# Graduate Admissions Information Webinar

Interested in pursuing a graduate degree? Join us in one of our webinars to learn more about the application process.

UT offers over 170 graduate degrees that can help you get ahead in today's competitive economy. National studies show that jobs requiring a graduate degree are on the rise and UT is ready to help you stay ahead of this trend.

During the Graduate Admissions Webinar you can:

- Receive information from The College of Graduate Studies on the graduate application process.
- Review what materials are needed to be considered for graduate admission.
- Interact with graduate admissions representatives and other prospective students.
- Start yourself on the pathway to a great career.

We hope to see you there!
