Provide a brief description of the technology requested*: The equipment in the audiology suite is used for clinical instruction of students in the Speech and Language Pathology program. The equipment requires annual calibration that cannot be done by the University of Toledo Tech Support staff.					
Briefly describe how the technology will be used (function)*: The equipment in the audiology suite is used in the Speech and Language Pathology program for curricular delivery and clinical practica instruction (use of the equipment by students to provide services to clients under instructor supervision) to facilitate student learning of psychomotor skills. The equipment is used in the Fall, Spring, and Summer terms.					

Provide a rationale that Tech Fee funds are appropriate for this request*:

The equipment is used for student instruction and impacts all students enrolled in the Speech-Language Pathology program. The audiology suite equipment was purchased with tech fee funds and the equipment requires annual calibration.

***Keep in mind that the committee members come from a variety of educational backgrounds and may not be familiar with department specific language. Please use concise, common terminology so that committee members reviewing this form will be able to fully understand the request.**

- If you are submitting a request for computers, printers, scanners or software, you must consult with College Computing and the technology staff, to acquire a quote and to make sure that this equipment/software is supported by UT and compatible with existing technology.
