

## STUDENT TECHNOLOGY FEE REQUEST FORM

Procedure for Submission:

Form Updated: 8/20/13

1. Submitter must obtain all required information from the desired vendor(s). An official quote from the vendor must be attached.
2. Only one request per Request Form. This request must be reviewed, approved, and submitted by the requesting program's Department Chair.
3. The Dept. Chair may email this request to the Tech Fee Director. *Since some departments will have multiple requests, please rename request in the following format: Dept # (rank, 1 being the highest priority) and a brief title*

|   |              |                     |              |                 |           |
|---|--------------|---------------------|--------------|-----------------|-----------|
| Dept. making request:                                       | College Comp | Requesting Faculty: | Kyle Parsons | Date Submitted: | 2/19/2016 |
| <b>IMPORTANT: Attach an official quote from the vendor.</b> |              |                     |              |                 |           |

**List one item OR group (for use as a "package") per page.**

| Item Name   | Vendor info. (name, address, Web site URL, phone #, email, etc.) | Part or Model #  | Cost (each)                            | Qty                                 | Total              |
|---|--|--|--|-------------------------------------|--------------------|
| Windows in labs doors and ADA compliance in main lab  | Spieker Company<br>Laibe<br>Tanner                               |  | \$7,470.00<br>\$2,698.52<br>\$3,600.00 |                                     | <b>\$13,768.52</b> |
| <b>Course(s) where item(s) will be used</b>   | Available college wide   | <b>Expected life of product (years)</b>                                  |  | <b># Students Impacted per Year</b> | Up to 2500         |
| <b>Location equipment or Software will be used/stored</b>   | 1244, 2501, 2632, 3003   | <b>Will Tech Fee funds be needed for annual renewals or maintenance?</b> | No                                     |                                     |                    |
| <p><b>Provide a brief description of the technology requested*:</b> This is the installation of an ADA compliant door opener on HH 1244 and glass windows to computer lab doors.</p>  |  |  |  |                                     |                    |
| <p><b>Briefly describe how the technology will be used (function)*:</b> The ADA compliant door opener on HH 1244 to allow those with crutches and wheelchairs to access the lab. Also, safety of our students is a priority. None of these labs can be viewed from the outside lending these spaces to locations for victimization.</p>   |  |  |  |                                     |                    |
| <p><b>Provide a rationale that Tech Fee funds are appropriate for this request*:</b> These are Tech Fee supported computing areas. The easy of access of the equipment for those with handicaps along with the safety of the students and equipment is essential. The glass provides safety to those students inside the lab knowing that those looking to victimize students or damage equipment can do so without being seeing by passers-by. Also, many of these interal labs have no backup lighting in the event of power failure. We lost power several times in the past few years. Every time the labs go dark with no ability to find the door safely. Now with windows, emergency lighting from the hallway will shine into the labs.</p> |  |  |  |                                     |                    |

**\*Keep in mind that the committee members come from a variety of educational backgrounds and may not be familiar with department specific language. Please use concise, common terminology so that committee members reviewing this form will be able to fully understand the request.**

- If you are submitting a request for computers, printers, scanners or software, you must consult with College Computing and the technology staff, to acquire a quote and to make sure that this equipment/software is supported by UT and compatible with existing technology.

**Health & Human Services Door & Borrow Lites**

Gentlemen:

The Spieker Company appreciates the opportunity to quote this project for you. The following is the pricing requested to modify doors to add window lite kits at Health & Human Services. The following is a brief scope of work included in our estimate:

**Price #1-Add window lite kits to existing doors NTE \$7,470.00**

- Cut in (5) new bronze lite kits in existing Doors 1244, 2501, 2632 and 3003. Includes wire glass in the lite kits.
- Cut in (2) hollow metal borrow lites in existing masonry walls. Size of borrow lite to be 2' x 4' with clear glass. Hollow metal frame to be painted to match adjacent door frames.

|                   |            |
|-------------------|------------|
| Labor             | \$5,106.00 |
| Material & Equip  | \$1,500.00 |
| Subcontractor     | \$680.00   |
| Overhead & Profit | \$184.00   |

**Price #2-Adding Door Lites at Door 1244 x (2) 24" x 66" NTE \$1,005.00**

**Price #3-Increasing size of HM Borrow Lites at 1244 to 4' wide by 3' tall NTE \$2,495.00**

Please call if you have any questions or require any further information. Please advise if we are to proceed with the above quoted work.

Sincerely,

THE SPIEKER COMPANY

Matt Berg  
VP/Senior Project Manager
