Impact on student learning:

This is the quote to replace the mobile laptop cart in Carver Center that is now out of warranty. The computers should be replaced so that students have access to computers that can run all applications in their classes as well as have a longer battery life while in use. I request that the old laptops be sold to the college for a fair value for a Faculty checkout program through Carver Center.

- **Equipment/Technology purchased with Tech Fee funds is for student use only. It cannot be filtered or "passed-down" to faculty or staff.**
- All outdated or broken Tech Fee equipment/technology must be returned to the Tech Fee Committee for retirement or disposal.
- If you are submitting a request for computers, printers, scanners or software, you must consult with College Computing and the technology staff, to acquire a quote and to make sure that this equipment/software is supported by UT.

- For software, please note below if you are requesting it as a one-time expense or as an on-going fixed expense.
