**Impact on student learning (attach additional pages if needed):**

The Council for Accreditation of Counseling & Related Educational Programs (CACREP), necessitates accredited programs to maintain video files of students' clinical performances in various courses (COUN 5190, COUN 6/8940). Ensuring that our students are up to date and well-equipped with technological advancement is an academic necessity. Such technology will enable students to record, and save digital media files to their electronic portfolios. Furthermore, this technology will facilitate electronic transmission of masters and doctoral students' performances in counseling labs and clinics. Doctoral students will utilize custom digital spreadsheets, "skills checklists", and additional software (Quickoffice Pro HD...), which will assist in measuring masters students' progress and performance. All tablets will be securely stored in the department's storage area. A "check-out" system will be deployed to keep track of equipment use.

- **Equipment/Technology purchased with Tech Fee funds is for student use only. It cannot be filtered or "passed-down" to faculty or staff.**
- All outdated or broken Tech Fee equipment/technology must be returned to the Tech Fee Committee for retirement or disposal.

- If you are submitting a request for computers, printers, scanners or software, you must consult with College Computing and the technology staff, to acquire a quote and to make sure that this equipment/software is supported by UT.
