## Modifications Requested

<p>Change for credit hours from Recitation to Lecture. Change to catalog description. Change to "no" for prerequisite. (<i>The catalog description mentions "laboratory experiences". This course doesn't have a lab associated with it</i>)</p>
<p>Prereq Change: CSET 1100, Minimal grade: D- <del>AND</del> <del>OR</del> EET 2210, Minimal grade: D-, (NOTE: <i>Not all students that take CSET 1100 need EET 2210.</i>)</p>
<p>Change in grading from standard letter to Grade/No Credit. (rationale on proposal).</p>
<p>New prereq: Undergraduate level MATH 1330 Minimum Grade of D- or Undergraduate level MATH</p>
<p>Change from recitation to lecture. Course not repeatable for credit. Change to prereq: ( MATH 2460, Minimal grade: C-, Academic level: UG Or MATH 1860, Minimal grade: C-, Academic level: UG ) And ENGL 1110, Minimal grade: D-, Academic level: UG</p>
<p>May be repeatable for credit for a maximum of 5 hours. New prereq: Undergraduate level MATH 2460 Minimum Grade of C- or Undergraduate level</p>
<p><del>Change to catalog description. New prereq: EECS 2500, Minimal grade: C-, and EECS 2520, Minimal grade: C-, New Co-req: EECS 2520. (NOTE: <i>As with EECS 2500, students were getting too far into the pipeline with a poor foundation. The CSE faculty voted to raise the minimum grade from D- to C-.</i>)</del></p>
<p>New prereq: EECS 1510, Minimal grade: C- (NOTE: <i>Students were coming to 2500 with poor foundations in Java programming from 1510. Raising the minimum requiremnt from D- to C- is intended to ensure a better foundation before proceeding.</i>)</p>
<p>Change to course title: Introduction to Computer Science and Engineering. Change to short title. Change to credit hour structure from 0 to 3 to 3 credits (2 lecture and 1 lab). Change to catalog</p>

Change to credit hours (from 4 to 3) in order to align courses with other 4/5000 classes in program. Course is not repeatable for credit. Change to CIP code.

Change to catalog description. New prereq: ECON 2810 Introduction to Econometrics (may be taken concurrently). (NOTE: *Through the Program Review process we learned that students would benefit from*

Course is not repeatable for credit. New prereq: ECON 2810 Introduction to Econometrics (may be taken concurrently) (NOTE: Through Program Review process it was identified that students

Course is not repeatable for credit. New prereq. ECON 2810 Introduction to Econometrics (may be taken concurrently) (NOTE: *Through the Program Review process it was identified that students in this course would benefit from having ECON 2810 Introduction to Econometrics, our intro. data analysis*

Course is not repeatable for credit. New prereq: ECON 2810 Introduction to Econometrics (may be taken concurrently) (NOTE: *Through Program Review process it was identified that students needed to have ECON 2810 Introduction to Econometrics, our intro. data analysis course, as a pre-req. or co-req. for this course which uses data*

Course not repeatable for credit. Change to prereq: from BUAD 2080 to BUAD 2080 OR BMGT 2110. (NOTE: *BGMT 2110 is an equivalent course to the pre-req BUAD 2080*)

Course not repeatable for credit. Change to prereq: from BUAD 2080 to BUAD 2080 OR BMGT 2110. (NOTE: *BGMT 2110 is an equivalent course to the pre-req BUAD 2080*)

Course not repeatable for credit. Change to prereq: from BUAD 2080 to BUAD 2080 OR BMGT 2110. (NOTE: *BGMT 2110 is an equivalent course to the pre-req BUAD 2080*)

Course not repeatable for credit. Students cannot register for more than one section per term.

Additional Information Added/Updates

<p>SLOs added. Instructional method face to face and online. Not offered internationally.</p>
