Provide a brief description of the technology requested*:

Q-Global Scoring Software Web-based administration, scoring, and report generating software
 These tests have materials necessary for School Psychology graduate students to learn administration, scoring, and reporting to identify childrens' academic strengths and weaknesses.

Briefly describe how the technology will be used (function)*:

All students are required to learn how to use this software and these instruments They must learn these measures in SPSY 5300 and SPSY 7320, and then use them as part of their practica (SPSY 7330) and internship (SPSY 7940) field experiences. The software helps to administer and score the tests as well as generate reports for interpretation and is utilized throughout all semesters of the program (summer, fall, and spring). Students will be able to log in from any location to use the software and will check out the supporting materials from the supervising faculty member.

Provide a rationale that Tech Fee funds are appropriate for this request*:

These are academic assessment instruments with software and web support. It's a one-time purchase that all students will be required to learn and use.

***Keep in mind that the committee members come from a variety of educational backgrounds and may not be familiar with department specific language. Please use concise, common terminology so that committee members reviewing this form will be able to fully understand the request.**

- If you are submitting a request for computers, printers, scanners or software, you must consult with College Computing and the technology staff, to acquire a quote and to make sure that this equipment/software is supported by UT and compatible with existing technology.
