		Sylvia Suh	4379	RH 1805 F
Pharmacy and Pharmaceutical Sciences				
		Sylvia Suh	4379	RH 1805 F
University College				
		Rachel Barnes	2332	RH 1805 A

What is Blackboard Learn?

Blackboard Learn, or Blackboard, is the primary Learning Management System (LMS) used for online, blended, and web-assisted courses at The University of Toledo. Blackboard provides a convenient interface for uploading course content and modules, for collecting students' tests and assignments, for interacting with students using integrated communication tools, and grading students' work.

All UT courses are enabled with Blackboard course sites. To access, visit blackboard.utdl.edu and log in with your UTAD username and password. Students may access Blackboard course sites on the course start date in Banner unless faculty adjust start dates. For technical assistance, contact the UToledo Online Help Desk at 419-530-8835 or UTLV@utoledo.edu.

¹Please contact Christopher directly through the college of medicine and life sciences.
