Impact on student learning (attach additional pages if needed):

The TLE TeachLivE™ Lab is a mixed-reality teaching environment that supports teacher practice in pedagogy and content. In the TLE TeachLivE™ Lab, pre-service and in-service teachers walk into a simulated middle-school classroom where the room is real but the students are digital avatars. The virtual students controlled by real trainers are made to act like typical (or atypical) pre-teens, depending on the objectives of the experience. Each student's personality is based upon those typically encountered in a middle school classroom.

This request is for the furniture needed to update the classroom

- **Equipment/Technology purchased with Tech Fee funds is for student use only. It cannot be filtered or "passed-down" to faculty or staff.**
- All outdated or broken Tech Fee equipment/technology must be returned to the Tech Fee Committee for retirement or disposal.
- If you are submitting a request for computers, printers, scanners or software, you must consult with College Computing and the technology staff, to acquire a quote and to make sure that this equipment/software is supported by UT.
