**IMPORTANT: Attach an official quote from the vendor.**

List one item OR group (for use as a "package") per page.

<b>Location equipment or software will be used/stored</b>	Carver Center	<b>Will Tech Fee funds be needed for annual renewals or maintenance?</b>		<b># Students Impacted per Year</b>	300

**Provide a brief description of the technology requested\*:** a mobile learning device with protective cover

Briefly describe how the technology will be used (function)\*: The iPad had been adopted by over 2,500 classrooms around the U.S. and is quickly being adopted in classrooms in the Toledo metropolitan area. Students in education classes are using iPads in their college classes and need to have the opportunity to take those experiences to the field. Providing iPad mini in the check in Carver will allow the application of what they are learning in their college courses as well as allow the student to compare the iPad to the iPad min.

**Provide a rationale that Tech Fee funds are appropriate for this request\*:** UT students will be able to display the instructional library at their fingertips as they practice their teaching. The use of current technology in field placements helps the college carry out the Mission of the university: "Vigorously pursue and widely share new knowledge; expand the understanding of existing knowledge; develop the knowledge, skills and competencies of students, faculty, staff and the community while promoting a culture of lifelong learning;" Having the opportunity to compare the iPad with the iPad mini will help the education student make informed decisions about the application of each in teaching.

**\*Keep in mind that the committee members come from a variety of educational backgrounds and may not be familiar with department specific language. Please use concise, common terminology so that committee members reviewing this form will be able to fully understand the request.**
