JHCEHSHS STUDENT TECHNOLOGY FEE REQUEST FORM

1mProcedure for Submission: Form Updated: 1/19/12

1. Submitter must obtain all required information from the desired vendor(s). An <u>official quote</u> from the vendor <u>must</u> be attached.
2. Only <u>one</u> request per Request Form. This request <u>must</u> be reviewed, approved, and submitted by the requesting program's Department Chair.
3. The Dept. Chair may email this request to the Tech Fee Director. *(Since some departments will have multiple requests, please rename request in the following format ABC_Request_# where "ABC" is your department and "#" is the numbering of your request)*

Dept. making request:	Kinesiology		Requesting Faculty:	Brian Pietrosimone
Date submitted:	10/04/2012		Requested purchase date:	ASAP

IMPORTANT: Attach an official quote from the vendor.

List one item OR group (for use as a "package") per page.

Item Name and Description	Vendor info. (name, address, Web site URL, phone #, email, etc.)	Part or Model #	Cost (each)	Quantity	Total
Labview License Update	National Instruments	940006-01 & 850108AB-93	$491.11	1	**$491.11**
MacBook Pro 13-inch: 2.5GHz	Apple Store for Education	MD101LL/A	$1,099.00	1	**$1,099.00**
AppleCare Protection Plan - 11-inch & 13-inch MacBook Air/13	Apple Store for Education	S3130LL/A	$183.00	1	**$183.00**
iMac 21.5-inch	Apple Store for Education	Z0H6	$1,239.00	1	**$1,239.00**

AppleCare Protection Plan for iMac -					

Course(s) where item(s) will be used	KINE 2160,2620,2650, 2720, 3660,4540, 4640, 4910, 6200, 6960, 8960	Required for accreditation?	NA	# Students Impacted per Year	325

Location equipment of software will be used	HH 1409

The proposed computers would be needed for the collection and analysis of electromyography (EMG), which is an important tool for understanding the muscle function. We teach these techniques in a variety of courses that are indicated above. In addition, these computers are heavily used by BS, MS and PhD level students working on research projects that are part of their senior projects, master's theses and dissertation projects. The current computers are over 6 years old and have been heavily used for EMG collection over past 3.5 years (between 2-6 hours daily). At this point, the functioning of the current computers jeopardizes the clinical education as well as the exceptional research experience that our students have been promised and which produced > 20 student research presentations last year. The hardware and software that we have proposed is optimal for collecting EMG in a high volume setting like we have.

- ***Equipment/Technology purchased with Tech Fee funds is for student use only. It cannot be filtered or "passed-down" to faculty or staff.***
- All outdated or broken Tech Fee equipment/technology must be returned to the Tech Fee Committee for retirement or disposal.
- If you are submitting a request for computers, printers, scanners or software, you must consult with College Computing and the technology staff, to acquire a quote and to make sure that this equipment/software is supported by UT.
- For software, please note below if you are requesting it as a one-time expense or as an on-going fixed expense.
