Location equipment or software will be used	Virtual Lab, Computer in 3100H, Materials Room 3100J	Will this be an ongoing expense (if yes how much annually)?	No		

Impact on student learning (attach additional pages if needed):

This is an academic assessment instrument/with software that all students are required to learn. We currently have 5 available kits but need one more to ensure students have access to it (Note that two students will share one kit and this will provide us with enough. Right now we have 3 students sharing one kit and that becomes difficult when students are at various schools). They must learn it to proficiency in SPSY 5310 (offered in the summer semester) and then use it as part of their practica (SPSY 7330) and internship (SPSY 7940) field experiences. This kit includes scoring software as well as Phonological Process and Signed Sentences CD for use in administering the test. This is a one-time purchase and we need the kit for use beginning summer semester.

- **Equipment/Technology purchased with Tech Fee funds is for student use only. It cannot be filtered or "passed-down" to faculty or staff.**
- All outdated or broken Tech Fee equipment/technology must be returned to the Tech Fee Committee for retirement or disposal.
- If you are submitting a request for computers, printers, scanners or software, you must consult with College Computing and the technology staff, to acquire a quote and to make sure that this equipment/software is supported by UT.
