EXHIBIT A

The McQuade Courtroom (HH 1419) serves as a classroom for the majority of Paralegal Studies classes. In addition, the courtroom is used for:

- a) the *Criminal Forensics & Trial Practice* class (a cross-listed class as part of a program collaboration between Paralegal Studies and Criminal Justice programs);
- b) The *Advocacy: Mock Trial* class open to all students regardless of major (this course is often taken by students in the College of Health and Human Services that are not in the Paralegal Studies Program);
- c) The Mediation class open to all undergraduate students regardless of major (this course is often taken by students in the College of Health and Human Services that are not in the Paralegal Studies Program);
- d) Mini-seminars for students within the College of Health and Human Services;
- e) Events such as the *Court on Campus* even where students of all majors can watch the Ohio Sixth District Court of Appeals conduct oral arguments.

The McQuade Courtroom was initially outfitted in 2004. Shortly thereafter, the *Legal Assistant Today* magazine named The Paralegal Studies Program at The University of Toledo one of the top innovative programs in the country specifically because of its commitment to the integration of technology through its state of the art courtroom. During the 2017-2018 academic year, tech fee funds were utilized to obtain a more-up-to-date technology infrastructure allowing for the conversion of analog equipment to digital equipment. Unfortunately, this conversion rendered the two recording cameras depicted below obsolete.

The Program would like to purchase and integrate two recording cameras that are compatible with the upgraded infrastructure. These cameras would allow for better lecture capture for students that miss class. In addition, students could view recorded exercises providing to them valuable feedback.
