Shipping			0		0
					\$4,052.00

Course(s) where item(s) will be used	SPSY 5300; SPSY 5310; SPSY 7320, SPSY 7330 (Fall and Spring), SPSY 7940 (Fall and Spring)	Expected life of product (years)	10	# Students Impacted per Year	70
--------------------------------------	---	----------------------------------	----	------------------------------	----

Location equipment or software will be used/stored	Computers in 3100H, Materials Room 3100J	Will Tech Fee funds be needed for annual renewals or maintenance?	No
--	--	---	----

Provide a brief description of the technology requested*:

The school psychology program is requesting 6 new iPads to be used by students in the program. The program currently has 6 iPads that students use on a regular basis and at this time there are not enough iPads for student use. In addition to the iPads we are requesting a cover for each iPad (6), the projection plan for each iPad, and a \$50 gift card to purchase applications described below.

Briefly describe how the technology will be used (function)*:

The iPads will be used by students in the department for # purposes. First, when students are in their third year internship at a site far from campus they use the device to facetime into class. Second, students regularly use the devices to videotape and submit assignments in a number of courses. Third, students use the iPads to learn about evidence-based academic and behavior interventions that are then used with students in K-12 schools in the UT and surrounding community. Fourth, students use the devices to become familiar with assessment tools efficiently with iPads (e.g., Behavior Tracker Pro, School Psychology Tools, administration of norm-referenced standardized instruments like the WISC-V via q-interactive).

Provide a rationale that Tech Fee funds are appropriate for this request*:

Technology changes quickly and young children are using technology earlier and earlier with each passing year. iPads are quickly replacing computers, textbooks, and more importantly manipulatives in standardized norm-referenced tests used in the field of psychology (e.g., WISC-IV Q-interactive). The goal of the school psychology faculty is to assure that students are prepared to apply technological devices in their field upon graduation. By having access to these devices while in graduate school it makes this preparation more likely.

***Keep in mind that the committee members come from a variety of educational backgrounds and may not be familiar with department specific language. Please use concise, common terminology so that committee members reviewing this form will be able to fully understand the request.**

- If you are submitting a request for computers, printers, scanners or software, you must consult with College Computing and the technology staff, to acquire a quote and to make sure that this equipment/software is supported by UT and compatible with existing technology.
