Request for Time Extension & Course Recertification

Instructions: This form is to be used by students requesting an additional extension of time to complete their degree. Students who have previously been granted a one year extension through the Continuation of Matriculation for Degree process or the Readmission process, must complete the top portion of this form and submit it to their advisor. Students completing a Readmission Application whose anticipated date of graduation is beyond a one year extension of their original time to degree must also complete this form. Approval of the Advisor, Chair or Program Director, and Associate Dean of the Degree Program indicates that the student has been deemed sufficiently current and adequate to continue to work toward the degree, that the student is making satisfactory progress as determined by internal department or college procedures, and that those courses exceeding the time limitation are approved for recertification. The completed form with all approval signatures and supporting documentation should be returned to the respective College of Graduate Studies Office for review and final approval. (Incomplete forms will be returned to the advisor/academic department.)

There is a \$550 per course fee assessed for each course approved for recertification (maximum of \$3,000 per student). Fees are applied to the student's account after the Request for Time Extension & Course Recertification form has been approved.

Notification will be sent via university e-mail to both the student and advisor.

To be completed by Student.

The student's currency in the subject matter has been thoroughly assessed via one or more of the following approved strategies. Supporting documentation appropriate to the selection(s) below should be attached to the form.

Check all that apply:

- The student is working in the field (Currency is provided and verified by attaching only the specific section of the student's professional resume or vitae that relates to the course(s) in question);
- The student is teaching the subject matter in a separate context;
- Other related courses on the POS provide subject matter currency;
- The thesis/dissertation research requires currency in the field through work with current literature;
- The student has been examined (written or oral) by a current instructor of the course;
- The student has published scholarly research demonstrating substantial knowledge of the course content;

College Approval

The student has remained current in the body of knowledge for all courses exceeding the time limitation for the degree that are included on the Plan of Study. The student is sufficiently current and adequate to continue to work toward the degree and is making satisfactory progress. We approve the student's additional extension request, course recertification, and projected date of degree completion.
