Impact on student learning:

This year we are focusing on trying to build out intervention and behavior assessment/intervention resource library. This assessment/software system (there are 4 components to this assessment/software included in separate requests...this is the preschool version) are part of a newly developed screening and intervention system for identifying early possible behavior and social skills problems. We currently do not have this since it was just developed in 2010. This is a one-time purchase.

- ***Equipment/Technology purchased with Tech Fee funds is for student use only. It cannot be filtered or “passed-down” to faculty or staff.***
- All outdated or broken Tech Fee equipment/technology must be returned to the Tech Fee Committee for retirement or disposal.
- If you are submitting a request for computers, printers, scanners or software, you must consult with College Computing and the technology staff, to acquire a quote and to make sure that this equipment/software is supported by UT.
- For software, please note below if you are requesting it as a one-time expense or as an on-going fixed expense.
