

## JHCEHSHS STUDENT TECHNOLOGY FEE REQUEST FORM

Procedure for Submission:

Form Updated: 12/10/12

1. Submitter must obtain all required information from the desired vendor(s). An official quote from the vendor must be attached.
2. Only one request per Request Form. This request must be reviewed, approved, and submitted by the requesting program's Department Chair.
3. The Dept. Chair may email this request to the Tech Fee Director. *Since some departments will have multiple requests, please rename request in the following format: Dept # (rank, 1 being the highest priority) and a brief title*

Dept. making request:	Rehabilitation Sciences	Requesting Faculty:	Max Baumgartner Michelle Masterson	Date Submitted:	1-15-13
<b>IMPORTANT: Attach an official quote from the vendor.</b>					

List one item OR group (for use as a "package") per page.

Item Name	Vendor info. (name, address, Web site URL, phone #, email, etc.)	Part or Model #	Cost (each)	Qty	Total
Subscriptions to Acland's Video Atlas of Human Anatomy ( <a href="http://aclandanatomy.com/">http://aclandanatomy.com/</a> )	Wolters Kluwer Health P.O. Box 1610, Hagerstown, MD 21740 1-800-638-3030		\$750	1	\$750
<b>Course(s) where item(s) will be used</b>	PHYT 5000 Gross Anatomy	<b>Expected life of product (years)</b>	1	<b># Students Impacted per Year</b>	29
<b>Location equipment or software will be used/stored</b>	Online	<b>Will Tech Fee funds be needed for annual renewals or maintenance?</b>		yes	
<b>Provide a brief description of the technology requested*:</b>					
This Video Atlas presents expertly dissected human specimens as three-dimensional objects. Clear narration, labeling, and optional written transcripts offer students tremendous help in understanding three-dimensional relationships of anatomical structures and the mechanics of body movement. The site offers intelligent search and navigation tools that make it easy for students to find the content they need to learn. This resource is especially important for our students' success given that a sound knowledge of human anatomy is needed for success in subsequent courses.					
<b>Briefly describe how the technology will be used (function)*:</b>					
Students will be required to use this resource for homework and to prepare for dissection lab. It was also be invaluable for study purposes prior to examinations and for review of anatomy for other related courses.					
<b>Provide a rationale that Tech Fee funds are appropriate for this request*:</b>					
It is cost prohibitive to require students to purchase this video atlas individually. Rather the tech fees students pay each semester can be used to purchase this one subscription for all students to use collectively, which is an efficient use of fees.					

**\*Keep in mind that the committee members come from a variety of educational backgrounds and may not be familiar with department specific language. Please use concise, common terminology so that committee members reviewing this form will be able to fully understand the request.**

- If you are submitting a request for computers, printers, scanners or software, you must consult with College Computing and the technology staff, to acquire a quote and to make sure that this equipment/software is supported by UT and compatible with existing technology.
