1. Submitter must obtain all required information from the desired vendor(s). An official quote from the vendor must be attached.
2. Only one request per Request Form. This request must be reviewed, approved, and submitted by the requesting program's Department Chair.
3. The Dept. Chair may email this request to the Tech Fee Director. *Since some departments will have multiple requests, please rename request in the following format: Dept # (rank, 1 being the highest priority) and a brief title*

Provide a brief description of the technology requested*: This system is a mobile whiteboard capable of annotating on almost any digital device. For example, you can connect a laptop and provide a demonstration and write on it like a whiteboard. You can also save all of the annotations and markups on to a flash drive for later viewing or email to students.

Briefly describe how the technology will be used (function)*: Faculty will be able to reserve this equipment to allow a more interactive classroom experience where visual aid is needed. They may also reserve this equipment for students that want to use it for presentations.

Provide a rationale that Tech Fee funds are appropriate for this request*: Many of the rooms in HH are not fully mediated or may lack the ability to allow for interactive collaboration using digital media. This board provides that for students. They may use it for presentations, meetings, reviewing ideas with classmates or with advising professors.

***Keep in mind that the committee members come from a variety of educational backgrounds and may not be familiar with department specific language. Please use concise, common terminology so that committee members reviewing this form will be able to fully understand the request.**

- If you are submitting a request for computers, printers, scanners or software, you must consult with College Computing and the technology staff, to acquire a quote and to make sure that this equipment/software is supported by UT and compatible with existing technology.
