Office of the Provost:

Registrar's Office:
The Educational Technology Program in the Judith Herb College of Education, Health Science and Human Service at the University of Toledo was established to prepare Educational Technology professionals at the certificate, masters (M.Ed.) and doctoral (Ph.D.) levels and is designed to meet the needs of those desiring to become specialists in the field of educational technology. The Area of Educational Technology at The University of Toledo is an academic degree area with faculty members in the department of Curriculum and Instruction. The area provides courses and degree work in a variety of educational technology with emphases in graduate teacher education, instructional design, multimedia and web design, using the internet in the classroom, developing computer-based and web-based instruction, designing instruction for diverse learner populations, and technology management for P-12 education.

Technological advances in educational media and computing have made possible new approaches to technology integration into the curriculum and have transformed the learning/teaching environments. Coping with a changing society, the information explosion, and the advancement of technology requires a systematic examination of curriculum strategies and content as well as the manner in which they are presented. To be successful, new strategies of instruction based on emerging technological support systems must be developed. The Area of Educational Technology is committed to providing courses, seminars, workshops and degrees that develop these capabilities and qualities in students.

Putting the Existing Educational Technology Master’s (M.Ed.) Program Online.

The program is intended for students interested in working as instructional designers/developers or media specialist in school districts, colleges, and universities. The program also helps graduates for work in industry as instructional designers, online course developers, and consultant’s in-academic/non-academic environments.

The Master’s (M.Ed.) program in educational Technology consists of a minimum of ten (10) courses, thirty (30) credit hours. Students must take twelve (12) hours core college required courses. They also must take 18 credit hours in (their specific program area) Educational Technology. The entire degree program is offered online via the Internet (Web). The breakdown of these courses is provided below.

Educational Technology Specialization Required Courses (12 hours)
- ETPT 5000 - Introduction to Educational Technology
- ETPT 5210 - Introduction to Multimedia & Web Design
- ETPT 6300 - Technology Management in K-16 Education
- ETPT 6900 - Master’s Seminar in ETPT

Educational Technology Electives (Select two courses (6 hours) with advisor as available online)
- ETPT 5270 - Instructional Video Production
- ETPT 5550 - Using the Internet in the Classroom
- ETPT 5950 - Workshop in ETPT
- ETPT 5980 - Special Topics in ETPT
- ETPT 5990 - Independent Study in ETPT
- ETPT 6150 - Designing Instruction for Diverse Learners
- ETPT 6230 - Developing Web-Based Instruction
- ETPT 6510 - Teaching and Learning at a Distance
- ETPT 6810 - Research and Theory in ETPT
College Core Requirements (12 Hours): Students must complete one course from each of the following three areas:

a. Educational Psychology (Select one course with advisor as available online)
   - EDP 5110 - Basic Educational Psychology
   - EDP 5120 - Alternative Approaches to Discipline
   - EDP 5210 - Child Behavior and Development
   - EDP 5220 - Adolescent Behavior and Development
   - EDP 5230 - Adult Development
   - EDP 5310 - Issues and Innovations in Learning & Instruction
   - EDP 5320 - Instructional Psychology
   - EDP 5330 - Behavior Management

b. Research Foundations (Select one course with advisor as available online)
   - RESM 5110 - Quantitative Methods I
   - RESM 5210 - Educational Testing And Grading
   - RESM 5310 - Educational Research
   - RESM 5330 - Qualitative Research Methods I

c. Social Foundations (Select one course with advisor as available online)
   - TSOC 5100 - Group Processes in Education
   - TSOC 5110 - Modern Educational Controversies
   - TSOC 5200 - Sociological Foundations of Education
   - TSOC 5210 - Multicultural Non-Sexist Education
   - TSOC 5230 - Intergroup and Intercultural Education
   - TSOC 5300 - Philosophy and Education
   - TSOC 5500 - History of Schooling and Teaching in the U.S.

d. Curriculum: Educational Technology
   - ETPT 5100 - Instructional Systems Design Principles

Prospective Students: Admission Guidelines

The application process for Master’s Degree Program in Educational Technology is completed completely online. The following are minimum application requirements for admission consideration to the M.Ed. Program in Educational Technology. The University of Toledo application requirements and other relevant information are available at the Graduate Studies website and should be able to answer all of your application-related questions. Please open the College of Graduate Studies links and there are two ways to apply to the program: by paper form or online. Follow the links below to learn more about admissions and to begin the application process:

Graduate Admissions:
