Group (IUC-PG) membership. This is a courtesy request and there is no obligation to agree to it. It is not part of the University's selection criteria. Should you choose to extend usage, participation in the contract by other IUC-PG members is strictly voluntary on their part, and the University's sole role and responsibility would be to share the contents of the contract with them. A Contract Administrative Fee (CAF) may be applied to any offer adopted by the IUC-PG or its individual member institutions.

In no way must any decision by your company to extend the contract to the IUC-PG members negatively affect the delivery capability, general service level, prices, discounts, product availability, or other contractual obligations to the University.

Please indicate in your response package if your company agrees to extend any resulting contracts to include other IUC-PG members who may have an interest in utilizing it and describe any regional or geographic limitations.

9. Unresolved Findings. Contractor warrants that it is not subject to an "unresolved" finding for recovery under O.R.C. 9.24. If the warranty is deemed to be false, the Contract is void ab initio, and the Contractor must immediately repay to the State of Ohio any funds paid under the Contract.
10. Free Trade. Pursuant to R.C. 9.76(B) Contractor warrants that Contractor is not boycotting any jurisdiction with whom the State of Ohio can enjoy open trade, including Israel, and will not do so during the contract period.
