

Scholarships Available!

COLLEGE OF ENGINEERING
THE UNIVERSITY OF TOLEDO

The Department of Civil and Environmental Engineering, at The University of Toledo, is looking for motivated students to pursue masters or doctoral degrees in infrastructure: Structure, Transportation, and Geotechnical; or environmental engineering areas: air, water, and waste.

We encourage students who are applying to [Fulbright Program for Foreign Students](#), [Scholarships for Students from Brazil](#) (Science without Borders program, Ciência sem Fronteiras), [Full Scholarships for Students from Saudi Arabia](#) (King Abdullah Foreign Scholarship Program, المملكة عبد الله الخارجية), رذامج

The Department of Civil and Environmental Engineering has overall research expenditures of nearly \$1 million per year from grants, contracts, and internal allocations. Qualified students will receive full tuition waivers and a stipend from the department, for at least one academic year. While we are looking for qualified students all the time, we currently have immediate openings for the coming semesters.

For general questions about the department and the University, please contact:

Assistant Director – Student Services
Department of Civil and Environmental Engineering, MS 307
