Impact on student learning:

Please fill out justification here. Leave my comments below

We will be choosing one of these systems before fall semester to replace our current Electronic Assessment System. All students in the teacher education program are required to complete several critical performances which are used to track student progress through their professional program. The data from this system will be used to form NCATE reports for accreditation.

Pricing

ePortfolio with CWReporter

Easily integrate course-embedded and raw scores,
legacy data, and demographic data in one system.

		Per User
1	Semester (Renewals Only) [1]	$ 26
1	Year New or Renewal with ePortfolio	$ 46
2	Year New or Renewal with ePortfolio	$ 77
3	Year New or Renewal with ePortfolio	$ 88
4+1	Year New or Renewal with ePortfolio [2]	$ 94

Pricing applies to Higher Education and Professional Organizations. Faculty accounts for assessment purposes are free of charge unless the number required is greater than 10% of the paid user count or the intention is to support Staff Development (Lead, Rank & Tenure) across your campus. K-12 schools should contact us directly at **1-877-252-2201** for preferential pricing.

Contracted, large-scale deployments: Chalk & Wire has specialized, very low-cost solutions for schools that expect a large (greater than 3000 paid users) and predictable number of accounts to be deployed annually over a number of years, and potentially across multiple programs. Please contact us directly at **1-877-252-2201** to discuss your needs.

You-Host Solutions: While Chalk & Wire generally hosts the solution for institutions, for many years we have offered a cost-effective solution for organizations who prefer to host the entire solution securely on their own network. This makes sense in some cases where the institution wants to handle all aspects of the LMS and SIS integrations we offer. Chalk & Wire provides free set up, upgrades and specific support on-going. Options provide a wide range of locally hosted installation solutions: single-server, full-enterprise (unlimited, single campus), and full-enterprise (unlimited, multiple campus). Please contact us directly at **1-877-252-2201** to review your options for this.

- ***Equipment/Technology purchased with Tech Fee funds is for student use only. It cannot be filtered or "passed-down" to faculty or staff.***
- All outdated or broken Tech Fee equipment/technology must be returned to the Tech Fee Committee for retirement or disposal.
- If you are submitting a request for computers, printers, scanners or software, you <u>must</u> consult with College Computing and the technology staff, to acquire a quote and to make sure that this equipment/software is supported by UT.
- For software, please note below if you are requesting it as a one-time expense <u>or</u> as an on-going fixed expense.
