Ohio's Model for Identifying Highly Qualified Teachers

The federal *No Child Left Behind (NCLB)* Act took effect in 2002 and requires that all teachers be highly qualified in the core academic subject(s) they teach. *NCLB* places major emphasis upon teacher quality as a factor in improving achievement for all students. This emphasis grows out of the research showing that teachers’ mastery of the academic content they teach is critical to engaging students and is a significant factor in raising levels of student achievement.

**All teachers of core academic subjects** must meet the Highly Qualified Teacher requirement. If these teachers are not currently required to report their HQT status in EMIS, they should have their HQT documentation available for audit purposes.

There are three parts to meeting the HQT requirement:

1. Teachers must have at least a bachelor’s degree;
2. Teachers must have a certificate/license that is appropriate to the grade and subject they are teaching; **AND**
3. Teachers must be able to demonstrate their subject area expertise in the core academic subjects they teach.

If any part is missing, the teacher cannot be HQT.

Newly hired and veteran teachers must satisfy the definition of a Highly Qualified Teacher (HQT). Veteran teachers must have been HQT by the end of the 2005-2006 school year. Federal regulations require that new and newly hired teachers be highly qualified at the time of hire.

*IDEA (2004)* allows schools and school districts to hire new Intervention Specialists for a K-6th grade teaching assignment who meet one of the following to demonstrate subject area expertise in the core academic subjects they teach:

- **A)** Pass the appropriate Praxis II Test:
  - Grades K-3: Education of Young Children (#0021)
  - Grades K-3: ECE (#0020 – if passed before Sept. 1, 2005)
  - Grades 4-6: Elem. Education Content (#0014)
  - Introduction to the Teaching of Reading (#0200 – if passed before Sept. 1, 2010)
  - Specialty area content test (e.g., Praxis II: Middle School Science, NTE/Praxis II: Elementary General Knowledge (#0010, #0011) after 1991)

  **OR**

- **B)** Per U.S. Department of Education: Pass the *Praxis II Test: Teaching Reading* (#0204)

*IDEA (2004)* allows schools and school districts to hire new Intervention Specialists for a 7-12 grade teaching assignment who meet one of the following:

- **A)** Have an academic major in one of the following:
  - Language Arts
  - Science
  - Mathematics

  **OR**

- **B)** Per U.S. Department of Education: Pass the *Praxis II Test: Teaching Reading* (#0204)

**New Intervention Specialists have two years to meet the HQT requirement in the remaining areas of their teaching assignment, as needed.**

*Core academic subjects are defined in Section 9101 of NCLB as English, language arts, reading, science, mathematics, arts (including music, visual arts, dance and drama), foreign language, government and civics, history, economics and geography.*
The Ohio Department of Education’s (ODE) role in implementing the federal requirement is to:

- provide schools with the materials and support needed to complete the Highly Qualified Teacher and Qualified Instructional Paraprofessional identification process;
- create a state profile using the Highly Qualified Teacher and Qualified Instructional Paraprofessional data; AND
- monitor the percentage of classes taught by highly qualified teachers.

The school’s role in implementation of the federal requirement is to:

- provide teachers and instructional paraprofessionals with the support needed to complete the Highly Qualified Teacher and Qualified Instructional Paraprofessional reporting process;
- gather and maintain the data at the building level; AND
- submit the required reporting materials to the EMIS coordinator.

The district and school Comprehensive Continuous Improvement Plan (CCIP) must include a detailed plan for meeting and maintaining the Highly Qualified Teacher and Qualified Instructional Paraprofessional requirements.

This toolkit contains samples of the forms principals need to complete for HQT reporting. The HQT Worksheet form(s) will be used to determine a teacher’s Highly Qualified Teacher status based on the federal criteria.

New teachers, teachers new to the building, teachers with new assignments or teachers who have recently met the HQT requirement shall complete or provide copies of HQT Worksheets Forms A-E completed in previous years. Veteran teachers in the same building will need only to complete the annual status sheet. The Principal’s Recording Sheets and Ohio Highly Qualified Teacher Status Sheets will be available from the EMIS coordinator following the first EMIS October report submission.

### In Addition to Standard Teaching Certificates/Licenses, the Following Licenses Meet the Requirements in Section 2 of the HQT Worksheet

**Alternative Resident Educator License**
A teacher making satisfactory progress in an alternative resident educator license pathway, including passing the Praxis II subject knowledge assessment and participating in a structured mentoring program, meets the criteria for Section 2 of full state certification/licensure.

**One-Year Out-of-State Educator License**
A teacher who holds a one-year out-of-state educator license meets the criteria for Section 2 of full state certification/licensure.

**Supplemental License**
A teacher who is making satisfactory progress in a supplemental license pathway and participating in a structured mentoring program, meets the criteria for Section 2 of full state certification/licensure.

**Three-Year Visiting International Teacher License**
A teacher who holds a Three-Year Visiting International Teacher License meets the criteria for Section 2 of full state certification/licensure.
Directions for Building Administrators:

1) Obtain the HQT Status Sheets (sample included) from the EMIS coordinator following the first submission of the EMIS October report.

2) Instruct all new K-12 core academic subject teachers to complete the appropriate HQT Worksheet form(s) for their current teaching assignment (Form A, Form A-Exception, Form B, Form B-Exception, Form C, Form C-Exception, Form D and/or Form E) and the Ohio Highly Qualified Teacher Status Sheet for EMIS.

3) Instruct all returning K-12 core academic subject teachers to confirm the information on the Ohio Highly Qualified Teacher Status Sheet, or modify the information if changes have occurred from last year.

4) Instruct staff to complete, sign and date the Ohio Highly Qualified Teacher Status Sheet. The status sheets should be returned to the building administrator for filing with the district EMIS coordinator.

5) Complete the Principal's Recording Sheet for HQT Status, listing all teachers of core academic subjects.

6) Have instructional paraprofessionals in Title I schools or working in Title I programs complete Form F. Complete the Principal's Recording Sheet for Qualified Instructional Paraprofessionals. This information will be submitted through EMIS as part of the October reporting period.

Filing Instructions for School Administrators:

1) The original copy of the completed Ohio Highly Qualified Teacher Status Sheet and Principal's Recording Sheet for all core academic teachers should be kept on file.

2) Building administrators should submit a copy of the Ohio Highly Qualified Teacher Status Sheet and the Principal's Recording Sheet for HQT to the EMIS coordinator for entry into the EMIS October report.

3) Submit a status report for the instructional paraprofessionals if Title I funds are received as a schoolwide or targeted assistance program.

If you have questions or need additional support in meeting these federal requirements, please consult the Ohio Department of Education website: education.ohio.gov. Send your questions to: hqt@ode.state.oh.us or Wesley Williams, II at wesley.williams@ode.state.oh.us.
Frequently Asked Questions and Answers
Regarding Highly Qualified Teachers

1. Q: **Who must be reported as highly qualified teachers under the NCLB definition?**
   
   A: Teachers who teach in a core academic subject area must be reported. All core academic subject teachers who are assigned students in EMIS must have their HQT status reported in the October EMIS report. All other core academic subject teachers must have their HQT status on file at the school.

2. Q: **What are the core academic subjects?**
   
   A: Core academic subjects, as defined in Section 9101, include English, language arts, reading, science, mathematics, arts (includes music, visual arts, dance and drama), foreign language, government and civics, history, economics and geography.

3. Q: **When must teachers of core academic subjects meet the NCLB federal definition of being designated as highly qualified?**
   
   A: By the end of the 2005-2006 school year, all veteran elementary, middle and secondary teachers of core academic subjects should have been highly qualified. Newly hired teachers must be HQT upon employment.

4. Q: **What is the definition of “teaching assignment”?**
   
   A: Teaching assignment is the grade level and core academic subject(s) a teacher is teaching this school year.

5. Q: **What are the criteria being used to determine if a teacher meets the federal HQT definition?**
   
   A: Teachers can meet the federal HQT definition in two ways:
   
   (1) Be fully licensed in the area they teach and fulfill qualifications designated on the HQT Worksheet Form(s) A-E; or
   
   (2) Be fully licensed in the area they teach and achieve 100 points on the Ohio HQT Rubric or Ohio HQT Expanded Rubric.

6. Q: **What is the expiration date of a teacher’s HQT status?**
   
   A: Although teachers must report their HQT status every year, they do not need to re-qualify every year. Once a teacher is HQT in a subject and grade level, he/she is always HQT in that subject and grade level. ODE does not designate HQT status on a certificate/license. Appropriate documentation of HQT status is maintained by the district and teacher.

7. Q: **Now that the High Objective Uniform State Standard Evaluation (HOUSSE) has been phased-out, how will teachers meet the HQT requirements?**
   
   A: The HOUSSE options include the items in the Ohio HQT Rubric and the Ohio HQT Expanded Rubric. These options are no longer available for general education teachers to meet HQT. (The HOUSSE options will remain for new and newly assigned intervention specialist/special education teachers.) However, there are circumstances when teachers may be reassigned to subjects or grade levels or when educators may be hired for teaching assignments for which they have not been required to meet HQT previously. If teachers in these circumstances meet the HOUSSE Exception Criteria they may have one EMIS October reporting period to report or earn HQT status using the HOUSSE options. (See HQT Worksheets Form A-Exception, Form B-Exception, Form C-Exception.)
8. Q: **What are the HOUSSE Exception Criteria?**  
   A: The HOUSSE Exception Criteria may apply to teachers who are fully licensed for the teaching assignment and:  
   • have not been teaching since Jan. 2002; or  
   • are returning to teaching after an extended leave of at least one year within the 2002-2011 school years (i.e., military duty, reduction in force, medical disability, family care, approved leave of absence, administrator returning to the classroom, past employment in a nonpublic school, recently working as a substitute); or  
   • are teaching for the first time in Ohio and were previously licensed to teach out-of-state; or  
   • are teaching a grade level they have not taught since January 2002; or  
   • are teaching a subject they have not taught since January 2002.

9. Q: **How will a teacher meet HQT if they do not meet one of the HOUSSE Exception Criteria?**  
   A: If a veteran teacher does not meet HQT and does not qualify for one of the HOUSSE Exception Criteria that teacher will need to meet HQT through one of the options in Section 3 of the appropriate HQT Worksheet.

10. Q: **On the Ohio Highly Qualified Teacher forms, what does a “clock hour” mean?**  
    A: One “clock hour” is 60 minutes of professional development (one semester hour of coursework = 15 clock hours; one quarter hour of coursework = 10 clock hours).

11. Q: **Could someone teaching in grades 7-12 be partially highly qualified if he or she is teaching two different core academic subject areas?**  
    A: Yes. A teacher might meet the criteria for some of his or her teaching assignment classes, but not all; therefore, some of these classes would be counted as being taught by a highly qualified teacher and some would not.

12. Q: **Do the NCLB highly qualified requirements apply to career-technical teachers?**  
    A: Yes, if those career-technical teachers are teaching a core academic subject area.

13. Q: **What master’s degrees can be counted on the HQT forms for teachers who teach in grades K-6?**  
    A: Teachers who teach K-6 can hold a master’s degree in one of the following areas: 1) Education; 2) Curriculum/Instruction; 3) Reading; or 4) Teaching. Master’s degrees in Education Administration, Educational Leadership or School Counselor do not apply.

14. Q: **What master’s degrees can be counted on the HQT forms for teachers who teach in grades 7-12?**  
    A: A grade 7-12 teacher must hold a master’s degree in the core academic subject of his or her teaching assignment.

15. Q: **What is the timeline for the 90 clock hours of high-quality professional development? From what point can one begin to count the 90 clock hours?**  
    A: Professional development may be counted since September 1998 and post initial certificate/licensure. For example: if a teacher received an initial teaching certificate/license before September 1998, he/she may use any professional development since September 1998; if a teacher received an initial teaching certificate/license after September 1998, he/she may use any professional development since the issue date of that initial certificate or license.
16. Q: How does the Highly Qualified Teacher definition pertain to special educators/intervention specialists?
   A: Special education teachers who provide instruction to students in core academic subjects must meet the highly qualified teacher requirements for those core academic subjects that they teach. These requirements apply whether the intervention specialist/special education teacher provides core academic instruction in a regular classroom, a resource room or another setting.

17. Q: Does a teacher of multi-handicapped students need to be highly qualified in all 7th-12th-grade core academic content areas?
   A: No. If all students are being taught curriculum at the sixth-grade level or below and all students are assessed against alternate achievement standards, the teacher may meet HQT requirements as they apply to a K-6th grade intervention specialist (Form D).

18. Q: Are teachers in alternative licensure pathways considered fully licensed/certified?
   A: Yes. They meet the requirements of Section 2. Those teachers still must comply with Section 3, Section 4 or HOUSSE options to be highly qualified.

19. Q: Are teachers with a Supplemental, One-Year Out-of-State Educator License, or Three-Year Visiting International Teacher License considered fully licensed/certified?
   A: Yes. They meet the requirements of Section 2. Those teachers still must comply with Section 3, Section 4 or HOUSSE options to be highly qualified.
Principals will receive a customized reporting sheet for their building from the EMIS coordinator.

Building administrators should keep this form on file within the building. A copy of this form should be forwarded to the EMIS coordinator for reporting compliance with the *NCLB* Act, Section 1119.

**NOTE:** If the HQT status changes at any point before your district's final October EMIS submission, the status sheet and this form can be revised and a copy forwarded to your district’s EMIS coordinator in order to update the information reported to the Ohio Department of Education via EMIS.
All teachers of one or more of the core academic subjects as identified in the federal NCLB must meet the highly qualified teacher definition.

◆ New Teachers

New teachers, teachers new to the building, or teachers in a new teaching assignment must complete or provide copies of the appropriate HQT Worksheet form(s) for their current teaching assignment.

In order to meet the HQT requirements, teachers must check “yes” in Section 1 and Section 2 of the appropriate form(s). In addition, the teacher must check “yes” for one item in Section 3 or Section 4. Or, if a teacher meets one of the HOUSSE Exception Criteria, he/she may use the HOUSSE options for their third “yes.” The HOUSSE options are the items on Form A-Exception, Form B-Exception and Form C-Exception and the Ohio Expanded Rubric.

Once the teacher has identified how they meet the HQT requirement, they should complete, sign and return the Ohio Highly Qualified Teacher Status Sheet to the building administrator. The status sheet denotes the teacher’s schedule, which includes the grade level(s) and subject(s) taught by class period. The teacher indicates the criteria for meeting the federal definition in each core academic subject from Section 3, the HOUSSE options or the Ohio Expanded Rubric.

If the teacher does not currently meet the federal definition for all or part of his or her teaching assignment, “no” would be indicated on the status sheet for the class where the teacher is not HQT.

◆ Teachers Returning to the Same Teaching Assignment

Teachers returning to the same teaching assignment of K-12 core academic subjects will receive the Ohio Highly Qualified Teacher Status Sheet. The status sheet denotes the teacher’s schedule, which includes the grade level(s) and subject(s) taught by class period. The status sheet also indicates the criteria the teacher identified for meeting the federal definition in each core academic subject as reported last school year. The teacher will confirm, or modify the information if changes have occurred from last year’s reported data, sign and return the Ohio Highly Qualified Teacher Status Sheet to the building administrator.

If the teacher does not currently meet the federal definition for all or part of his or her teaching assignment, “no” would be indicated on the status sheet for the class where the teacher is not HQT.
Highly Qualified Teacher Worksheet

For Regular Education Teachers, Grades K-6

Section 1: Do you have at least a bachelor’s degree?  [ ] Yes  [ ] No

Section 2: Do you hold full* state certification/licensure in your teaching assignment?  [ ] Yes  [ ] No

* Substitute licenses do not meet this requirement.

If you answered NO to Sections 1 and/or 2, proceed no further. You cannot meet the HQT requirement in this teaching assignment. Record “NO” on the status sheet and return it to your building principal.

Section 3:

Did you receive initial certification/licensure in Ohio in 1991 or later, and pass one or more of the following Ohio’s State Licensure Exams (NTE or Praxis II)?  [ ] Yes  [ ] No

(The Praxis II: Principles of Learning and Teaching and Praxis II: Special Education DO NOT apply here.)

- Education in the Elementary School (#0010), if passed before Sept. 1, 1999
- Teacher, grades K-3 Praxis II: ECE (#0020), if passed before Sept. 1, 2005
- Introduction to the Teaching of Reading (#0200), if passed before Sept. 1, 2010
- Teacher, grades K-3 Praxis II: EYC (#0021)
- Teacher, grades 4-6 Praxis II: Elem. Ed. Content (#0014)
- Elementary Education: Curriculum, Instruction & Assessment (#0011)
- Specialty area content test appropriate to your teaching assignment, e.g., Middle School English Language Arts (#0049), Middle School Mathematics (#0069), Middle School Science (#0439), Teaching Reading (#0204)

Did you answer “yes” in Sections 1, 2 and 3 above?  [ ] Yes  [ ] No

If “yes,” this satisfies the federal definition of a HQT. If “no,” proceed to Section 4.

Section 4:

Did you previously report Highly Qualified Teacher (HQT) status in this teaching assignment by using the Ohio Highly Qualified Teacher Rubric or the Ohio Highly Qualified Teacher Expanded Rubric prior to Jan. 31, 2007, with supporting documentation available?  [ ] Yes  [ ] No

If “no,” please read below and proceed to Form A-Exception, if applicable.

The High Objective Uniform State Standard of Evaluation (HOUSSE) has been phased out for all general education teachers. The HOUSSE (the Ohio HQT Rubric and the Ohio HQT Expanded Rubric) is no longer available for veteran teachers to meet HQT after Jan. 31, 2007. However, there may be some exceptional circumstances whereby a teacher can still use the HOUSSE to meet HQT.

Teachers who have checked YES for Section 4 do not need to use the HOUSSE Exception Criteria. You continue to be a HQT in that subject and grade level.

Teachers who have checked NO for Section 3 and Section 4 should review Form A-Exception. If a teacher can meet one of the HOUSSE Exception Criteria they may use the Ohio Highly Qualified Teacher Rubric or the Ohio Highly Qualified Teacher Expanded Rubric to earn 100 points and meet the third required “yes” to meet the federal HQT definition.

* Core academic subjects are defined in Section 9101 of NCLB as English, language arts, reading, science, mathematics, arts (including music, visual arts, dance and drama), foreign language, government and civics, history, economics and geography.
If you have previously demonstrated Highly Qualified Teacher (HQT) status in your current subject and grade level, you do not need to use the HOUSSE Exception Criteria. You continue to be HQT in that subject and grade level.

Teachers who are fully licensed in the area they teach and meet one of the HOUSSE Exception Criteria may have one EMIS October reporting period to use the Ohio Highly Qualified Teacher Rubric or Ohio Highly Qualified Teacher Expanded Rubric to meet HQT in their teaching assignment. This rubric should be completed for each teaching assignment in which the teacher does not meet the highly qualified requirements, as determined by the HQT Worksheets for regular education teachers who report on Form A.

HOUSSE Exception Criteria (Only one of the criteria is required.)

- fully licensed but not teaching since Jan. 2002
- fully licensed and returning to teaching after an extended leave of at least one year within the 2002-2011 school years (e.g., military duty, reduction in force, medical, approved leave of absence, disability, family care leave, administrator returning to the classroom, previously taught in a nonpublic school, recently working as a substitute)
- first year teaching in Ohio, previously taught out-of-state
- fully licensed but have not taught in this grade since Jan. 2002 (e.g., taught grade 8 Language Arts, now teaching grade 5)
- fully licensed but have not taught this subject since Jan. 2002 (e.g., taught 5th grade music now teaching 5th grade science)

Ohio Highly Qualified Teacher Rubric [Abbreviated Version]

*Since completion in each of these categories equals 100 points, only ONE YES is required*

- Master's Degree
  - In ONE of the following areas:
    - Education;
    - Curriculum/Instruction;
    - Reading; OR
    - Teaching
- 8-Year Professional Certificate
  - Have or ever have had an eight-year professional certificate appropriate to your teaching assignment
- Permanent Certificate
  - Appropriate to your teaching assignment
- National Board Certification
  - Appropriate to your teaching assignment
- 90 Clock Hours
  - Professional development approvable by your LPDC since 1998 and post initial licensure:
    - A minimum of 45 clock hours in appropriate content knowledge (45 clock hours = 3 semester hours of coursework); up to a maximum of 45 clock hours in teaching skills pedagogy or Ohio academic content standards may apply

Yes=100 points

[ ] Yes, I have earned 100 points on the Ohio HQT Rubric, in addition to checking “yes” in Section 1 and Section 2, to meet the federal HQT definition.

[ ] No, I have not earned 100 points on the Ohio HQT Rubric to meet the federal HQT definition.

Teachers who have checked NO may use the Ohio Highly Qualified Teacher Expanded Rubric (see page 19) to obtain 100 points and earn the third required “yes.”

Teachers who have checked **NO** may use the Ohio Highly Qualified Teacher Expanded Rubric (see page 19) to earn 100 points and earn the third required “yes.”
Section 1: Do you have at least a bachelor’s degree?  [ ] Yes  [ ] No

Section 2: Do you hold full* state certification/licensure in your teaching assignment?  [ ] Yes  [ ] No

* Substitute licenses do not meet this requirement.

If you answered NO to Sections 1 and/or 2, proceed no further. You cannot meet the HQT requirement in this teaching assignment. Record “NO” on the status sheet and return it to your building principal.

Section 3: (Only one “yes” is required.)

Did you pass Ohio’s State Licensing Exam (NTE or Praxis II or, for World Languages, the Oral Proficiency Interview (OPI) or the Writing Proficiency Test (WPT) through the American Council on the Teaching of Foreign Languages) in the core academic subject of your teaching assignment and receive initial certification/licensure in Ohio in 1991 or later?  (The Praxis II: Principles of Learning and Teaching and Praxis II: Special Education DO NOT apply here.)  [ ] Yes  [ ] No

Do you have an Academic Major or the equivalent in the core academic subject of your teaching assignment? (Major or equivalent = 30 semester hours/45 quarter hours in Undergraduate and/or Graduate courses)  [ ] Yes  [ ] No

Do you have a Master's Degree in the core academic subject of your teaching assignment?  [ ] Yes  [ ] No

Did you answer “yes” in Sections 1, 2 and 3 above?  [ ] Yes  [ ] No

If “yes,” this satisfies the federal definition of a HQT. If “no,” proceed to Section 4.

Section 4:

Did you previously report Highly Qualified Teacher (HQT) status in this teaching assignment by using the Ohio Highly Qualified Teacher Rubric or the Ohio Highly Qualified Teacher Expanded Rubric prior to Jan. 31, 2007, with supporting documentation available?  [ ] Yes  [ ] No

If “no,” please read below and proceed to Form C-Exception, if applicable.

The High Objective Uniform State Standard of Evaluation (HOUSSE) has been phased out for all general education teachers. The HOUSSE (the Ohio HQT Rubric and the Ohio HQT Expanded Rubric) is no longer available for veteran teachers to meet HQT after Jan. 31, 2007. However, there may be some exceptional circumstances whereby a teacher can still use the HOUSSE to meet HQT.

Teachers who have checked YES for Section 4 do not need to use the HOUSSE Exception Criteria. You continue to be a HQT in that subject and grade level.

Teachers who have checked NO for Section 3 and Section 4 should review Form C-Exception. If a teacher can meet one of the HOUSSE Exception Criteria they may use the Ohio Highly Qualified Teacher Rubric or the Ohio Highly Qualified Teacher Expanded Rubric to earn 100 points and meet the third required “yes” to meet the federal HQT definition.
If you have previously demonstrated Highly Qualified Teacher (HQT) status in your current subject and grade level, you do not need to use the **HOUSSE Exception Criteria**. You continue to be HQT in that subject and grade level.

Teachers who are fully licensed in the area they teach and meet one of the **HOUSSE Exception Criteria** may have one EMIS October reporting period to use the Ohio Highly Qualified Teacher Rubric or Ohio Highly Qualified Teacher Expanded Rubric to meet HQT in their teaching assignment. This rubric should be completed for each teaching assignment in which the teacher does not meet the highly qualified requirements, as determined by the HQT Worksheets for regular education teachers who report on **Form C**.

**HOUSSE Exception Criteria (Only one of the criteria is required.)**

- [ ] fully licensed but not teaching since Jan. 2002
- [ ] fully licensed and returning to teaching after an extended leave of at least one year within the 2002-2011 school years (e.g., military duty, reduction in force, medical, approved leave of absence, disability, family care leave, administrator returning to the classroom, previously taught in a nonpublic school, recently working as a substitute)
- [ ] first year teaching in Ohio, previously taught out of state
- [ ] fully licensed but have not taught in this grade since Jan. 2002 (e.g., taught grade 5, now teaching grade 9)
- [ ] fully licensed but have not taught this subject since Jan. 2002 (e.g., taught 7th grade math now teaching 7th grade music)

Your total points need to be 100 to meet the federal definition of a Highly Qualified Teacher.
Each teacher will receive a customized status sheet from their EMIS coordinator or principal following the entry into the EMIS October report.

Teachers of core academic subjects should review the chart below to verify meeting the federal definition of a Highly Qualified Teacher. Core courses as defined by the NCLB Act include the following: English, language arts, reading, science, mathematics, arts (includes music, visual arts, dance and drama), foreign language, government and civics, history, economics and geography.

Please review the HQT criteria that were reported for the courses you taught during the 2010-2011 school year. If there are NO changes to this information, sign the form and check the blank indicating “NO CHANGES.” If there are changes, please circle the number in the “Change HQT Criteria” column next to each course and sign the form.

- If the teacher is new to the district or was not teaching the same core academic course last year, an “X” will appear in the column labeled “HQT Criteria Reported in 2010-2011.”
- A new teacher MUST circle the number of the appropriate reason in the column labeled “Changes to HQT Criteria for 2011-2012.”
- If a teacher does not meet the definition for a particular course, circle “N” next to that course.

If this report shows a course that you are not teaching, draw a line through the information. Additionally, if you are teaching a course that is missing from the list, write the course name on the form and complete the column “Change HQT Criteria” using numbers 1 - 9 or “N.”

To meet the federal definition of Highly Qualified, the teacher must have:

A. A minimum of a bachelor’s degree;
B. Full state certification/licensure in the teaching area; and
C. One of the following:

1. Appropriate NTE/Praxis II - State Lic. Exam
2. Academic Major or equivalent in Core Academic Subject
3. Appropriate Master’s Degree (100 points)
4. 8-year Professional Certificate (100 points)
5. Permanent Certificate (100 points)
6. National Board Certification (100 points)
7. Expanded HQT Rubric (100 points)
8. 90 Clock Hours of appropriate LPDC approvable Professional Development
9. Does NOT meet HQT definition

Federal Requirements for Instructional Paraprofessionals

No Child Left Behind Section 1119

To ensure that Title I schools and programs have a federally qualified instructional staff, the NCLB statute has specific provisions for paraprofessionals who have instructional duties in targeted assistance Title I programs or in schoolwide Title I buildings.

The new federal legislation requires that paraprofessionals meet one of three criteria to become qualified:

1. Complete at least two years of study at an institution of higher education (defined as 48 semester or 72 quarter hours as verified by college transcript from an accredited institution of higher education*); OR

2. Obtain an associate (or higher) degree from an accredited institution of higher education (defined as any associate degree program from an accredited institution of higher education*); OR

3. Meet a rigorous standard of quality and demonstrate through a formal State or local academic assessment — (i) knowledge of, and the ability to assist in instructing reading, writing and mathematics; or (ii) knowledge of, and the ability to assist in readiness for reading, writing and mathematics.

Note: Only one of the three requirements is needed for compliance.

* An accredited institution of higher education is defined in the Higher Education Act as an educational institution that is legally authorized by the State to provide a program of education beyond secondary education for which the institution awards a bachelor’s degree or provides not less than a two year program that is acceptable toward such a degree and is accredited at the college level by an accrediting agency recognized by the U.S. Secretary of Education.

If you are uncertain as to whether your degree or coursework is from an accredited higher education institution, please check with the institution.
Who must meet these requirements?

**Targeted Assistance Title I Buildings**

ESEA requirements apply only to paraprofessionals who have *instructional duties in programs supported by Title I funds*. Aides who serve as playground, bus or cafeteria aides do not have to meet the requirements. Special education aides who attend only to health care needs of students do not have to meet the requirements. Preschool aides who are funded by Title I must meet the requirements of the statute.

**Schoolwide Title I Buildings**

*All paraprofessionals with instructional responsibilities* in schoolwide Title I buildings must meet the requirements regardless of the source of funding. Aides who serve as playground, bus or cafeteria aides do not have to meet the requirements. Special education aides who attend only to health care needs of students do not have to meet the requirements. Preschool aides who are housed in a schoolwide Title I building also must meet the requirements of the statute.

 Principals for each targeted assistance building and each schoolwide Title I building must attest in writing whether the school is in compliance with the requirements of NCLB Section 1119. The verification shall be maintained on file in the building and at the school district office. The written verification may be reviewed by the public upon request.

**Exceptions for Requirements**

Exceptions to federal statute for paraprofessionals in targeted assistance and schoolwide Title I buildings include paraprofessionals who serve as translators for children and paraprofessionals whose sole responsibilities consist of conducting parental involvement activities.

**State Assessment for Paraprofessionals**

The *Parapro Assessment*, developed by Educational Testing Service (ETS) in 2002, is the state assessment for paraprofessionals in Ohio. The *Parapro Assessment* has been piloted and validated for Ohio, with a passing score of 456 approved by the State Board of Education on June 10, 2003. The *Parapro Assessment* has portability across school districts.

The *Parapro Assessment* is available six times a year across Ohio at selected Praxis test centers. In addition, ETS has developed an online version of the test. For more information about the online initialization process, or to download the *Test At A Glance* or a fact sheet about the *Parapro Assessment*, go to [www.ets.org/parapro](http://www.ets.org/parapro). The Registration Bulletin for the *Parapro* is also available on the Web site for downloading. Location for test sites can be found at the ETS Web site listed above. If an institution would like to become a test site, please complete the application at the following Web site: [www.ets.org/parapro/ippform.html](http://www.ets.org/parapro/ippform.html).

**Local (District) Assessment for Paraprofessionals**

Local districts are empowered by the federal statute to develop their own assessments. The Ohio Department of Education, as the grantee from the U.S. Department of Education, has the authority to develop guidelines for these local assessments, to assure the intent and integrity of the statute is met. Local assessments will meet federal requirements but will not carry the assurance of portability across districts or states.
Ohio’s Educational Aide Permit

Currently in Ohio, the educational aide permit, valid for working with learners under the supervision of a fully licensed educator, shall be issued to an individual deemed to be of good moral character, who has a high school diploma or the equivalent, and who has been recommended by the employing school district, in accordance with Chapter 3301-25 of the Administrative Code (Teacher Education and Licensure Standards).

The educational aide permit will continue to be issued as defined above for instructional and non-instructional aides in Ohio. However, paraprofessionals who have instructional duties in targeted assistance schools and schoolwide Title I buildings must meet the additional requirements of NCLB (effective Jan. 8, 2002). The term “ESEA Qualified” may be added to the Educational Aide permit for individuals who have successfully completed the paraprofessional requirement of the exam for paraprofessionals prescribed by the State Board of Education; or, an associate's degree (or higher) from an accredited institution of higher education; or, at least two years of study at an accredited institution of higher education.

If you still have questions after reviewing these materials, please e-mail hqt@ode.state.oh.us or Wesley Williams, ll at wesley.williams@ode.state.oh.us.
1. Q: Are all paraprofessionals required to meet the federal definition?
   A: No. Only those with instructional duties in Title I schoolwide and/or targeted assistance buildings are required to do so.
   Those not included:
   • Playground, bus and cafeteria aides;
   • Special education aides who attend only to the health care of students;
   • Translators;
   • Those whose sole responsibility consists of conducting parental involvement activities;
   • Those working in non-instructional roles (playground, bus and cafeteria aides, non-instructional computer assistance).

2. Q: Who is considered an instructional paraprofessional?
   A: According to NCLB guidelines, an instructional paraprofessional provides one-on-one tutoring; assists with classroom management (organizing instructional and other materials); provides instructional computer assistance; provides support in a library or media center; or provides instructional services under the direct supervision of a teacher.
   Requirements do not apply to paraprofessionals working primarily as translators or solely on parental involvement activities, or to individuals working in non-instructional roles (food service, cafeteria or playground supervision, personal care service, and non-instructional computer assistance).

3. Q: What qualifications are required for instructional paraprofessionals?
   A: According to the regulations, instructional paraprofessionals who have instructional duties in Title I schoolwide buildings or are paid with Title I funds in a Title I targeted assistance building are required to meet the following criteria:
   1) Complete at least two years of study at an institution of higher education (defined as 48 semester or 72 quarter hours as verified by a college transcript from an accredited institution of higher education*); OR
   2) Obtain an associate (or higher) degree from an accredited institution of higher education (defined as an associate degree program from an accredited institution of higher education); OR
   3) Meet a rigorous standard of quality and demonstrate through a formal state or local academic assessment – (i) knowledge of, and the ability to assist in instructing reading, writing and mathematics; or (ii) knowledge of, and the ability to assist in readiness for reading, writing and mathematics.

* An accredited institution of higher education is defined in the Higher Education Act as an educational institution that is legally authorized by the State to provide a program of education beyond secondary education for which the institution awards a bachelor's degree or provides not less than a two year program that is acceptable toward such a degree and is accredited at the college level by an accrediting agency recognized by the U.S. Secretary of Education.

If you are uncertain as to whether your degree or coursework is from an accredited higher education institution, please check with the institution.
4. Q: **Will all instructional paraprofessionals hired after Jan. 8, 2002, have to meet the educational requirements or just Title I instructional paraprofessionals?**
   
   A: *NCLB* requirements for instructional paraprofessionals impact only these individuals with instructional duties in a schoolwide Title I building or in any program supported by Title I funds.

5. Q: **Can instructional paraprofessionals be “grandfathered in” based on years of experience?**
   
   A: No grandfather provisions exist under *NCLB*.

6. Q: **What form of assessment will paraprofessionals be required to take?**
   
   A: The *Parapro Assessment* focuses on one's knowledge of, and ability to assist in instructing reading/reading readiness, writing/writing readiness, and mathematics readiness. A passing score of 456 (out of a total of 480 possible points) must be obtained on the Parapro test in order to meet the requirements.

7. Q: **Where can I take the Parapro Assessment?**
   
   A: The *Parapro Assessment* is offered four times a year at *Praxis* testing centers. To register for the paper/pencil *Parapro Assessment*, visit the Educational Testing Service Web site at [www.ets.org/parapro](http://www.ets.org/parapro). Online testing is available to districts as well. As the demand grows, additional sites may be added.

8. Q: **If a paraprofessional does not pass the test, can the test be taken again?**
   
   A: Candidates may take the test as many times as necessary to achieve a passing score of 456 (out of a total of 480 possible points).

9. Q: **If a paraprofessional does not pass one section of the test, can that portion be taken again or must the entire test be completed?**
   
   A: Because the *Parapro* is a single test, there is no way to “bank” scores on any single part of it; therefore, the entire test must be retaken.

10. Q: **Will districts be able to provide funding for paraprofessionals to meet the new requirements?**
    
    A: Title I and Title II funds may be provided for ongoing training and professional development for paraprofessionals.

11. Q: **Does a paraprofessional in a computer lab have to meet the paraprofessional definition?**
    
    A: The answer to this depends upon the responsibilities assigned to the paraprofessional. If the paraprofessional is an instructional aide assisting students with curricular issues, the answer is “yes.”
    
    However, if the paraprofessional is employed in a computer lab for maintenance, mechanical assistance or security responsibilities, the paraprofessional would not be considered to be serving in an instructional role and thus would not need to meet the definition.

Building administrators should keep this form on file. A copy of this form should be forwarded to the EMIS coordinator for reporting compliance with NCLB Section 1119.

NOTE: If the paraprofessional’s status changes at any point before the final October EMIS submission, this form can be completed again and a copy forwarded to the EMIS coordinator in order to update the information reported to the Ohio Department of Education via the Education Management Information System (EMIS).

(Please photocopy this sheet if additional lines are needed.)
## Procedures for Completion

**Instructional Paraprofessionals:**

Instructional paraprofessionals in Title I schoolwide or targeted assistance buildings complete Form F. Once completed, the form is submitted to the building administrator for submission to the EMIS coordinator for the EMIS October report of Qualified Paraprofessionals. **Non-instructional paraprofessionals and paraprofessionals in non-Title I buildings/programs do not need to complete Form F.**
Qualified Instructional Paraprofessional Worksheet

For Instructional Paraprofessionals in Title I Schoolwide or Targeted Assistance Buildings

To ensure that Title I schools and programs have qualified instructional staff, the NCLB statute has specific provisions for paraprofessionals who have instructional duties in targeted assistance Title I programs or in schoolwide Title I buildings.

The new federal legislation requires that paraprofessionals meet one of three criteria to become qualified:
1. Complete at least two years of study at an institution of higher education (defined as 48 semester or 72 quarter hours as verified by college transcript from an accredited institution of higher education);
2. Obtain an associate (or higher) degree from an accredited institution of higher education (defined as an associate degree program from an accredited institution of higher education); OR
3. Meet a rigorous standard of quality and demonstrate, through a formal State or local academic assessment – (i) knowledge of, and the ability to assist in instructing reading, writing and mathematics; or (ii) knowledge of, and the ability to assist in readiness for reading, writing and mathematics.

Only one “yes” is required
