Course(s) where item(s) will be used	PhyT500 Gross Anatomy	Required for accreditation? Yes		# Students Impacted per Year	29	
Location equipment of software will be used	Online					

Impact on student learning:
This dissector presents guides students in a clear, stepwise fashion, through the process of human cadaver dissection. This dissector provides video demonstrations, expertly dissected human specimens, interactive content, and study tools. The site offers intelligent search and navigation tools that make it easy for students to find the content they need. This resource is superior in many ways to the static, black and white texts that are traditionally used and are especially important for our students' success given that a sound knowledge of human anatomy is needed for success in subsequent courses.

- ***Equipment/Technology purchased with Tech Fee funds is for student use only. It cannot be filtered or "passed-down" to faculty or staff.***
- All outdated or broken Tech Fee equipment/technology must be returned to the Tech Fee Committee for retirement or disposal.
- If you are submitting a request for computers, printers, scanners or software, you must consult with College Computing and the technology staff, to acquire a quote and to make sure that this equipment/software is supported by UT.
- For software, please note below if you are requesting it as a one-time expense or as an on-going fixed expense.
