

STUDENT TECHNOLOGY FEE REQUEST FORM

Procedure for Submission:

Form Updated: 8/11/16

1. Submitter must obtain all required information from the desired vendor(s). An official quote from the vendor must be attached.
2. Only one request per Request Form. This request must be reviewed, approved, and submitted by the requesting program's School Chair.
3. The School Chair may email this request to the Tech Fee Director. *Since some schools will have multiple requests, please rename request PDF files in the following format: Schoolname# (rank, 1 being the highest priority) example - SocialJustice1, SocialJustice2, etc.*

Dept. making request:	Exercise and Rehabilitation Sciences	Requesting Faculty:	David Kujawa	Date Submitted:	2 February 2017
-----------------------	--------------------------------------	---------------------	--------------	-----------------	-----------------

IMPORTANT: Attach an official quote from the vendor.

List one item OR group (for use as a "package") per page.

Item Name	Vendor info. (name, address, Web site URL, phone #, email, etc.)	Part or Model #	Cost (each)	Qty	Total
Clinical Health Bundle	Rehab Essentials PO Box 3353 Nederland, CO 80466 720-507-8333 www.rehabessentials.com/educational-solutions Contact Person: Jonathan Scheeler		\$4,500/cohort (1-39 students) See attached supporting email communication	2	\$9,000.00
Course(s) where item(s) will be used	PHYT 5050, 5350, 5650, 6500, 6510, 6600, 6610, 7100	Expected life of product (years)	3/cohort	# Students Impacted per Year	up to 78
Location equipment or software will be used/stored	N/A	Will Tech Fee funds be needed for annual renewals or maintenance?		Yes	
Provide a brief description of the technology requested*:					
The requested technology consists of a bundle of 3 online courses that will be used to supplement content in the courses identified above, and to cost-effectively add curricular content that is not currently taught. The course bundle will be used by the Doctor of Physical Therapy and the Athletic Training programs. Courses are taught by recognized content experts.					
Briefly describe how the technology will be used (function)*:					
These courses will be used to supplement current course content and to cost effectively add content to the curriculum. The courses will facilitate use of the flipped classroom instructional strategy, allowing for an enhanced learning experience for the student. Course content consists of foundational material that the student can access for self-study, freeing up class time to be used for clinical case studies and other methods for application of the material, as well as presentation of additional materials that are pertinent and important to clinical practice.					
Provide a rationale that Tech Fee funds are appropriate for this request*:					
The flipped classroom and online instruction are encouraged by the university as effective means of delivering course content. Tech fee funds have been used to support similar instructional materials.					

***Keep in mind that the committee members come from a variety of educational backgrounds and may not be familiar with department specific language. Please use concise, common terminology so that committee members reviewing this form will be able to fully understand the request.**

- If you are submitting a request for computers, printers, scanners or software, you must consult with College Computing and the technology staff, to acquire a quote and to make sure that this equipment/software is supported by UT and compatible with existing technology.

Subject: FW: FW: Tech Fee support for online course modules

David,

It looks like this is an online content that will work with any computer that has a browser and an internet connection. There will need to be a group of licenses for each class:

Class of 2018 (1-39 students) = \$4500 paid in 2018
Class of 2019 (1-39 students) = \$4500 paid in 2019

They keep these licenses/accounts until they graduate. According to Jonathan, someone will have to create accounts for each student if this approved and purchased.

A request can be filled out here: <http://www.utoledo.edu/hhs/committees/techfee/forms.html>
The ongoing cost for each class will have to be indicated on the form.

Thanks,

Kyle Parsons

Hey Kyle,

The license is per group of students.

Example: Class of 2018 = 36 students = \$4,500. This group will have access to the content until their curriculum ends (graduation). No further costs are incurred for the Class of 2018.

Jonthan,

Thank you for this information. This is an annual license for # of users requested?

Thanks,
Kyle

Hello Kyle,

I have attached the license agreement for your review. Come 2017, it will be an automated system that will allow an admin on-campus to set up the account and assign users.

Cost is based on students within the cohort (example: Class of 2018). It includes 10 full time faculty users in the price.

We are switching to a Moodle LMS, so students will receive an individual log in to access the content. Faculty will get access as a non-editing faculty member to see how their students are progressing.

Let me know if you have any other specific questions.

~Jonathan

Jonathan,

My name is Kyle Parsons and I'm the Student Technology Director for the College of Health and Human Services at the University of Toledo. I've been asked to investigate the following items for the bundled modules:

Cost per user or packages

Licensing terms

Additional required information for setup (accounts, codes, etc.) if purchased

Thanks,

Kyle Parsons

Subject: Tech Fee support for online course modules

Hi Kyle,

Earlier this semester, I spoke with you about the PT program using some online course modules to supplement our curriculum, and using tech fee funds to purchase the modules and to cover future use. Since then, I've talked with Sarah Long and Athletic Training is also interested in utilizing the modules in their curriculum. The module provider is Rehab Essentials. Here is the web address:

<http://www.rehabessentials.com/>

We are interested in the “bundled modules” package which is at the bottom of the page. Once you click on that, you will be taken to another page that explains the package and its pricing. My contact with Rehab Essentials has been Jonathan Scheeler. Here is his contact information:

Jonathan Scheeler PT, DPT, MBA

Phone: 804-836-9730

Email: jscheeler@rehabessentials.com

We would like to submit this for the Spring Semester tech fee application. Please let me know the next steps in the process and if you need additional information from me.

Thanks.

Dave
