# Smoking/Tobacco Ban

- The implementation of a smoking/tobacco ban will take several years to implement and enforce.
- There were several amendments that were introduced, but they all failed to win a majority.
- The original motion to ban the use of tobacco products on all campuses carried.

# Recalibration of University Strategic Plan

- *Directions 2007* and *Directions 2011* placed us in a three-year cycle for strategic planning.
- It was decided to maintain the same mission, vision, and values statements.
- It was also decided to keep the overarching strategic goals and the six strategic areas of focus.

# Recalibration of University Strategic Plan

- A decision was made to recalibrate the sub-goals and implementation strategies.
- These sub-goals should be created to be consistent with *PRISM* documents and *Imagine 2017*, as well as college and unit-level strategic planning.
- *Directions 2014 (or 2015)* should be a broad document with many implementation strategies left to the college or unit levels.
