Course(s) where item(s) will be used	CIEC 3200, 3350 4070, 4460, 4550, 4750, 4900, 6310/8310 EDP 3210, 3290, 5110/7110, 6190/8190	Required for accreditation?	no	# Students Impacted per Year	475+

Rate Departmental Priority (Low, Medium, High)	High		Location equipment of software will be used	iPad cart will be used in classrooms in GH primarily. iPads will be housed in the Carver Center under the

			supervision of Joshua Spieles.

Impact on student learning:

At one point using videos and Powerpoints in the classroom was considered using technology. However, technology changes quickly and young children are using technology earlier and earlier with each passing year, among that technology being used most frequently by prek-12 learners are phones, iPads and other tablet related devices for playing games to academic learning.
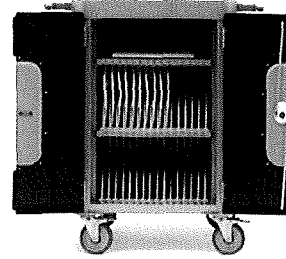

In the field of learning and instruction, iPads and iPad hybrids are projected to replace computers, Smartboards and even textbooks in many classrooms. With such changes we want to be sure that our student teachers are 'in the know[1] and can use the new technologies to impact their teaching and student learning. The implementation of iPads in our college classrooms will allow our students to understand how specific applications can be used in sync with their lesson plans to help students master content. The goal of the faculty of both departments will be to use iPads in our courses to illustrate and introduce applications to our students. The courses focus on: HOW and WHY to use iPads when developing and implementing lesson plans and interventions; WHAT aspects of cognition, socio-emotional, and physiological development to consider in the use of iPads to facilitate effective learning, and WHEN and WHEN NOT to use technology for learning and instruction. The purpose of the technology integration in our undergraduate and graduate courses is to empower our student to use iPads effectively in their college classes and practicums, but most importantly in their later professional work environments.

- ***Equipment/Technology purchased with Tech Fee funds is for student use only. It cannot be filtered or "passed-down" to faculty or staff.***
- All outdated or broken Tech Fee equipment/technology must be returned to the Tech Fee Committee for retirement or disposal.
- If you are submitting a request for computers, printers, scanners or software, you <u>must</u> consult with College Computing and the technology staff, to acquire a quote and to make sure that this equipment/software is supported by UT.
- For software, please note below if you are requesting it as a one-time expense <u>or</u> as an on-going fixed expense.

Apple iPad Learning Lab Proposal

Proposal Number:	09185a9b52a8
Date Generated:	2012-09-18 08:59:09
For:	Joshua Spieles (joshua.spieles@utoledo.edu)
	District Technology (IT/MIS) Staff
