

STUDENT TECHNOLOGY FEE REQUEST FORM

Procedure for Submission:

Form Updated: 8/20/13

1. Submitter must obtain all required information from the desired vendor(s). An official quote from the vendor must be attached.
2. Only one request per Request Form. This request must be reviewed, approved, and submitted by the requesting program's Department Chair.
3. The Dept. Chair may email this request to the Tech Fee Director. *Since some departments will have multiple requests, please rename request in the following format: Dept # (rank, 1 being the highest priority) and a brief title*

Dept. making request: SPHECE

Requesting Faculty: Dr. John Laux

Date Submitted: 10/11/13

IMPORTANT: Attach an official quote from the vendor.

List one item OR group (for use as a "package") per page.

Item Name	Vendor info. (name, address, Web site URL, phone #, email, etc.)	Part or Model #	Cost (each)	Qty	Total
Genopro Software Academic Site License	Genopro Suites 204 & 205, Victoria House P.O. Box 1356 Victoria, Mahe, Seychelles http://www.genopro.com/contact/		\$395	1	\$395

Course(s) where item(s) will be used	Counseling Across the Lifespan	Expected life of product (years)	5+	# Students Impacted per Year	30 -40
--------------------------------------	--------------------------------	----------------------------------	----	------------------------------	--------

Location equipment or software will be used/stored	The equipment will be installed on the computers in the department lab.	Will Tech Fee funds be needed for annual renewals or maintenance?	Not in the 5 year span
--	---	---	------------------------

Provide a brief description of the technology requested*: This software is for creating a genogram (family tree) and will be used as part of the Counseling Across the Lifespan class.

Briefly describe how the technology will be used (function)*: The software will allow students to create their genograms (family tree) for analysis in class. Use of the software will enrich the student experience as they will be exposed to a functioning program for designing to create genograms to be used in practice, particularly with family or couples therapy.

Provide a rationale that Tech Fee funds are appropriate for this request*: As part of the Counseling Across the Lifespan course, students are required to create a genogram. Many students will attempt to utilize free trial software only to discover it is not available long enough to complete the project. Use of the software will utilize the symbols and tools that are described in textbooks and family therapy technique manuals. This technology will benefit numerous students for very little cost per student.

*Keep in mind that the committee members come from a variety of educational backgrounds and may not be familiar with department specific language. Please use concise, common terminology so that committee members reviewing this form will be able to fully understand the request.

- If you are submitting a request for computers, printers, scanners or software, you must consult with College Computing and the technology staff, to acquire a quote and to make sure that this equipment/software is supported by UT and compatible with existing technology.

GenoPro Invoice
