All pricing and special offers are subject to approval by Bio-Rad's National Sales Office and are not binding until this review is complete and approval has been given. Discounts only apply to the Products and Services that are ordered under the same purchase order number or placed at one time. Educational pricing is contingent upon receipt by Bio-Rad of a signed educational voucher submitted with the purchase order. The attached quotation supersedes/cancels all previous quotations on the Products and Services stated in the quotation and the above price quotation number must be referenced on your purchase order.

If you have questions about specifications or performance, call the Bio-Rad Technical Support department at 1-800-4BIORAD (1-800-424-6723). Should a Bio-Rad branded product fail to meet specifications during its warranty period, it shall be repaired or replaced at Bio-Rad's discretion. Warranty periods are listed on quotations for specific products; however, instruments generally receive 1 year of warranty coverage from the date of shipment or installation. For instruments installed by Bio-Rad, The warranty start date is the date of installation or 2 months post invoice, whichever is shorter. All other warranties start on the date of invoice. Instrument warranties do not include consumable parts, such as lamps or platinum wire. Bio-Rad's warranty covers products used in BSL1 and BSL2 laboratories. Products used in BSL3 or BSL4 laboratories may be covered on a case-by-case basis after review of product use and decontamination procedures by Bio-Rad's Technical Support and Service Management. Repairs have different warranty periods. Chemicals and other consumables are warranted through their expiration date, or for 1 year from shipment if no expiration date is indicated. Non-Bio-Rad branded products, such as computer and computer peripherals, are covered by the original equipment manufacturer's warranty. Warranties are not transferable from the original purchaser. Warranty coverage may be void if the product is moved outside of the country where the product was originally purchased. An optional extended warranty program is available at additional cost, as is warranty coverage outside of the country where originally purchased.
