<p><b>Impact on student learning (attach additional pages if needed):</b></p> <p>The Higher Education Program has offered off-campus cohorts for the last six years. We have travelled to Owens Main Campus, Wayne County Community College District, Owens Findlay campus, Monroe County Community College, and Cuyahoga Community College District. We have just started a new doctoral cohort, the Ohio Community College Leadership Cohort, that meets every other week in Columbus. This cohort is offered to community college administrators and faculty from 8 different community colleges in the state of Ohio, in partnership with the Ohio Association of Community Colleges. We are using the videoconferencing equipment in the Dean's Conference Room, GH 3100C, on a temporary basis to teach classes every other week to these students.</p> <p>We are requesting that videoconferencing equipment similar to what we are presently using in the Dean's Conference Room be installed in the Russel Center in GH 1000A. This conference room is just down the hall from the offices of the Higher Education Program faculty who will be teaching students in the Columbus and Cleveland cohorts. We anticipate that we will start a new doctoral cohort in Columbus every four years. We also anticipate using the videoconferencing equipment to provide dissertation advising and for dissertation meetings for students in both the Cleveland cohort (23 students), and for students in the Columbus cohort (12 students).</p>
