

Multiple-Semester Registration

What is “Multiple-Semester Registration”?

Multiple-Semester Registration allows students to register for an entire academic year at one time. Each March, registration opens for fall and spring simultaneously, allowing students to enroll in either or both semesters.

What are the benefits?

- Provide students with the option to plan both their academic and personal schedule two semesters at a time
- Improve fall to spring retention
- Offer a more seamless integrated student experience
- Complete degree in more reasonable amount of time by providing a comprehensive look at an academic year, thus allowing for optimal credit hour schedules
- Enable students to be psychologically in it for the long haul*
- Allow faculty to plan for the whole year*
- Provide Registrar with additional time to map demand to capacity*

*EAB—“How can multi-term registration fix course bottlenecks?”

Who does this affect?

- All students may choose this option—except first-year, first-time direct-from-high-school students
- Students are not required to choose this option

What needs to happen to make this successful?

- Develop and implement a strong communication plan to internal stakeholders and students
- Departments will submit their spring schedules two weeks after fall schedules are due
