

Minor in Legal Specialties

A minor in legal specialties that is not ABA approved is offered by the Paralegal Program not for the purpose of graduating paralegals but to help students explore and prepare for a variety of future careers as law transcends all disciplines and permeates all fields. This 21-credit hour minor is designed to give the student an overview of the legal profession and an understanding of the law. The Minor includes an introductory survey course, a case law study course, and a legal practice course. The remaining twelve hours give the student freedom to explore particular areas of interest in the legal field. **Please note that this Minor does not prepare students for a career as a Paralegal and that the Minor in Legal Specialties is not approved by the American Bar Association.**
