

## STUDENT TECHNOLOGY FEE REQUEST FORM

Procedure for Submission

Form Updated 9/05/17

- 1 Submitter must obtain required information from vendor(s) An official quote from the vendor must be attached No website screen shots
- 2 This request must be reviewed, approved, and submitted by the requesting program's School Chair
- 3 The School Chair may email this request to the Tech Fee Director *Since some schools will have multiple requests, please rename request PDF files in the following format Schoolname# (rank, 1 being the highest priority) example - SocialJustice1, SocialJustice2, etc Please submit as one PDF file*

Dept making request	Occupational Therapy Doctorate	Requesting Faculty	S Maggie Maloney	Date Submitted	26 Feb/2018
---------------------	--------------------------------	--------------------	------------------	----------------	-------------

**IMPORTANT: Attach an official quote from the vendor.**

List one item OR group (for use as a "package") per page

Item Name	Vendor info. (name, address, Web site URL, phone #, email, etc.)	Part or Model #	Cost (each)	Qty	Total
Projection system with 180" Interactive projector and whiteboard including speakers, wireless software, amplifier, installation kit, etc , and installation labour (See attached quote for full description)	Provideo 2671 Southpoint Road Perrysburg, OH 43551	1	22,949 75	1	22,949 75
Course(s) where item(s) will be used	All courses in OTD Curriculum	Expected life of product (years)	10-20	# Students Impacted per Year	40-60
Location equipment or software will be used/stored	HHS 2305	Will Tech Fee needed for annual renewal or maintenance? What is the annual cost?			
Provide a brief description of the technology requested*					
Interactive projection screen and Whiteboard system with speakers and wireless system It will be replacing the very old ceiling mounted projector and smartboard in Room 2305 which is the primary classroom for the OTD Program The room is used for lectures with faculty, and also by students who are working on group or individual course projects The system has been utilized by UT and is recommended by Kyle Parsons					
Briefly describe how the technology will be used (function)*					
The technology will be utilized in three primary ways 1 It will allow the projection of Powerpoint presentations during classroom teaching, as well as any other information available on the PC screen 2 It will allow faculty and students to have the capability to write on the 'whiteboard' of the television screen during teaching periods, and 3 It will allow faculty and students to also capture onto a jump drive the images and words which are hand-written onto the 'screen' during classroom teaching periods or during brainstorming/planning session held by the students for group projects, which happen frequently in the curriculum					
Provide a rationale that Tech Fee funds are appropriate for this request*					
The current projector and Smartboard screen which are set-up in this class room are dated and has been subject to frequent breakdowns in the last 18 months The system was installed about 10 years ago and does not conform to the technology in the remainder of the classrooms in the HHS building The quality of the projection is (a) fuzzy and (b) poorly illuminated The new system would alleviate these two problems and also allow for a slight increase in the size of the screen and thus the projected image The old Smart Screen system is not functional and the current faculty feel constricted by not having a workable whiteboard or chalkboard to utilize for writing (vs the projection of a powerpoint presentation) We currently utilize a smaller portable whiteboard to write upon during classes					

\*Keep in mind that the committee members come from a variety of educational backgrounds and may not be familiar with department specific language. Please use concise, common terminology so that committee members reviewing this form will be able to fully understand the request

- If you are submitting a request for computers, printers, scanners or software, you must consult with College Computing and the technology staff, to acquire a quote and to make sure that this equipment/software is supported by UT and compatible with existing technology
