

## JHCEHSHS STUDENT TECHNOLOGY FEE REQUEST FORM

Procedure for Submission:

Form Updated: 12/10/12

1. Submitter must obtain all required information from the desired vendor(s). An official quote from the vendor must be attached.
2. Only one request per Request Form. This request must be reviewed, approved, and submitted by the requesting program's Department Chair.
3. The Dept. Chair may email this request to the Tech Fee Director. *Since some departments will have multiple requests, please rename request in the following format: Dept # (rank, 1 being the highest priority) and a brief title*

Dept. making request:	Kinesiology	Requesting Faculty:	Arnos	Date Submitted:	1/17/2013
-----------------------	-------------	---------------------	-------	-----------------	-----------

**IMPORTANT: Attach an official quote from the vendor.**

**List one item OR group (for use as a "package") per page.**

Item Name	Vendor info. (name, address, Web site URL, phone #, email, etc.)	Part or Model #	Cost (each)	Qty	Total
Rotary Pursuit	Lafayette Instrument Co.	30014C	\$ 2,495.00	1	<b>\$2,495.00</b>

Grooved Peg Board	Lafayette Instrument Co.	32025	\$100.00	2	<b>\$200.00</b>
Replacement Pegs	Lafayette Instrument Co.	32104	\$40.00	1	<b>\$40.00</b>
Shipping	UPS paid by Lafayette		\$57.00	1	<b>\$57.00</b>
<b>Total</b>					<b>\$2,917.00</b>

Course(s) where item(s) will be used	Kine 2960	Expected life of product (years)	20	# Students Impacted per Year	130+
Location equipment or software will be used/stored	HHS 1406	Will Tech Fee funds be needed for annual renewals or maintenance?	No		

**Provide a brief description of the technology requested\*:**  
 Peg board for timing students reaction and movement and also rotary pursuit which consists of a moving light which a student must track with a stylus. These are standard for the class.

**Briefly describe how the technology will be used (function)\*:**  
 Students will place the pegs in the boards in various configurations and timed.

Also, students will be expected to use the rotary pursuit at various speeds and configurations and to track the lights. This aids in demonstrating hand eye coordination, speed, and reaction to movement.

**Provide a rationale that Tech Fee funds are appropriate for this request\*:**  
 These are standard measurement tools that are used in the motor learning courses and labs. The peg boards presently used are very old and need to be replaced. A new rotary pursuit was purchased several years ago, but a second would be useful for the number of students enrolled in the class. This new equipment is very much needed and will be in use regularly for decades to come.
