Impact on student learning:

This is an academic assessment instrument/with software that all students are required to learn. We currently have 5 available but need one more to ensure students have access to it (note that two students will share one kit and this will provide us with enough...right now we have 3 students sharing one kit). They must learn it to proficiency in SPSY 5300 (offered in spring semester) and then use it as part of their practica and internship field experiences. This is a one-time purchase and we need the kit for use beginning spring semester.

- ***Equipment/Technology purchased with Tech Fee funds is for student use only. It cannot be filtered or “passed-down” to faculty or staff.***
- All outdated or broken Tech Fee equipment/technology must be returned to the Tech Fee Committee for retirement or disposal.
- If you are submitting a request for computers, printers, scanners or software, you must consult with College Computing and the technology staff, to acquire a quote and to make sure that this equipment/software is supported by UT.
- For software, please note below if you are requesting it as a one-time expense or as an on-going fixed expense.
