

Requirements for Internship Presentations

The Internship Presentation is an important element of the internship. Below are the requirements for the presentation.

- You are limited to 10 minutes and will be held to that.
- Dress professionally – as if you were presenting at a national conference.
- Introduce yourself and tell us your major.
- Give a brief description of your internship location and how you obtained your internship.
- Tell us who was your internship supervisor, their title, and credentials (degrees and certifications).
- Tell us about your internship activities and what products you created
 - Focus on what you did and not on what you found
- Link your activities and products to the competencies for your major
 - Tell us how your activities and products met the competencies
- Link your activities and products to the foundational competencies
 - Tell us how your activities and products met the foundational competencies.
- Include the objectives for your internship as a whole
 - Tell us how these were addressed during your internship
- Put your presentation on a flash drive and bring it with you. A computer will be provided for the presentation.
- Send an electronic copy of your presentation to **publichealth@utoledo.edu** no later than 5:00 pm on the presentation date.
